SHE LEFT THE CITY.

Mrs. Trudeau Gave Cupid Rebuff.

Chicago Artist, Engaged to Leonard M. Thomas, Not Marrying Now.

Wealthy Philadelphian Is Without Word of Broken Engagement.

Europe Was Selected for the Wedding Ceremony This Winter.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, Oct. 11.—[Exclusive Dispatch.] Why Mrs. Hazel Martyn Trudeau's engagement to Leonard Morehouse Thomas was broken is the principal question that is being asked in social circles today.

No answer to it is forthcoming, however, and Mrs. Trudeau herself has left the city for Greenwich, Ct., to avoid discussion of it.

That she herself was the one to break it is generally conceded. Her intimate friend, Miss Ethel Hopper, with whom she traveled abroad, insists that the marriage is simply postponed, but she admits that she knows of no future plans for the event.

SOCIETY HAD APPROVED.

Fashionable society had set its mark of approval on this union, which apparently was to mark a happy denouement in the domestic life of the bride-to-be, after a romantic experience in a former marriage.

KNOWN AS AN ARTIST.

Mrs. Trudeau is a celebrated local artist, and holds an undisputed social position in Chicago. About two years ago she married Dr. Trudeau of New York, who died something less than a year ago of tuberculosis. Relations between the pair before his death are said to have been not of the pleasantest.

Mrs. Trudeau is one of the most attractive of the young women in Chicago society. Her health is not good at present and her domestic difficulties are said to wear on her heavily.

MET THOMAS ABROAD.

Most of the time of her widowhood Mrs. Trudeau spent abroad. It was there that she met Mr. Thomas, who is secretary of the American Legation in Rome. The romance speedily culminated in an engagement, and the marriage was to take place in Europe this winter.

Thomas is said to be enormously wealthy. He is a Philadelphian.

DESERTS HER AT THE ALTAR.

PRETTY OMAHA GIRL IS RENOUNCED BY FIANCE.

Decides at Last Moment He Does Not Wish to Marry Her—Minister and Guests Assembled, and Bride Is Gowned—Ready for the Ceremony, Lover Disappears.

[BY DIRECT WIRE TO THE TIMES.]

OMAHA (Neb.) Oct. 11.—[Exclusive Dispatch.] Miss Phoebe Caldwell, a well-known and beautiful young woman of this city, was to have been married at noon today to Robert Mulvihill, a prominent young man of Shoshone, Idaho, but at the last minute Mulvihill decided that he did not want to make her his wife, and suddenly left the city.

Guests were assembled at Miss Caldwell's home to witness the celebration of the nuptials, and a minister was there to perform the marriage ceremony. The fiancée had on her wedding gown when it was learned that Mulvihill had disappeared.

The police were notified of the young man's disappearance, and a search was instituted for him, but thus far no trace of him has been discovered. The search will be continued.

Miss Caldwell and Mulvihill knew each other only a short time, and their engagement was announced but a few weeks ago. Miss Caldwell is a prominent and highly esteemed young lady of this city. She is prostrated as a result of Mulvihill's disappearance.

"TALKING POLITICS."

HAVANA, Oct. 11.—The Executive Committee of the Federal Party and a dozen Moderate Senators and Congressmen had a meeting tonight and decided to call a general meeting of the party for November 9 to discuss the reorganization of the party.

One of the speakers hotly charged that the officials of the American government had come to Cuba in secret conjunction with the Liberals, in order to deprive the Palma government of its authority, because Palma would not lend himself to furthering the ambitions of certain American trusts. These statements, however, were received with slight approval

SEATTLE POLICEMEN AND STUDENTS ARE ACCUSED.

Negro Fireman Is Brutally Beaten by Officers, and Sailors' Football Team Receives no Courtesies from State University of Washington During Prearranged Game.

[BY DIRECT WIRE TO THE TIMES.]

SEATTLE, Oct. 11.—[Exclusive Dispatch.] J. C. Matthews, a colored fireman aboard the cruiser Boston, was dragged from his room in a Main-street lodginghouse, beaten and then arrested by Policemen Brown and Donlan, who accused him of vagrancy. Matthews not only proved his identity as a seaman aboard the Boston, but showed the police court that he had been maltreated by the officers, who were aware of his identity.

He had been absent on a ten-day furlough, granted to visit relatives in Denver. Charges against the policemen have been filed before the Civil Service Commission.

Rear-Admiral Burwell has made formal complaint that the football team from Puget Sound navy yard, in his charge on visit here to play practice games with the State University team, was accorded discourteous treatment. No one met them at the docks and they had to find their own way to the campus, where no courtesies were extended. Admiral Burwell's charge has created university scandal.

ROUGH RIDERS' REUNION.

President of the Organization Sees the President of the United States, Who Is Interested.

[BY THE ASSOCIATED PRESS—P.M.]

WASHINGTON, Oct. 11.—Charles E. Hunter of Oklahoma City, president of the Roosevelt Rough Riders' Association, conferred with the President, today, about the date of the next annual reunion of the organization. This meeting will be held at Prescott, Ariz., at which time, also it is expected that a statue of Capt. O'Neil of Troop A of the Rough Riders will be unveiled, if it can be completed in time.

The President has attended the reunions of his former comrades-in-arms, and is anxious to go to Prescott next year. No date has been fixed for the coming meeting, and it will be a matter for further consideration between the President and officers of the Rough Riders.

AGED NEGRESS DIES.

FRANKFORT (Ky.) Oct. 11.—Aunt Jane Mitchell, colored, aged 117 years, died here today of burns received by her clothing catching fire. Her husband died a short time ago at the age of 100 years.

FAIRBANKS'S SON ELOPES AND WEDS.

[BY DIRECT WIRE TO THE TIMES.]

PITTSBURGH (Pa.) Oct. 11.—[Exclusive Dispatch.] Frederick Cole Fairbanks, son of Vice-President Charles W. Fairbanks of the United States, and Miss Nellie Scott of Pittsburgh, daughter of James Scott, were married at Steubenville, O., last evening.

The news of the elopement and marriage was given out by the young bride herself this morning in a message to her mother at Pittsburgh.

The affair has caused a great deal of excitement, principally because of the prominence of the groom, who, aside from his family relations, is a young business man of Springfield.

Fairbanks came quietly to Pittsburgh some days ago and stopped at the Hotel Schenley, whence he communicated with Miss Scott, to whom he had been engaged, but with whom, it was said, he had broken the engagement.

MARRIED BY DR. BRODIE.

Late yesterday afternoon Miss Scott announced to her family that she was going to Ohio to visit some schoolmates. She took the afternoon train. On the same train was Fairbanks. They left the train at Steubenville, and were married by Rev. Dr. Brodie.

DIFFERENT STORIES TOLD.

There are different stories concerning the cause for elopement. One is that Vice-President Fairbanks objected to the marriage taking place, and that the parents of Miss Scott then forbade Fairbanks any further intercourse with their daughter. The young people met only a year ago in Indianapolis.

The new daughter-in-law of Vice-President Fairbanks is but 22 years of age. She is the daughter of James Scott, connected with the Crucible Steel Company here. She is the graduate of a private school at Washington, D. C., and is also one of the best woman violinists in Pennsylvania.

It is reported t at young Mr. Fairbanks and Mrs. Fairbanks came to Pittsburgh this evening and are at the Scott home, but if so, they could not be seen.

THOUGHT HIM TOO YOUNG.

[BY DIRECT WIRE TO THE TIMES.]

INDIANAPOLIS (Ind.) Oct. 11.—[Exclusive Dispatch.] Vice-President and Mrs. Fairbanks received a telegram from their son, Frederick, today, announcing his marriage at Steubenville, O., to Miss Scott. The announcement came as a great surprise, as they did not know that such a step was contemplated by their son when he left here for the East last week.

Miss Scott made a three months' visit to Mrs. George Stout here, last summer, and during that time she and young Fairbanks were much together. The family did not oppose his attentions to Miss Scott, but thought him too young yet to marry, though he is 25. This is supposed to be the only reason for not taking his father and mother into his confidence.

INDIANAPOLIS VISIT.

[BY THE ASSOCIATED PRESS—A.M.]

INDIANAPOLIS, Oct. 11.—Miss Scott was a schoolmate of Miss Stout of this city at Washington, and visited her this summer for several weeks. The Stout home is across the street from the Fairbanks home, and the young people met. An attachment was followed by an engagement, which was known to the two families. Neither desired a large wedding.

A special from Pittsburgh to the News received at 4 o'clock states that Mrs. James Scott received a message from Steubenville, reading:

"Frederick and I were married today.
[Signed] "NELLIE."

RAILROADS REFUSE STRIKERS DEMANDS.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, Oct. 11.—[Exclusive Dispatch.] What may mean a strike of switchmen involving all the roads entering Chicago and extending as far east as Buffalo and west to the Pacific Coast and affecting 22,000 men is to be looked for, after the ultimatum delivered by the managers of the various railroads today, to their employés

The demands for an increase of 10 cents an hour and a straight eight-hour day were refused by the railway officials, after a meeting held today.

The refusal seems to admit of no compromise, and it placed the switchmen in the position of either accepting defeat, or of trying to gain their ends by declaring the strike which they have threatened to call.

COIN AND THREATS.

Why Smith Leaves Home Today.

Pullman Company Employee Wanted in Court, so the Attorneys Say.

Mrs. Edna Parker Nelson Wickes Accuses Him of Offering a Bribe.

Chicago Will Contest Takes New Turn—She Didn't "Care a Curse."

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, Oct. 11.—[Exclusive Dispatch.] Attorneys for the heirs of the Wickes will contest tonight announced that a bench warrant will be asked tomorrow for the arrest of Eugene Smith, an employé of the Pullman company.

The charge is that, after a conference with Edward Slagle, manager of the Pullman sales department, and a close friend of Wickes's nephew, Hugh U. Waldron, defendant in the case, Smith attempted to bribe Mrs. Edna Parker Nelson Wickes to alter her testimony, or remain away from the hearing.

THREATS AND CASH.

Threats are said to have supplemented the offer of cash. Mrs. Wickes had been recalled by counsel for the heirs to testify to the fact that, prior to her marriage with Wickes, and shortly after she met him at the Wellington Hotel, he had made doubtful proposals to her.

This is considered by attorneys for the Wickes children as testimony of the first importance, and they are hinging their case largely on the influence of this fact upon the jury. It was to withhold this evidence, Mrs. Wickes declared, that Smith offered her money.

MRS. WICKES'S ACCOUNT.

The version of the affair given by Mrs. Wickes is as follows:

"I live with my sister, Mrs. Parker, in a flat at No. 138 East Thirty-eighth street. Mr. Smith, who is a brother-in-law of Edward Slagle, a business associate of Waldron, has a room there, which he occupies in common with William Parker, my cousin. When I returned home Wednesday night, Mr. Smith opened his door and called to me to step in. Will, my cousin, was present at the time.

"Mr. Smith said: 'I have been talking this Wickes case over with Slagle, and I would advise you to keep out of it. I wouldn't go near the courtroom tomorrow, if I were you.'

"We continued to talk for some time about the progress of the hearing, and he was very insistent, and kept urging me to reconsider my determination to appear and conclude my testimony.

"I had been told to appear at the courtroom by 2 o'clock in the afternoon. I came down early, and, as I was the first witness, had taken my place in the witness chair. As I sat there, I saw Smith talking with my sister, Mrs. La Montaigne. I was curious to know what he could be saying to her.

SMITH BECKONS TO HER.

"After he left, I strolled down to speak to her, and as I bent over her I saw Smith, who was standing in the corridor outside the door, beckon to me.

"I went out and he led me aside. He said: 'I've been down to the Pullman company's offices all morning, and you'd better say what we want you to say. There's coin in it.'

"He went on in that way for some time, and he threatened me with further exposures if I did not accede to his demands."

HEATED INTERVIEW ENSUES.

A heated interview ensued, parts of which were heard by passers-by in the corridors. Finally, Mrs. Wickes, whose eye was flashing, stamped her foot on the flags, and, "I don't give a curse what you do," she cried. Then she turned on her heel and entered the courtroom.

The final interview had been preceded by a similar talk in one of the rooms adjoining Judge Honore's court. At that time there were present, besides Mrs. Wickes and Smith, Mrs. Wickes's cousin, William Parker. While no offers of money were made during this interview, Smith is said to have advised Mrs. Wickes to answer the questions asked her as he wished.

SEARCHING FOR SMUGGLERS.

BOSTON, Oct. 11.—[Exclusive Dispatch.] United States officers are hunting down the entire Providence and Boston Chinatowns searching for smuggled Chinese. The conspirators were arraigned here today. The smugglers did not know they were sought till they were arrested. There is discovered to be an organized gang operating in Boston, smuggling "stowaways" aboard outward bound Atlantic liners

REVERSED ITS DECISION.

Circuit Court of Ohio Rules Against the State on a Question of Jurisdiction.

[BY DIRECT WIRE TO THE TIMES.]

TOLEDO (O.) Oct. 11.—[Exclusive Dispatch.] In ruling against the State on the question of jurisdiction, the Circuit Court reversed itself today. The same court, two years ago, held that before it acquired jurisdiction in an error case, a certified copy of the record in the lower court would have to be filed with the petition in error.

This was not done in the ice cases, but the court held that it was unnecessary.

ENGLISHMAN ASSAILS FLAG.

ORDERS THE STARS AND STRIPES PULLED DOWN.

Draws Revolver on Man Who Refuses to Give British Emblem Preference—Is Kicked Into the Streets for His Insult, and Arrested for Assault With a Deadly Weapon.

[BY DIRECT WIRE TO THE TIMES.]

BOSTON, Oct. 11.—[Exclusive Dispatch.] Eli W. Baker, 53 years old, was arrested this afternoon, charged with assault with a loaded revolver, on David W. Lyon, a fellow employé at South Boston.

The trouble started over a small American flag which Lyon had on his bench. Baker, who is an Englishman, ordered Lyon to take the flag down. Lyon, it is said, told Baker to mind his own business and refused to obey. Baker then went away and returned with a loaded revolver, and a small British flag, which he placed above his own bench.

It is alleged that he then placed his revolver up to Lyon's face and ordered him again to take down the American flag, threatening at the same time that if he did not do so he would take it down himself, and would shoot any one who dared to interfere.

The men in the shop were aroused and Baker found himself with his British flag on the street. The police were notified, and a few minutes later the alleged assailant was in the police station.

JAPANESE EXPELLED.

MUKDEN, Oct. 12.—Japanese officials have been expelled from the Russian sphere in Manchuria, but merchants are admitted. Japan's Consul-General, Hagawara, has gone to Harbin to demand an explanation. American Consul-General Straight and Vice-Consul Fairchild were entertained last night by the Viceroy.

SOULS SAVED AT LOW COST.

Salvation Cheaper in Chicago Than in Any Other Big Metropolis.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, Oct. 11.—[Exclusive Dispatch.] The price of a soul in this city is but $212. In Indianapolis it is $620, and in villages only $27.

Chicago sinners are redeemed at less cost than in any other large city, so it is believed by members of the Indiana Synod of the Presbyterian church. Dr. Donald Morrison, in a statistical talk before the session, asserted that the cost of redemption is increasing, however.

In Chicago ministers say the money it costs to convert a sinner and bring him into church is not great in proportion to the cost elsewhere. In Indianapolis ministers declare the sinner is worth the price and effort necessary to bring him to the mourner's bench.

NEW IDEA OF LAW.

Realty Men Give It Expression.

Fisher of San Jose Is Interested in Collections on Verbal Contracts.

Legislative Committee for Torrens Land System to Be Appointed.

Abolishment of Rivalry Between Sections of the State Favored.

[BY DIRECT WIRE TO THE TIMES.]

FRESNO, Oct. 11.—[Exclusive Dispatch.] Discussion of the need of State legislative enactment was a feature of the opening session of the second annual convention of the California State Realty Federation, tonight.

J. E. Fisher of San José struck a popular chord when he advocated the passage of a law giving real estate men authority to collect commissions upon verbal as well as written contracts. He said the law now in effect, making it necessary for real-estate men to have a written contract with the property owner before he can collect a commission is extremely unjust.

REGISTRY OF TITLES.

The convention also will send a legislative committee to Sacramento to work for the passage of the law adopting the Torrens system of registering land titles, placing the work now handled by abstract companies in the hands of county officials, and doing away with excessive abstract charges.

FAVORED FOR PRESIDENT.

Members of the Los Angeles delegation here are for the election of Leonard Merrill of Los Angeles as president at the closing session.

However, as this is the first meeting in which San Francisco has been represented, Baldwin Howell of San Francisco will be placed in nomination. San José instructed in favor of Merrill.

NOTICE TO TENANTS.

A resolution was adopted, tonight, condemning proposed action on the part of the Legislature changing laws regarding the time of notice landlords must give tenants before increasing the rent.

Addresses were made tonight by Mayor Lyon of Fresno, Dewitt H. Gray, president of the Fresno Real Estate Board, and J. E. Fisher of San José. Abolishment of rivalry between sections and united effort on the part of all real estate men for the welfare and exploitation of all the State was the keynote of the sentiments of these and other addresses.

VISITED KEARNEY VINEYARDS.

This afternoon, the delegates went to the Kearney Vineyard in automobiles. Tomorrow, they go to Selma, returning in time for the night session.

An address of Julius R. Black of Los Angeles upon "California, the Real-estate Man's Paradise," will be a feature of tomorrow afternoon's meeting.

FILE REPLY TO CAR STRIKERS.

MAGNATES OF UNITED RAILROADS STAND PAT.

Refuse to Grant Demands of the Carmen for $3 Flat Rate and Eight Hour Working Day and Suggest Sliding Scale Based on Length of Service.

[BY THE ASSOCIATED PRESS—P.M.]

SAN FRANCISCO, Oct. 11.—The United Railroads tonight filed with the committe of arbitration in the controversy between the carmen and the street car company over the question of wages and hours that resulted in the strike, the company's answer to the men's demand for $3 a day and a work day of eight hours.

The company contends that the cost of living has not materially increased in San Francisco, and while admitting that rents are higher, declares this condition is but transitory. It states that a flat rate of wages is not advisable; that a graduated scale based on length of service, as now in operation on the United Railroads, is better, and that a work day of eight hours is not feasible. The company makes practically no concessions or admissions in its reply. The statement contains about 15,000 words, covers fifty-three typewritten pages and goes into the history of the controversy between the United Railroads and its employés and their agreements at great length.

DISARMAMENT IS SLOW.

CAMAGUEY (Cuba) Oct. 11.—The progress of disarmament here is very unsatisfactory. The volunteers have not yet been disarmed, and a proclamation issued by the Mayor of the town prohibiting the gathering of four or more persons on the streets prohibits the rural guards from going ahead with the work of disarming the volunteers

HEAVY SNOW COVERS EAST.

Broken Wires Cause Deaths of Two in Buffalo.

Bleak Winds and Frost Make Life Miserable.

Cold Extends from Canada to Atlanta.

ATLANTA (Ga.) Oct. 11.—President Harvie Jordan of the Southern Cotton Association estimates that between 40,000 and 50,000 bales of cotton were killed in Georgia alone by last night's cold snap. Indications are for another killing frost, with temperatures below freezing tonight.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, Oct. 11.—[Exclusive Dispatch.] Piercing cold, accompanied by a high wind, cold that has broken records for October in forty-one years, caused widespread suffering among Chicago's poor today, made outdoor workers shiver with benumbed ears, feet and fingers, and found thousands of families without their winter coal supply, was felt here today. The snowfall is an inch deep in places, and was the earliest ever recorded in Chicago. There were flurries Tuesday, but not sufficient to be recorded.

During October, 1905, Chicago experienced a similar cold wave. The snow flurries of October 12 last year were the earliest recorded in thirty-five years.

The aid societies in Chicago and Cook county were stormed all day by scores of aged men, women and children asking for help. Hundreds of the applicants were furnished with shoes and gloves. In some instances money was given to persons who needed medical aid.

One woman, whose name is withheld by the Salvation Army officials, applied at the relief headquarters and told a story of starvation and suffering. She said that her husband had deserted her and with her three children who were too young to work, she had been evicted from her home. She was supplied with clothing for the little ones. Later a position as housekeeper was found for her on the South Side.

The county agent at No. 166 Clinton street was called upon to care for hundreds of the poor living in that section of the city. The free lodging house was filled with many homeless ones who sought shelter from the cold.

SNOWS ALL NIGHT.

[BY THE ASSOCIATED PRESS—A.M.]

BUFFALO, Oct. 11.—Snow began falling here late yesterday and continued throughout the night. Great damage was done in this city and in surrounding towns to fruit and shade trees. Telegraph and telephone service is badly crippled.

Joseph Kerber, a machinist, and an unknown man were killed by coming in contact with live wires.

FROST NIPS COTTON.

[BY THE ASSOCIATED PRESS—P.M.]

ATLANTA (Ga.) Oct. 11.—A heavy frost occurred throughout Northern Georgia last night and in some of the southern counties of the State. Damage to cotton is feared.

SNOWSTORM RAGES.

[BY THE ASSOCIATED PRESS—P.M.]

CORRY (Pa.) Oct. 11.—A snowstorm of unusual severity for this time of the year is raging throughout this section. Up to 9 o'clock this morning six inches of snow had fallen.

EARLIEST WINTER STORM.

[BY THE ASSOCIATED PRESS—P.M.]

HAZLETON (Pa.) Oct. 11.—Snow fell for two hours here early today. It was the first time in many years that snow has fallen here so early in the season.

SLEET LASHES ROCHESTER.

[BY THE ASSOCIATED PRESS—P.M.]

ROCHESTER (N. Y.) Oct. 11.—This city and vicinity was visited by a severe sleet storm early this morning. Telegraphic communication with Buffalo was cut off, as were both telephone systems connecting with that city. Communication has not yet been restored.

BLACK FROST KILLS TOBACCO.

[BY THE ASSOCIATED PRESS—P.M.]

CYNTHIANA (Ky.) Oct. 11.—A heavy black frost occurred in all parts of this county last night. It will destroy all the tobacco now out in the fields.

STOPS LAKE TRAFFIC.

[BY THE ASSOCIATED PRESS—P.M.]

DETROIT, Oct. 11.—A heavy snow is reported from Western Michigan, from Marquette, in the upper peninsula and along the Lake Huron shore from Alpena down to Port Huron, where it is five inches deep. A storm which is raging today has practically stopped the movement of lake vessels.

INCLUDES CANADA.

[BY THE ASSOCIATED PRESS—P.M.]

LONDON (Ont.) Oct. 11.—Heavy snow was general throughout Western Ontario yesterday and last night. At Ayr, a clean swath twenty feet wide was cut through the town by the wind, houses being unroofed, trees blown down and fences torn to pieces.

FREEZES AGED MAN.

[BY THE ASSOCIATED PRESS P.M.]

CLEVELAND, Oct. 11.—The storm which swept this city since Tuesday continued unabated today, heavy snow falling steadily. Today the wind reached a velocity of 45 miles an hour, doing much damage.

John Reese, 65 years old, was found frozen to death in his home today.

BLIZZARD BLIGHTS CROPS.

[BY THE ASSOCIATED PRESS—P.M.]

WARREN (Pa.) Oct. 11.—This section is today in the throes of a snowstorm and gale that is doing much damage. Late crops still in the field will suffer greatly. The storm is a blizzard and is the worst experienced thus early in the season in many years.

The snow has thrown both steam and trolley cars off schedule and is general throughout this part of the country.

ORCHARDS SUFFER.

[BY THE ASSOCIATED PRESS—P.M.]

NEW YORK, Oct. 11.—Dispatches to the Associated Press report that at Carthage, N. Y., there was a fall of four inches of snow. Orchards suffered much damage.

COLD BROKE RECORDS.

[BY THE ASSOCIATED PRESS—P.M.]

WASHINGTON, Oct. 11.—A cold wave swept over the East and South today and broke all records for this season in many sections, but tonight the weather bureau announced that while the temperature would rise only slightly tomorrow, there would be warmer weather Saturday night, and by Sunday seasonal temperatures will develop East and South. In many sections the severe cold snap was accompanied by snowfall, and a storm of snow and sleet that raged in upper New York caused great damage. Down in the Blue Ridge Mountains in the Virginias was the coldest in the country, and at Mount Feather it was down to freezing. North of Lake Superior was another cold section.

RUINS CELERY CROP.

[BY THE ASSOCIATED PRESS—P.M.]

KALAMAZOO (Mich.) Oct. 11.—The celery crop in this section has been practically destroyed by the frost of the last two days. The growers were caught unawares, and had failed to bank it. There are thousands of acres in celery. The loss will be heavy.

TOUCHES TEXAS.

[BY THE ASSOCIATED PRESS—P.M.]

WACO (Tex.) Oct. 11.—Light frost appeared in the lowlands of Texas this morning and it is believed cotton has suffered slightly.

STRIKES COTTON BELT.

Newspapers Assert That Preliminary Steps Have Been Taken and Preparations Are Underway to Prevent Importations of Infectious Diseases After New Law Is Promulgated.

[BY THE ASSOCIATED PRESS—P.M.]

BERLIN, Oct. 11.—The Berlin Politische Nachrichten which often correctly foreshadows ministerial action, says that the government owing to rapidly increasing price of meat will investigate the existing conditions in the countries bordering Germany on the west respecting the presence of animal diseases with the view of permitting a limited importation of live stock for immediate slaughter, as is now done in the Silesian frontier. This investigation will be carried out with the greatest speed.

The newspaper intimates that the government is anxious, in opening the frontier, to show it has done everything possible to protect the native animal industry from infectious diseases and thus avoid attacks in the Reichstag. The latest meat statistics show that the supply of swine and beef now being brought to market are inadequate, and that the prices are higher than usual.

DISMISSES HIS OFFICERS.

HAVANA, Oct. 11.—Gen. Loynas del Castillo received and bade farewell to forty officers of his command at his home in Havana tonight. Nearly all the officers are negroes. The street outside the general's house was filled with sympathizers. To his guests the former revolutionary leader said he hoped that the intervention would be carried out justly and honorably, and terminate as soon as possible. The defeat of the Palma government was loudly cheered. There was no discussion of the policy of the provisional government, and the aspirations for office of former insurgent leaders was not mentioned.

CORRECTS MISTAKE.

SAN FRANCISCO, Oct. 11.—In a special telegram from Goldfield, Nev., to the Evening Bulletin, which was transmitted by the Associated Press yesterday, it was erroneously stated that a fire in Goldfield had destroyed the Palace saloon owned by "Larry" Sullivan. The building burned was the St. Francis Hotel. The item was also incorrect in crediting the ownership of the Palace saloon to Sullivan, who had no interest in it.

GUATEMALANS WOULD ANNEX.

MEXICO CITY, Oct. 11.—Dissatisfied with the existing conditions in their country Guatemalan political refugees have applied to President Roosevelt to bring about annexation of that Republic to the United States. A proclamation has been issued by the revolutionary Junta in New Orleans, and copies of this document are being circulated in the City of Mexico by the opponents of President Cabrera.

ISLE OF PINES NOT AMERICAN.

Cuba's Administration May Give Temporary Rule.

Residents Hope to Negotiate With United States.

Secretary Root Is Exonerated From Any Blame.

[BY THE ASSOCIATED PRESS—P.M.]

HAVANA, Oct. 11.—The provisional government will have nothing to do with the question of the sovereignty of the Isle of Pines or the separation of the government of the island from the rest of the Cuban republic. The executive authority of the United States already has declared that the Isle of Pines belongs to Cuba, and has embodied that affirmation in a treaty conceding the sovereignty of the island to Cuba. This treaty is now pending ratification in the American Senate.

The entire matter being one for the adjudication of the State Department, the provisional government, which is wholly under the War Department, will not mix therein.

The mode of the government of the Isle of Pines as part of the Cuban republic may be altered and amended, but the desire of Americans in the Isle of Pines for Territorial or municipal government as part of the United States cannot be conceded by any act on the part of the provisional government of Cuba or the War Department.

GAINING AMERICAN GOVERNOR.

The president of the American association of the Isle of Pines has not yet interviewed Gov. Taft on this matter, but the most that is likely to be gained will be the placing of an American military officer as temporary Governor of the Isle of Pines in lieu of the present Cuban Mayor, with whom the relations of the American residents has not been pleasant.

The American residents of the isle have adopted unanimously a resolution exonerating Secretary of State Root and Gen. Leonard Wood from all blame in connection with the turning over of the isle to Cuba, and they feel that this step ought to open the way to negotiations for making the isle American property.

They consider the present conditions of affairs opportune for securing a settlement of the matter which they believe may hang fire indefinitely in the United States Senate.

PAY OF CONGRESS.

Gov. Taft has decided that the pay of the Cuban Senators and Congressmen shall be stopped October 1, when the Palma government ceased. He will decree the Congress to be in recess until the question of its status is settled.

Mrs. Taft and Mrs. Bacon had a reception this afternoon in the main salon of the Palace. It was attended by several hundred Cubans and others, including almost all the army and navy officers here. The municipal band played American and Cuban airs in the park opposite the Palace during the reception, which was informal and enjoyable.

Gov. Taft gave a dinner in the Palace to the naval officers.

The battleship Louisiana will leave here Saturday afternoon, via Key West, with Gov. Taft and party on board. The Louisiana will be accompanied by the battleship Virginia, with Gen. Funston on board. The battleship New Jersey and the cruiser Minneapolis will sail for the North tomorrow, followed shortly by the cruiser Newark. The cruiser Brooklyn and the battleship Texas will remain here.

DOWN TO BUSINESS.

CUBAN REBELS RECONCILED.

[BY THE ASSOCIATED PRESS—A.M.]

HAVANA, Oct. 11.—The provisional government of Cuba is settling down to routine business. Charles E. Magoon, who succeeds Secretary of War Taft as provisional governor, today met the heads of the departments of the government, familiarizing himself with affairs. Mrs. Taft and Mrs. Bacon held a reception today at the palace.

The American Minister, Mr. Morgan, will hold a large reception Friday evening, to which the social leaders of Havana have been invited.

Mr. Taft has changed his mind about going to Washington via Key West Saturday, and will proceed direct to Hampton Roads on the battleship Louisiana.

The Associated Press learned today on the highest authority that the vacancy in the office of Vice-Governor of the Philippines cannot await the conclusion of duties here of Magoon. This is a great disappointment to Mr. Taft, who desired that Magoon take up his work soon in the Philippines.

It is understood that an appointment as Vice-Governor of the Philippines will be made immediately upon Mr. Taft's return to Washington.

GEN. CASTILLO AGITATING.

Confidential agents of the late Cuban government today reported to Gov. Taft that the meeting of rebel leaders at the home of Gen. Castillo, last night, was not for the sole purpose of bidding each other farewell, as the participants alleged. Castillo addressed his associates, urging that Gov. Taft be called upon to declare his attitude toward the men who were responsible for overturning the Palma government, and declared that the provisional government would have made slow progress but for the assistance of the rebels. Therefore, he argued, Mr. Taft should show his gratitude by ousting the Moderates from office and substituting for them men who had fought for good government.

In spite of the fact that he was the host, Castillo did not obtain support for his demand. Gens. Ferrera and Asbert made patriotic speeches, saying they fought for their country, and not for spoils. This sentiment was generally indorsed, and Castillo was voted down.

APPLAUD THE PRESIDENT.

Several speeches were then made applauding Gov. Taft, President Roosevelt and the United States for their generous course toward Cuba.

The provisional government is unable to make an accurate estimate of the conflicting reports regarding last night's meeting at the residence of Gen. Castillo.

DETAIL OF GEN. BELL.

[BY THE ASSOCIATED PRESS—P.M.]

WASHINGTON, Oct. 11.—The detail of Gen. J. Franklin Bell to command the American military forces in Cuba was made directly by the President, and the reason for that order, as stated by competent authority here, was that by his administration as Military Governor of the province of Batangas, one of the most turbulent of the Philippine subdivisions, just after the crisis had been reached in the Aguinaldo rebellion, Gen. Bell showed such a combination of the soldier and the diplomat that his selection was deemed expedient to undertake similar duties in Cuba.

It is further stated that Gen. Funston has fulfilled his entire mission to the satisfaction of the War Department in securing the surrender of the arms of the revolutionists without loss of blood, and that it never was intended that he should remain in Cuba in a semi-military capacity.

LAST OF THE EXPEDITION.

[BY THE ASSOCIATED PRESS—A.M.]

NEWPORT NEWS (Va.) Oct. 11.—The last troops of the Cuban expedition embarked today on the transport Zeelandia. The command consisted of the headquarters band and Second and Third Squadron of the Eleventh Cavalry under command of Col. Thomas.

LOST BOY AND WIFE.

After spending hundreds of dollars, and being brought almost to the verge of nervous prostration in his efforts to find his kidnaped son, Louis Lapiner today lost at one stroke both the boy and his own wife. Judge Brentano granted a divorce to Mrs. Minnie L. Lapiner on statutory grounds, and gave her the custody of the four children, one of whom is Gerald Lapiner, whose strange disappearance from Chicago nearly nine years ago engaged the attention of the police in every large city in the country for more than a year. Lapiner went into bankruptcy to avoid paying the reward offered for the recovery of his son.

"NEWSIES" LAID OUT.

Sluggers of the "Gilhooly type" employed by Hearst's Chicago American today precipitated a riot in the vicinity of the West Side Park in their efforts to prevent the sale of a rival evening newspaper. As a result of their work, five newsboys were injured, two of them seriously. The crowd which witnessed the affray was stampeded by the sight of weapons displayed by the Hearst employés.

VOIDING A MARRIAGE.

[BY DIRECT WIRE TO THE TIMES.]

ST. PAUL (Minn.) Oct. 11.—[Exclusive Dispatch.] Rose C. Helk applied to the Minneapolis courts, today, to have her marriage with Thomas Killiam Otis declared void. Miss Helk alleges that Otis, when he met her, had a wife and children living at Humphrey. He got a divorce in Chicago, claiming falsely to be a resident of Illinois. According to the Federal Supreme Court, this false premise makes the divorce invalid.

PINK TEA MEANS PASTOR.

[BY DIRECT WIRE TO THE TIMES.]

MADISON (Wis.) Oct. 11.—[Exclusive Dispatch.] Because a certain professor at Wisconsin University is said to have given a "pink tea" for students, at which cigarettes were served, the State Presbyterian Synod, in session here, has decided to have a special pastor to work among the students.

SHARES UNCLE RUSSEL'S COIN.

[BY DIRECT WIRE TO THE TIMES.]

JOLIET (Ill.) Oct. 11.—[Exclusive Dispatch.] Olin Sage, a resident of South Minooka, has received two New York drafts, each in the amount of $25,000, representing his share of the estate of his uncle, the late Russell Sage, $25,000, plus an additional $25,000, added by Mrs. Sage, the widow.

ROAD ROLLER ROLLED AWAY.

[BY DIRECT WIRE TO THE TIMES.]

TERRE HAUTE (Ind.) Oct. 11.—[Exclusive Dispatch.] A road roller, weighing twelve tons, was stolen from the side of the police headquarters, and found loaded on a flat car in the railroad yards. No arrests have been made.

CORNER-STONE GONE.

[BY DIRECT WIRE TO THE TIMES.]

UPPER SANDUSKY (O.) Oct. 11.—[Exclusive Dispatch.] Thieves last night carted away the corner-stone and contents of the Methodist Episcopal Church at Grant, west of here, which was laid Sunday.

MRS. COLTON'S HEIRS TRY TO ANNUL WILL.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, Oct. 11.—[Exclusive Dispatch.] Heirs of Mrs. David D. Colton, widow of Gen. Colton, who was a partner of Collis P. Huntington, Leland Stanford and others, in building the Central Pacific railroad system, have begun an action to test the validity of a document said to be the last will of Mrs. Colton in which she disposes of an estate valued at more than $1,000,000.

Mrs. Colton lived in Washington, D. C., up to the time of her death in February, 1905, and advices from that city state that testimony is now being taken there. This testimony shows that the widow of Gen. Colton practically sold all of her California property and invested the bulk of the proceeds, amounting to about $1,000,000, in Washington real estate and bonds.

Mrs. Colton had two daughters, one of whom is living. She is Mrs. Caroline Dalgreen. The other daughter was Mrs. Helen Thornton, now dead. The latter's daughter married Siegfried Sacher, by whom she had a daughter, who is six years old. Eminent counsel has been employed on both sides, Judge C. W. Slack of California and Mr. Symms of Washington representing the proponents of the will, while Joseph D. Redding of New York, J. F. Riley of California, and Coe & Donaldson of Washington, are looking after the child's interests.

CAN BUILD LIBRARY IN THE CITY PARK.

[BY THE ASSOCIATED PRESS—P.M.]

SAN FRANCISCO, Oct. 11.—The Supreme Court affirmed the decision of the Superior Court of Los Angeles county in the case of the City of Los Angeles, plaintiff, and respondent, vs. A. N. Davidson, defendant and appellant.

Davidson was granted a franchise by the City Council of Los Angeles to construct a street car line on Tenth street in that city, which was afterward vetoed by the Mayor and hence was of no effect. Davidson was in the act of digging when the city sued out a restraining order, which was granted, and this appeal is from that order.

The Supreme Court today reversed the judgment in the case of J. H. Spires, plaintiff and respondent, vs. the City of Los Angeles, defendant and appellant. This suit was brought by Spires as a property owner of the city to prevent the city officials from building a public library in Central Park. The Superior Court granted an injunction preventing the city officials from building the library, and this appeal is from that order.

The higher tribunal has reversed this order, and holds that the city officials have the authority to construct the library for the use of the public generally, but that they cannot use any part of the buildings for meeting rooms of any other branch of the city government.

OBITUARY.

Maj. J. H. Stine.

WASHINGTON, Oct. 11.—Maj. J. H. Stine, president of the United States Historical Society, died suddenly at his home here last night.

Miss Hyer said that her brother-in-law had told her that incompatibility of temper made it impossible for him and his wife to live happily together, and that he purposed to seek a divorce. According to Miss Hyer, this statement was made by the doctor more than four years ago, hence is not considered of much weight by the defense.

POET'S HIDDEN CHEST FULL OF TREASURE.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, Oct. 11.—[Exclusive Dispatch.] Bloodgood H. Cutter's treasure chest was searched and much silverware of value, and many securities, also of value, were found. The latter are said to be worth in the neighborhood of $150,000.

The silverware is solid and is of Revolutionary days.

Only two persons, aside from the poet himself, knew of the treasure chest. It was concealed behind a wall on the second floor of the home at Prospect Hill, Little Neck, Long Island. The room appeared to be a bed-room, but had never been used.

Frequently Mr. Cutter would be carried to this room and remain there for hours at a time going over his treasures.

[BY THE ASSOCIATED PRESS—P.M.]

SAN FRANCISCO, Oct. 11.—President Duffy of the Board of Public Works today issued a call for 1000 men to report for work at the board's headquarters next Monday morning. Today he bought 500 shovels, and with all of these he can secure up to the thousand he will start in to clean the streets. Market street will first be attended to, but work will be rushed to remove the debris from all public ways. Those property owners who do not obey the proclamation to clear their sidewalks will have this work done for them and their property held liable for expenses.

WANTS LARGE DAMAGES.

GAS METER CAUSES INJURY.

[BY THE ASSOCIATED PRESS—A.M.]

OAKLAND, Oct. 10.—Action to recover damages to the extent of $25,000 was brought today by Frank Bell against the Oakland Gas, Light and Heat Company. Plaintiff alleges that he was injured as the result of the explosion of a gas meter in his home on October 11, 1905. He says the explosion was caused by the ignition of a highly explosive gas by a match. He was standing with his face to the meter at the time it exploded, flew into twenty pieces, several of which struck him. More than twenty wounds were inflicted on him, extending from the small of the back to the face. He claims that as a result of the explosion he has become permanently blind, and that he has lost the hearing of one ear, the drum of which was ruptured by the concussion.

RECOVERS TUPPER'S BODY.

SOLDIERS DISPLAY COURAGE.

[BY THE ASSOCIATED PRESS—P.M.]

WAWONA, Oct. 11.—Today at 10 a. m., a searching party found the remains of young Tupper. From the height of the cliff to where he fell is a distance of 1500 feet. The soldiers in the search displayed wonderful bravery. Capt. Charles Pullis made a descent of over 300 feet and helped to locate the body.

Private Hopkins, with another soldier, took their lives in their hands and made the perilous descent of 1500 feet and by hairbreadth escapes succeeded in carrying the body in a canvas to the base of the mountain. The body was very much mutilated, yet could have been recognized.

From the foot of the mountain the body had to be taken over huge boulders ranging to fifty feet in height, over a quarter of a mile to the road. The father and a younger son left the valley with the body shortly after it was recovered and traveled all night to catch the train for Fresno, where the interment will take place.

OAKLAND, Oct. 11.—Dominick Bonterdera, 13 years of age, who lived at No. 555 Jackson street, attempted to jump on a moving train at First and Myrtle streets last night and fell under the wheels. Both his legs were cut off and he died on the way to the hospital.

Recover Body.

SANTA CRUZ, Oct. 11.—Edward Krangle, master of the gasoline lumber schooner Chetco, was drowned yesterday off San Vincente and three seamen of the same vessel almost met the same fate by the capsizing of a small boat in which the four men had left the vessel. The body of Capt. Krangle was washed ashore six hours after the accident.

Says Company Was Careless.

SAN FRANCISCO, Oct. 11.—The jury this morning in the case of Dr. Stonely who was, a few days ago, killed by being thrown from a car at the corner of Devisadero and Sutter streets, ascribes the accident to "the carelessness of the motorman and negligence on the part of the company in not having the switch properly protected."

Ships First Oranges.

OROVILLE, Oct. 1.—The first shipment of oranges East for the year was sent from Oroville yesterday by the California Citrus Association. The oranges were raised in the grove of J. H. Leggett, near Oroville.

QUEER DISEASE KILLING CATTLE.

[BY THE ASSOCIATED PRESS—P.M.]

BAKERSFIELD, Oct. 11.—A strange and unknown disease has broken out among Kern county cattle which find their subsistence in and around the swamps recently under water to the north of Buena Vista Lake and they have been, and are dying by the hundreds, entailing a loss of many thousands of dollars on stockmen.

Miller & Lux are the heaviest loser, it being estimated that 200 cattle on that ranch have died since the middle of August.

It is said that a loss of between $12,000 and $15,000 has already resulted.

PLAN CUT-OFF FROM RODEO TO PT. COSTA.

[BY THE ASSOCIATED PRESS—A.M.]

SAN FRANCISCO, Oct. 11.—The Southern Pacific is considering the building a cut-off from Rodeo to Port Costa, in order to avoid the detour along the bay shore. Although the plans of the cut-off have not been definitely decided upon, it is certain that the Southern Pacific will take steps to improve the service at Port Costa and Vallejo Junction. A large bulkhead will be built at once at Rodeo and a great deal of the loading that has been formerly done at Vallejo Junction will be taken care of at the former place.

The proposed cut-off from Rodeo to Vallejo Junction and Port Costa will strike straight across country, and leave the line of the bay shore. This will give the Southern Pacific two routes between these freight centers and remove the possibility of any future congestion of freight coming into the city.

ANNOUNCES NEW ROUTE.

HILL PROJECTS NEW LINE.

[BY THE ASSOCIATED PRESS—A.M.]

NEW YORK, Oct. 11.—The first formal statement of the plans of the Portland and Seattle Railway, which is being built down the north bank of the Columbia River in Washington by James J. Hill, is contained in the annual report of the Northern Pacific Railway issued yesterday. The new line will give the Hill roads a new and greatly improved line into Portland.

In the building of this new road, which will be 423 miles long, the Northern Pacific is jointly interested with the Great Northern. The details of this new line show that the new road will run from Portland to Spokane and Texas Ferry, Wash., connecting at Spokane with the Northern Pacific and Great Northern and at Texas Ferry with the joint line owned by the Northern Pacific and Union Pacific. Valuable terminal property has been purchased in Portland, and Vancouver. The report says that it is expected the line from Portland to Pasco and Texas Ferry will be completed by the autumn of 1907 and the line from Pasco to Spokane early in 1908.

BEGIN IMPORTANT SUIT.

ALLEGE VAST OVERCHARGE.

[BY THE ASSOCIATED PRESS—P.M.]

BOSTON, Oct. 11.—[Exclusive Dispatch.] Suits involving $1,500,000 damages have been started against the Boston and Maine Railroad by the New Hampshire Lumbermen's Association on the ground that the road has since June 10, 1903, unjustly and illegally collected from members of the association and other lumbermen $2 more than the legal rate on every car of lumber shipped within the State.

The association comprises 240 men and represents over $5,000,000 capital. Every shipper in the State, including ice, granite and brick industries, are vitally interested in the outcome of the proposed litigation.

HARRIMAN-GOULD.

REPORT AMUSING HERE.

The reports in eastern papers that the Harriman and the Gould lines had formed a combination to establish a fast fruit service to be called the Southern Fruit Dispatch, have caused nothing but mild amusement here.

It is not so much the mental picture of the Harriman and Gould interests desisting in their tooth-and-nail fight in Northern California long enough to combine in a fruit deal in the East that provokes a smile, as it is the prospect of either or both of these interests organizing a dispatch line, which idea they have always fought in the operation of their western lines. The report which has been given wide circulation in the East, is categorically denied in the local offices of the Harriman and Gould systems.

INDICTS RAILROAD COMPANY.

RAISES PECULIAR POINT.

[BY THE ASSOCIATED PRESS—A.M.]

NASHVILLE (Tenn.) Oct. 11.—The Federal grand jury today returned three separate indictments against the Louisville and Nashville Railroad Company charging violation of the act making it a misdemeanor for a common carrier to threaten or discriminate against an employé who is in the service of such common carriers because of having joined a labor organization or corporation.

The order of railroad telegraphers, it is understood, furnished evidence on which the indictments are based.

HOPES FOR DIVIDEND.

THUS ASSURES STOCKHOLDERS.

[BY THE ASSOCIATED PRESS—A.M.]

LONDON, Oct. 11.—At the semi-annual meeting of the stockholders of the Grand Trunk Railroad of Canada, held here today, the president, Sir Charles Rivers Wilson, while not pledging himself, said he would be greatly disappointed if he were unable to announce at the annual meeting an increased dividend for the third preference stockholders. This announcement pacified a number of holders of stock who attended the meeting with the intention of attacking the policy of the president.

President Wilson devoted much of his address to the increased taxation imposed by the Canadian government, especially the increase in the tariff on rails.

WELCOME TRACK LAYERS.

ROAD TAPS RICH MINES.

[BY THE ASSOCIATED PRESS—A.M.]

BEATTY (Neb.) Oct. 11.—The track laying machine of the Las Vegas and Tonopah Railway rounded a point a quarter of a mile below this city today and there is great rejoicing among the citizens, who have raised a large amount of money to celebrate the event on October 22 and 23.

It is expected that the road will reach Rhyolite within thirty days. Ore which has been lying in piles in this vicinity for the past year will be shipped in the near future over the new road.

WILL NOT GIVE UP HIS PAPERS.

TERMINAL RAILROAD OFFICIAL THWARTS COURT.

When Ordered by Judge to Produce Records He Refuses on Advice of Counsel and Is Placed in Contempt Until Higher Tribunals Decide Question.

[BY THE ASSOCIATED PRESS—P.M.]

ST. LOUIS, Oct. 11.—A number of additional witnesses were subpoenaed for the hearing of the government's ouster case against the Terminal Railroad Association, which was resumed today.

In an endeavor to thwart the efforts of the government to enforce the production of the records of the Terminal Association at the hearing, R. M. Frazer, chairman of the East-Bound Freight Committee, on advice of his counsel, refused to produce certain records. He was at once constructively placed under arrest. On the promise of Frazer's attorneys that he would appear at 2 o'clock, he was permitted to depart, with the understanding that he would produce the records demanded.

When the afternoon court session convened Frazer was asked by Commissioner Rembauer if he had decided to produce the records desired by the government. Frazer replied in the negative, whereupon United States Marshal Morsey was summoned and took Frazer into custody.

Frazer was temporarily held in the Marshal's office until the latter released him on the promise of his attorney that he would report at the Marshal's office next Tuesday after Judge Adams of the United States Circuit Court had granted a writ of habeas corpus, returnable on that date.

ORDER FREIGHT CARS.

TRAFFIC DEMANDS INCREASE.

[BY DIRECT WIRE TO THE TIMES.]

EL PASO (Tex.) Oct. 11.—[Exclusive Dispatch.] To relieve the serious shortage in equipment, the Mexican Central Railroad has ordered four thousand freight cars, all of which must be delivered by March, 1907. This will give the Mexican Central 12,000 freight cars. In the past year the traffic of the road has increased 30 per cent., and the import business has been more than doubled.

Dead Superintendent's Remains.

FORT WORTH (Tex.) Oct. 11.—[Exclusive Dispatch.] The body of Ben Collis, superintendent of the Mexican Central Railroad, arrived here today in a special car of that road, en route to Marshall for interment. The body was accompanied by a delegation of Mexican Central officials, and they were joined here by a considerable local delegation.

Rock Island Election.

CHICAGO, Oct. 11.—At the annual meeting of the Rock Island Railroad here today five directors whose terms had expired were re-elected for a term of three years. No other business was transacted.

Rumor Depresses Stock.

NEW YORK, Oct. 11.—The price of Union Pacific Railroad stock fell from 191 1-8 to 188 3-8 suddenly today on rumors circulated in the financial district that the government was about to proceed against the company, charging frauds in its dealings in public lands.

Issues More Stock.

ROANOKE (Va.) Oct. 11.—The stockholders of the Norfolk and Western Railroad, at their annual meeting here today, decided to issue $34,000 of additional stock. Officers were elected and a substantial increase in business announced.

HELPLESS GIRL VIEWS DEATH.

PINIONED IN CATTLE GUARD SHE SEES TRAIN APPROACH.

Tiny Friend Seeks Vainly to Save Her from Grinding Wheels and Her Father Was on Duty on Top of Car That Crushed Out His Baby's Life.

[BY THE ASSOCIATED PRESS—P.M.]

CHICAGO, Oct. 11.—A dispatch to the Record-Herald from La Crosse, Wis., says:

Standing helpless with her foot caught in a cattle guard at the Indian Hill crossing, 7-year-old Mamie Hunt saw the onrushing freight train which killed her while Dagna Senstad, her 6-year-old companion, vainly cried to signal the engineer.

Sitting upon a brake wheel on top of the train was John Hunt, the girl's father, a brakeman, unconscious that his child was being ground to death beneath the wheels.

The girls were returning from school when the Hunt child's foot became caught. Dagna Senstad unable to release her friend, ran to meet the train waving her arms and screaming but the engineer did not see her.

MISSIONS ELECT OFFICERS.

Convention Asks Aid of Other Denominations to Carry on the Work.

[BY THE ASSOCIATED PRESS—P.M.]

NORTH ADAMS (Mass.) Oct. 11.—The annual business meeting of the American Board of Commissioners for Foreign Missions obtained the attention of the delegates at this afternoon's session of the convention. With one exception the old board of officers, headed by S. B. Capen of Boston as president, were reelected. Rev. Henry Hopkins, president of Williams College, resigned as a vice-president and the place was filled by the election of Rev. Albert J. Lyman of Brooklyn, N. Y.

A resolution calling for the cooperation of the American Board with the Mission Society of the United Brethern of Christ and the Methodist Protestant denominations was adopted.

GIRL TO DETENTION HOME.

While Miss E. Hanna, aged 15, was gathering her belongings to leave the home of her stepfather, J. Drim, at No. 940 East Fiftieth street, last night, an officer from University police station appeared and took her into custody. The police say they have received reports that she has been running away from home. Her parents have endeavored to correct her, the police say, but without avail. She was taken to the Detention Home.

Protect Gila River Banks from Erosion.

San Francisco Cleans Up Her Thoroughfares.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, Oct. 11.—[Exclusive Dispatch.] The Secretary of the Interior has authorized the Reclamation Service to purchase in the open market 5000 barrels of cement for use on the Yuma irrigation project. There has been some difficulty in obtaining cement which will not set too quickly at high temperature.

There are now about 350 men at work on the Laguna dam. The river has fallen rapidly and work is progressing favorably.

Work is being pushed on the Gila Valley dykes, and a force is working for protection of the embankments against erosion by building abattis. A very favorable condition of affairs now exists on the lower Colorado River.

FORESTRY CONDITIONS GOOD.

PINCHOT CALLS ON PRESIDENT.

[BY THE ASSOCIATED PRESS—P.M.]

WASHINGTON, Oct. 11.—Gifford Pinchot, chief of the Bureau of Forestry, who has just completed a tour of the government forest reserves, called on the President today. Pinchot expressed gratification with the results of his inspection tour and of the excellent condition in which he found the forest reserves.

There has been only one big fire on the reserves during the summer, he says, and the burned area did not exceed probably over 2000 acres. This is a better record than that of last year, when the total area of forest land burned over was one-tenth of 1 per cent.

ROOT IN WASHINGTON.

ATTENDING TO BUSINESS.

[BY THE ASSOCIATED PRESS—P.M.]

WASHINGTON, Oct. 11.—The Japanese Ambassador called on Secretary Root today. The Ambassador has been informed that Mr. Hanahira of the Embassy, who went to Alaska to investigate the killing of the seal poachers on St. Paul's Island last summer, arrived at Juneau today, and will come immediately to Washington to make a report upon which the Ambassador can take up the matter with the State Department.

POLITICAL.

WHITE HOUSE TO SENATE.

Democrats Talk of Cleveland to Succeed Dryden.

Chief Executive Also Named by Republicans.

Grover Returns from Fishing Trip Reluctant.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON (D. C.) Oct. 11.—[Exclusive Dispatch.] Two ex-Presidents of the United States in the Senate, one a Democrat and the other Republican. Such a circumstance would be a great show, and sounds unreasonable.

A few days ago several eastern newspapers of great political importance printed stories, which their correspondents insisted were well founded, to the effect that the President was to be selected by the Legislature of New York State to succeed United States Senator Platt, whose term expires March 3, 1909.

Not to be outdone, eastern Democratic newspapers have brought forward the candidacy of ex-President Grover Cleveland as United States Senator to succeed Senator Dryden, whose term expires March 3, 1907.

It is claimed that should the Democrats get together in New Jersey and combine with the Republicans who do not think very well of Dryden, the election of Cleveland could be brought about. Whether or not Cleveland would submit to such a campaign is not yet known. He has been busy fishing, and it is reported that none of his friends are in a position to speak for him.

RHODE ISLAND CONVENTION.

REPUBLICANS HARMONIOUS.

[BY THE ASSOCIATED PRESS—A.M.]

PROVIDENCE (R. I.) Oct. 11.—When the Republican State Convention assembled this morning there was every indication that a ticket bearing the names of the present Republican State officials would be made up without any opposition. No contests for any of the principal places on the ticket were spoken of among the delegates.

The platform declares that "The Republican party of Rhode Island announces its adherence to the policy and principles of the national organization as exemplified by the achievements of the Fifty-ninth Congress, and by the statesmanlike utterances of that preëminent leader, President Roosevelt. We express our unqualified approval of the labor of our Republican Senators and Representatives in the Congress of the United States."

On the subject of tariff revision, approval is given of the President's declaration that whenever a given rate or a schedule becomes evidently disadvantageous to the nation because of the changes which will go on from year to year in our conditions and where it is feasible to change this rate or schedule without too much dislocation of the system, it will be done, while a general revision of the rates and schedules will be undertaken whenever it shall appear to the sober business sense of the people that, on the whole, the benefits to be derived from making such changes will outweigh the disadvantages.

The platform also says that "As the Democratic party has become the victim of the demagogue and the doctrinaire, the task of preserving our most cherished institutions falls to the Republican party."

The present State administration is commended for its honesty and efficiency. The programme as arranged was carried out without friction, all the nominations being made by acclamation as follows: Governor, John D. Hutter; Lieutenant-Governor, Frederick M. Jackson; Secretary of State, Charles T. Bennett; Attorney-General, William B. Grennough; Treasurer-General, Walter Reed. The report of the Committee on Resolutions was adopted unanimously.

GROVER RELUCTANT.

DISCUSSES SITUATION.

[BY THE ASSOCIATED PRESS—P.M.]

NEW YORK, Oct. 11.—The World today publishes a statement by Grover Cleveland on the New York political campaign which, it says, was written yesterday by the ex-President at his home in Princeton. The statement follows:

"It is difficult for me to overcome my reluctance to express my views of the present political situation in the State of New York, and yet I can never lose the interest in her present welfare which has grown out of my long residence there, and my active participation in her political movements.

"I confess I was exceedingly surprised by the outcome of the recent Democratic State convention. Though I was not near enough to be in touch with the incidents leading up to this result, being absent on my vacation and giving little attention to political occurrences, my estimate of the conservative good judgment of the Democracy of the State and my conception of Democratic principles and purposes were such that I was profoundly startled by the selection made of a candidate to represent them in the pending canvass.

"Of course, every voter of the State must settle with his own conscience in determining his action in this emergency, but I cannot but regard the Democratic situation presented to my old associates in New York as an afflicted one."

BELL AT RIVERSIDE.

HITS RAILROAD AND TRUSTS.

[BY THE ASSOCIATED PRESS—P.M.]

RIVERSIDE, Oct. 11.—The Hon. Theodore A. Bell was the principal speaker at a Democratic mass meeting here tonight. He devoted the major part of his address to the Southern Pacific Railroad and the 'trusts," and their relation to the fruit-growing interests of Southern California. He declared for an anti-trust law for California.

Bell urged that every facility be given any competing railroad desiring to build into the State, and promised if elected to work for legislation to compel the Southern Pacific to relinquish enough wharf and dock privileges to break the monopoly.

C. A. Barlow, candidate for Congress in the Eighth District, also spoke.

INDIANA REPUBLICAN.

GOVERNOR PREDICTS VICTORY.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, Oct. 11.—[Exclusive Dispatch.] J. Frank Hanly, Governor of Indiana, arrived in Chicago today and said: "The campaign is warming up and the elections this fall will be important. Almost every State officer, with the exception of the Governor, is to be elected. Republicans will carry the State, in my opinion, by a large majority. The Assembly will be Republican, and that will mean much for certain progressive bills now pending in the Legislature. The Bryan boom has not made much headway in Indiana. People are losing confidence in the Nebraskan."

HUGHES ON "CLASSES."

OBJECTS TO CASTE TALK.

[BY THE ASSOCIATED PRESS—P.M.]

CANANDAIGUA (N. Y.) Oct. 11.—Charles E. Hughes, the Republican nominee for Governor, spent today in Ontario county. At Geneva the arrival of Hughes's train was marked by the booming of cannon and the playing of bands. From here he went to Canandaigua. Among other things he said:

"I do not like to hear talk in this country about classes and the people will not long stand any attempt to create class feeling.

"We want no assertion of superiority; we want no suggestion of the 'I am holier than thou' sort.

"I take no stock in the notion that there is a so-called better class, with superior morals, with better examples of virtuous living.

"Nothing is more reprehensible in the United States than an appeal to passion. We have heard in financial circles of a 'system.' We have seen in the last year men holding honorable places yielding to temptation because their sense of responsibility was benumbed. We want an assertion of American manhood.

"Not since the Civil War has there been such an issue as now; never before, that I know of, has there been an attempt in different communities of the United States to focus the whole attention of the country upon the wrongs and create discontent, envy and hatred, and arouse the worst passions of the multitude. That is the menace to this country, and that is the menace we propose to deal with on election day."

Booker T. Washington Addresses National Session of Afro-American Council With Words of Advice to Southern and Northern Negroes. Urges Discrimination.

[BY THE ASSOCIATED PRESS—P.M.]

NEW YORK, Oct. 11.—The National session of the Afro-American Council, which has been in progress here, was brought to a close tonight with services in Zion Church. Booker T. Washington made the principal address. He said in part:

"In the season of disturbance and excitement, if others yield to the temptation of losing control of their judgment and give way to passion and prejudice, let us, as a race, teach the world that we have learned the great lesson of calmness and self-control; that we are determined to be governed by reason rather than by force. Our victories in the past have come to us through our ability to be calm and patient, often while enduring great wrong.

"To the members of my race, who reside in the Northern States, let me add a word of caution, that in your enthusiasm to be of service to the brethren in the South, you do not make their path more thorny and difficult by rash and intemperate utterances. Before giving advice to the negro in the South, the negro in the North should be very sure that what he advises is that which he himself would be willing to take into the heart of the South and put into practice. Be careful not to assist in lighting a fire that you will have no ability to put out.

"Many think that the problem with which we are grappling will be better solved by inducing millions of our people to leave the South for residence in the North, but I warn you that instead of this being a solution, it will but add to the complication of the situation.

"The indiscriminate condemnation of all white people on the part of any member of our race is suicidal and a dangerous policy. We must learn to discriminate. We have strong friends both in the South and in the North, and we should emphasize and magnify the efforts of our friends more than of those who wish us evil. The country must also learn to differentiate between black people. It is a mistake to place all in the same class when referring to labor, morality or general conduct.

"There is a vicious class that disgraces us; there is also a worthy class which should be always commended. Further, we always must frankly face the fact that the great body of our people are to dwell in the South, and any policy that does not seek to harmonize the two races and cement them is dangerous. Creation, construction in the material, civic, educational, moral and religious world, is what makes races great. Any child can cry and fret, but it requires a full grown man to create, to construct."

SUMMERSIDE FLAMES SUBSIDE.

[BY THE ASSOCIATED PRESS—A.M.]

CHARLOTTETOWN (P. E. I.) Oct. 11.—The fire which started early today at Summerside spread so rapidly that, though aid was summoned from this city, it destroyed 42 buildings, including the postoffice, the English and Baptist churches and four hotels. A gale was blowing, and the flames swept through the town with terrific speed. The total loss is estimated at $300,000, with insurance of only about $50,000.

THE POLITICAL WATCH TOWER

There have been some rather loud threats by several Republican machine workers that the city convention will deal harshly with any candidates who might have "flirted" with the city Non-Partisans, and will especially taboo those who have been nominated by the Non-Partisans and who would seek also the Republican nomination. This talk all was made for the benefit of Leslie Hewitt, candidate for City Attorney, and Harry Lelande, for City Clerk, both of whom have been selected by the Non-Partisans as the best men for those offices.

Among the prospective delegates, though, there is a sentiment directly opposed to this talk. Lelande and Hewitt were candidates for the Republican nomination long before the Non-Partisan organization was formed and for weeks their friends have been promoting their candidacies, with the result that each will go into the city convention with a strong following. It will take something more than a ukase from Walter Parker or any one else to whip the Hewitt and Lelande men into line for any other candidates.

It is not unlikely that the friends of Hewitt and Lelande will form a combination whereby they will stand together for the naming of these men by the Republicans if it should appear that either one is to be dropped because the Non-Partisan nomination was tendered to him.

I am informed that enough delegates now are selected for Lelande and Hewitt to practically control the convention and it is considered unlikely that Parker would jeopardize the rest of his city slate, if he has one, for the purpose of withholding nomination from these two candidates and giving it to others who might run the chance of defeat at the polls.

So far, neither Mr. Lelande nor Mr. Hewitt has manifested any precipitate haste in notifying the Non-Partisans that he cannot accept nomination at their hands.

Dr. Walter Lindley's headquarters were opened without any formality yesterday in rooms 82 and 83 at the Hollenbeck Hotel. Truman Cole, secretary of the Campaign Committee, is in charge, and the candidate for the Republican nomination plans to take an hour or two each morning from his active professional duties to fan the embers of his political ambition at headquarters. Opinion among Republican party workers still is much divided as to Dr. Lindley's chances in the convention. In the meantime, Councilman George A. Smith, who spoke first for the nomination, is hastening back from Goldfield as fast as steam and deep concern will bring him. He is expected to arrive today or tomorrow and to make the fur fly.

Lee C. Gates, nominated for Mayor by the Non-Partisans, is by no means left out of the reckoning by many Republicans who will go to the convention as delegates. These are of the opinion that Gates should have the Republican nomination as against either Smith or Lindley, thus insuring the election of a Republican rather than the candidate the Democrats are likely to place in the field, or the candidate of one of the smaller and less responsible parties, whose chances would be greatly enhanced if Gates and Lindley, or Gates and Smith, were to divide the Republican strength.

Intense interest in the general election of November 6 and the city election of December 4 has caused most voters to lose sight of the fact that there is to be another important election throughout the county between those dates—the county bond election of November 22. On that date the voters will decide whether or not the county shall issue bonds for $900,000, the proceeds of which it is the purpose of the Supervisors to expend in acquiring additional land adjoining the Courthouse grounds and in building thereon an extension to the county building and a hall of records; to build a detention home on another site; to build an addition to the County Jail, and to add improvements to the County Hospital.

These elections are expensive undertakings for the county. The general election and the bond election will each require an expenditure by the county of between $20,000 and $25,000 to obtain an expression of the will of the people. Polls will be open in both instances at each of the 264 precincts of the county—139 in Los Angeles city and 125 outside thereof. Eight election officers in each precinct will draw at least $6 apiece for each election, and the rental of each polling place will average $7. These two items alone carry the expense of an election to $14,528, to which must be added the cost of ballot paper, the printing of many thousand ballots, the publication of legal notices, the canvass of the returns, the transportation of election paraphernalia and numerous other expenditures that will bring the total up several thousand dollars.

It had been hoped that the bond election could be held simultaneously with the general election, but the county's legal adviser concluded that this not only would cause great confusion, but might result in the invalidation of the bonds, should the people declare for them. On this account a separate date was set for the bond election, notwithstanding the great expense that would attach thereto.

Willard Goodwin announced yesterday that he had decided to withdraw as candidate for the Republican nomination for Council in the Fourth Ward. He has a good following there and has been urged to stay in the race, but private interests have caused him to pull out his name. It is said the nomination is likely to go to W. H. Gilbert. Republican workers have expressed considerable concern over the candidacy of Niles Pease, who has been named for Councilman of the Fourth Ward by the Non-Partisan City Central Committee.

In the Fifth Ward Samuel Young has dropped out as candidate for the Republican nomination for the Council, although his friends, who pushed him to the front in the race, have urged him to stay in. As stated by Mr. Young, he leaves the Republican voters of the ward to stand by the action taken at the public meeting last Friday evening, when A. J. Wallace was indorsed for the place. Since that time Mr. Wallace has been announced as the candidate of the Non-Partisan City Central Committee. Seth Hart, however, is declared to be the choice of a goodly number of the Republican workers, while William Wincup, formerly a member of the Board of Education, is likely to be an important factor in the convention.

W. B. Morgan, better known as "Billy," is a candidate for the Republican nomination for City Tax and License Collector. Morgan at present is Fish and Game Warden for the county, and is in the State forestry service. E. E. Johnson, present Collector, also is a candidate, and the general supposition among Republicans has been that he would be renominated, especially as he withdrew from the race for County Tax Collector and also declined the Non-Partisan nomination for the position.

George A. Knight, who brought out James N. Gillett as the Republican candidate for Governor and who nominated Mr. Gillett at the Santa Cruz convention, will be one of the speakers at the Republican mass meeting at Simpson Auditorium next Tuesday evening when the Gubernatorial and other candidates will be heard.

SAYS FLEEING WIFE IS CRAZY.

RUSSIAN GENERAL SEEKS TO AVOID SCANDAL.

Says He Will Take Her Back to Russia and That He Has no Thirst for Blood of Man Who Persuaded Woman to Elope With Him.

[BY THE ASSOCIATED PRESS—P.M.]

HAVRE (France) Oct. 11.—M. Zotti, a friend of General Ouchakoff of the Russian army (who arrived here yesterday from New York on La Provence, in pursuit of his wife, who is fleeing from her husband in the company of Lieut. Gabriel Essipoff), spent the night with him at the Russian consulate here. Acting as the general's spokesman, M. Zotti declared that Ouchakoff was overcome by the publicity given to the case, which "outrageously represents him as on a blood thirsty chase for the life of Lieut. Essipoff."

"The general," M. Zotti continued, "has no desire to kill the man who wronged him. He is convinced that his wife, who was confined in an asylum in Russia, is crazy, and his sole object is to save the woman from the consequences of her folly and take her back to Russia, where she will be cared for and avoid further scandal."

M. Zotti declined to reveal General Ouchakoff's future plans.

MEETS THE PRESIDENT.

Commander Wants Spanish War Veterans Organized Into Rifle Clubs.

[BY THE ASSOCIATED PRESS—P.M.]

WASHINGTON, Oct. 11. — Capt. Hamilton Ward, Jr., the newly-elected commander-in-chief of the United Spanish-American War Veterans, accompanied by John Lewis Smith, the newly-elected adjutant-general of the organization, called on President Roosevelt today. Capt. Ward talked with the President about the proposition to establish rifle clubs among the veterans of the Spanish War and to create the veterans into something like an assembly reserve—at least a nucleus that might be used by the United States in time of war.

This question will be taken up by Capt. Ward and his officers.

The matter of closer relations with the G.A.R. also will be given careful attention by the new administration of the Spanish War Veterans.

MUCH GOLD FOR EGYPT.

EVERY LITTLE NOISE

Coffee Nerves Easily Irritated

Ever notice how cross and irritable a coffee drinker is when he has not had his usual dram?

Trifling noises that a naturally healthy person would never notice sound like a boiler factory or a brass band to a nerve-poisoned coffee slave.

But there's a big difference when such a one finally learns the cause of his trouble, quits coffee, and uses well-made Postum.

"For 12 years I was afflicted with stomach trouble, loss of appetite, my food distressed me and caused heartburn. Every little noise disturbed me.

"None of my physicians relieved me, but all advised me to stop drinking coffee. About two years ago my husband brought home a package of Postum, and we gave it a fair trial—followed directions about boiling it 15 minutes—and liked it.

"Very soon I noticed a change in my condition. Now, with Postum as my beverage, I sleep better, eat without distress, and enjoy life, since every little disturbance or noise does not shatter my entire nervous system.

"Today, thanks to Postum, I am a well woman, and every member of my family has been benefited by it. A friend while taking dinner with us a while ago remarked on the delicious coffee I served. When I told her it was Postum she was surprised, saying she had tried it but did not like it.

"When I told her that boiling it 15 or 20 minutes gave it that rich flavor, she followed directions and then knew for herself.

"In addition to the great relief I have experienced from distressed stomach and irritated nerves, since using Postum, I find I am more 'level-headed' and every little noise does not disturb me as it used to." Name given by Postum Co., Battle Creek, Mich.

LIBERALS AND POPE WAITING.

Vatican and Dominguez May Cross Swords.

Bourbon Dynasty and Church in Vital Issue.

Anti-Clerical Programme Is Now Formulated.

[BY THE ASSOCIATED PRESS—A.M.]

MADRID, Oct. 11.—Upon the reassembling of the Cortes, the Vatican and the Liberal government of Marshal Loma Dominguez will cross swords over the church issue.

While the actual question of the separation of church and state in Spain, the withdrawal of Catholicism, is not to be raised immediately as in France, the Democratic programme of the Liberals is distinctly anti-clerical, and if it progresses successfully is sure ultimately to lead to an open fight for severance of the ties which bind Vatican and the Bourbon dynasty. Meanwhile the political world is much interested as to whether the Vatican will wish to fight for the retainment of its prerogatives, which it is allowed to fall, more or less into disuse, or if it has a deeper plan to facilitate the downfall of the Liberal cabinet and the return of the Republican party.

The Dominguez cabinet found an excellent pretext for joining battle with the Vatican in the shape of the question of civil marriages, and the control of the public cemeteries. The Duke de Rosanoros, Minister of Justice in the Dominguez cabinet who is one of the most liberal views and great strength of character, at once took a firm attitude with the endorsement of his colleagues, and replied to the papal note demanding the abandonment of the above mentioned laws. To this, the Vatican answered by presenting a note couched in a peremptory form, presenting the former demands and protesting against certain acts of the government. The latter confined itself to making a mere acknowledgment of the note.

HISTORY OF SEPARATION.

A glance at the history of the relations between the Vatican and the Spanish government is essential to a understanding of the present situation. Up to 1869 Spain tolerated no religion but the Catholic for Spanish subjects, but the revolution of September proclaimed liberty of the press, of worship, public meetings, education and burial. This régime continued in spite of protests of the Vatican until the end of 1875, when the Restoration caused a reaction, political as well as political, which checked the progress and conquests of the Cortes. The constitution adopted by the Cortes of 1876, gave back many rights and privileges to the Catholic church, and reestablished it as the state religion, giving it, at the same time, a considerable influence on education.

Between 1876 and 1878, the dynastic Liberal party grew little by little—especially under the auspices of Señor Sagasta who appealed to the people with universal suffrage, the majority of the political rights introduced by the Cortes of 1869 but up to the present no one had dared to attack the constitution of 1876, so far, as liberty of worship with its corollaries, secularization of public education and libertad de expresion and criticism are concerned.

THE POINTS AT ISSUE.

The points at issue between the Vatican and the Spanish government are the control of the cemeteries, civil marriages, public education, (all matters which have been settled by the constitution) and the big question of religious congregations not recognized in the concordat of 1851. The Vatican opposes the municipal control of cemeteries and demands that the system of allotting portions of the cemeteries to Spaniards and foreigners who do not subscribe to the state religion, be discontinued.

With respect to the question of civil marriages the church wishes to have it declared that civil unions between Catholics are only legal when celebrated according to canon law, which is strongly opposed to the actual system, before, during and since the revolution civil marriages always have been held to be legal. Further, marriages between Catholics in Catholic churches and chapels must be registered in the civil registers to have any validity. Consequently the clergy refuse to do this or have a civil ceremony present at the ceremony.

Births and deaths are registered by the municipal authorities with wonderfully satisfactory results, so far as the preparation of statistics and the proper keeping of records, are concerned.

ZORRILLA'S ACTIVITY.

The Minister of Education, Dr. Jiménez, a leading member of the Canalejas party, has taken the initiative in the reorganization of education without waiting for the aPpal nuncio to Madrid to act. In a circular, he tells the educational authorities, primary and secondary, to forward to him within a month a list of all private educational establishments which are not legally authorized. This is one of his hardest the schools conducted by religious orders where the teachers are foreigners, who are properly domiciled in Spain, and provided with Spanish university diplomas.

With respect to all these measures, the present cabinet makes no secret of the fact that it intends to introduce a question of revision of the concordat and make all religious associations amenable to the ordinary laws of the country.

The present cabinet has the unanimous support of the Liberals and even the Republicans in wishing that clear, definite and severe laws should oblige all religious congregations to submit themselves to the supremacy of the state, and to cease to be a foreign and ultra-montaine militia under the call of the papacy, a condition which, as in most Catholic countries, has not been looked on with favor or approbation by the secular clergy and the hierarchy.

GERMAN AIRSHIP TESTED.

Count Zeppelin Thinks Invention Good, but Wants a Trial in Rough Weather.

[BY THE ASSOCIATED PRESS—P.M.]

BERLIN, Oct. 11.—Maj. Gross, commander of the army of balloon corps, who before the International Aeronautic Society, today said he had refrained from seeing Count Zeppelin's airship tried at Friedrichshafen, and added: "Zeppelin's system is good and his airship is entirely practicable, but his craft will be tested in rough weather. Zeppelin however, has spent his whole fortune in experimenting with airships and is not able to do any more."

STOLYPIN WREAKS ANGER ON VIBORG SIGNERS.

Dismisses Former Members of Parliament from Zemstvos and Delays Trials so That One Hundred and Eighty of Them Are Unfitted for Re-election.

[BY THE ASSOCIATED PRESS—A.M.]

ST. PETERSBURG, Oct. 11.—Further expulsions from the zemstvos of the members of the outlawed Parliament, who signed the Viborg manifesto are reported daily.

Among the latest is that of Count Tolstoi, a moderate member of Parliament from Ufa. The proceedings in the indictment of the members of Parliament, who signed the Viborg manifesto, are dragging, and there is slight prospect that they will be tried before the next elections, thereby rendering ineligible for election 180 of the most prominent Constitutional Democrats, who were members of the Parliament.

Disfavor shown by Premier Stolypin to the reactionary leagues and other Black Hundred organizations, has provoked a storm of hostility in the reactionary camp.

Recent seizures of bombs, explosives and arms in the city hall and technical institute are officially stated to have been connected with a reactionary "patriotic" organization.

Attacks on the police similar to those which have occurred at Warsaw have been commenced in St. Petersburg, but are less successful, owing to the indifferent attitude of the population. One policeman was killed and one wounded.

COMPLAINS OF VIOLENCE.

REACTIONAIRES ATTACK JEWS.

[BY THE ASSOCIATED PRESS—A.M.]

ODESSA, Oct. 11.—The local committee of the regenerationists telegraphed Count Peter A. Heyden recently, requesting him to inform Premier Stolypin of the establishment here of a reactionary party which last week was responsible for twenty-two murders and the infliction of injuries upon many students and Jews.

In view of the open connivance of the highest authorities of Odessa with the committee of this party the committee of the regenerationists said it feared that unless the disturbances were quelled immediately student riots and anti-Jewish attacks would be provoked. It also asked for an energetic declaration by the Premier that further disturbances would not be tolerated, thus impressing the authorities on the one hand with the necessity of putting down reactionary bands, and on the other reassuring the panic-stricken population.

Count Heyden replied today that this message had been submitted to Premier Stolypin, who declared that he was already aware of the facts stated and that he had already taken measures to have his instructions in the matter of putting down reactionary terrorists respected.

DENOUNCES STOLYPIN REGIME.

[BY THE ASSOCIATED PRESS—P.M.]

HELSINGFORS, Oct. 11.—The Democratic Congress adjourned this evening. At the concluding session a pronunciamento denouncing Premier Stolypin's administration and all its works, which was proposed by the Central Committee in an endeavor to placate the extremists, was adopted by acclamation, amid great enthusiasm.

LODZ EXECUTIONS CONTINUE.

BOY WHISTLES ON SCAFFOLD.

[BY THE ASSOCIATED PRESS—P.M.]

LODZ (Russian Poland) Oct. 11.—During the night the bodies of the five Terrorists who were hanged here yesterday, buried, exhumed by sympathizers and reinterred by command of the Cossack officers, were reëxhumed by unkown persons. The authorities buried them this morning for the third time, and have now placed sentinels at the graves.

Another Terrorist condemned to death by drumhead court-martial was executed this morning.

A boy who was sentenced to death by court-martial, refused the ministrations of a priest, and while standing on the scaffold whistled socialistic tunes.

The general strike is in full swing. There is no traffic in the streets, no papers were published today, and strong detachments of troops are guarding the main thoroughfares. The police searches have resulted in a great number of arrests.

BREAK ENTAILED ESTATES.

PROVIDES LAND FOR PEASANTS.

[BY THE ASSOCIATED PRESS—A.M.]

ST. PETERSBURG, Oct. 11.—A step of great importance has been taken by the Cabinet in connection with the land reforms by granting permission to break up and sell entailed estates if approved by the Agrarian Commissions.

The Cabinet's decision is that these estates may only be sold to the peasantry in this neighborhood, and that the proceeds must be deposited, as alienable capital, in state banks, thereby killing two birds with one stone.

The government's programme for relieving the land hunger of the peasants is working with fair success.

RUSSIA WANTS FUNDS.

CONTEMPLATES NEW LOAN.

[BY THE ASSOCIATED PRESS—A.M.]

ST. PETERSBURG, Oct. 11.—The government is contemplating the issue of another internal loan about December 1 in order to balance the budget on the new year. It probably will amount to $25,000,000, and will be absorbed by the government savings banks, whose balances are steadily increasing without going into the open market.

JEW FORMED PLOT.

THEN EFFECTS ESCAPE.

[BY THE ASSOCIATED PRESS—A.M.]

SEBASTOPOL, Oct. 11.—It is learned that the recent unsuccessful attempt on the life of Gen. Dumbadze, commander of the troops here, was organized by a Jew, named Vingerava, who came to Sebastopol especially to execute the terrorist sentence of death imposed on the general. Besides the man who threw the bomb, who was a paid agent, a number of other conspirators were stationed at various points to signal Dumbadze's approach. Vingerava escaped.

SANKEY MEETS PROSELYTE.

Gypsy Boy Whom He Inspired Comforts Him on His Bed of Illness.

[BY THE ASSOCIATED PRESS—A.M.]

NEW YORK, Oct. 11.—Ira D. Sankey, a noted evangelist singer, and "Gypsy" Smith, an English evangelist, met yesterday for the second time in the home of Mr. Sankey in Brooklyn. Twenty-five years ago when Moody and Sankey were holding revival meetings in London they drove into the country and stopped to look at a gypsy camp.

Sankey, standing in his carriage, sang to them. One of those most interested was a boy, who climbed up on the carriage wheel. The boy begged that he sing again. Touched by the boy's sincerity, Sankey placed his hands on the boy's head and said: "God, make a preacher of this boy."

It was because of that inspiration that the boy, now known throughout the world as "Gypsy" Smith, ran away from the gypsy band and became a student. He visited Sankey, who is ill, yesterday. Smith knelt beside the bed of the singer, who placed his hands on the gypsy's head and blessed his work.

BIDS FOR BALKALALA.

BOSTON, Oct. 11.—[Exclusive Dispatch.] Sixteen dollars per share was bid here today, privately, for 20,000 shares of the Balkalala Copper Company of California. The offer was rejected. There has been heavy buying here of the Superior and Pittsburgh stock on the recommendation of the Cole interests, who are enthusiastic over the opening up of their new ore bodies.

EXAMINE MAIL DEVICES.

Commission Hopes to Secure Better Collector for Taking Mail at Stations.

[BY THE ASSOCIATED PRESS—A.M.]

CHICAGO, Oct. 11.—The commission appointed by the Postmaster-General to adopt a device for the exchange of mails at stations where trains do not stop will arrive in Chicago today and will soon begin a series of tests of various inventions.

Appointment of the commission came through the need of such a device, which has been emphasized during the last year by several wrecks which have cost several lives. The wrecks occurred from mail sacks which were thrown from trains and which rebounded, being drawn by suction under the cars and derailing them. The commission consists of Superintendent Vickrey of the mail service at Washington, Superintendent Perkins of St. Paul, Superintendent Roger of Cincinnati, Assistant Superintendent Thompson of Atlanta and John Holyday, assistant general superintendent at Washington.

It is the purpose of the commission to go to several points in the West for the purpose of making a thorough investigation extending over a period of two months.

At the request of Mayor Weaver of Philadelphia, Thomas Hicks, Director of the Department of Public Works, resigned yesterday. The Mayor accused Hicks of being too friendly to a certain political faction.

ROHE AGAIN WINS GAME.

Chicago Americans Whitewash Nationals.

Ed Walsh Holds the Cubs Down to Two Singles.

[BY THE ASSOCIATED PRESS—P.M.]

CHICAGO, Oct. 11.—Today's game between the Chicago teams of the National and the American leagues was a battle royal between pitchers, and the American League aggregation won, 3 to 0.

Twenty-one batsmen struck out; for twelve of these the credit goes to Walsh. In addition he gave only one pass and allowed but two hits, in the first inning. Thereafter the Nationals, until the ninth inning, never had any sort of a chance to score.

According to the official count 13,750 enthusiasts, encouraged by slightly warmer weather, were present when the game began. Pfeister, the left-handed pitcher, went into the box for the Nationals. His control at first was good, but by no means perfect. He quickly steadied, however, and pitched superbly until the sixth inning. It was here that he went to pieces and the game was lost. Tannehill, reputed to be a weak batter, singled down the third-base line. Somewhat disconcerted, Pfeister allowed Walsh to walk and a moment later hit Hahn in the nose, breaking it. A doctor was called and O'Neill went to first for Hahn and finished the game for him.

The bases were now full with nobody out. A pandemonium of cheers from American League sympathizers broke loose. Pfeister pulled himself together and there was a sigh of relief from National League supporters when Capt. Jones fouled out to Kling. Isbell, one of the team's best men, ordinarily, struck out for the third time during the game.

ROHE'S GREAT DRIVE.

Then came Rohe, the substitute, to bat. It was this light-haired young man whose accidental presence by reason of Davis's illness in Tuesday's game brought victory to the Americans. Again the fate of the game depended on him and again he did not fail. He waited patiently for a ball that suited him and swung with all his strength. The ball bounded like a jackrabbit down the third-base line and under the benches in left field. Tannehill, Walsh and O'Neill crossed the plate amid wild cheering and the noise of many megaphones, while the author of the scores stood on third base receiving the congratulations of his team-mates. Donohue sent a weak fly to Evers and the agony was over.

On their part, the Nationals started out like winners. In the first Hoffman sent a clean single to center. Sheckard struck out and then Hoffman killed all chances to score by trying to steal second, where he was thrown out. The next moment Schulte doubled to left, but it did no good, for Chance went out. Isbell to Donohue. Thereafter, until the ninth, the Nationals never gave a hint of designs on the home plate. Walsh held them completely at his mercy, apparently growing stronger and steadier every inning. When the game began they swung viciously at his offerings, but before the test was half over they were fishing for the ball, seemingly trying merely to touch it. Any kind of a hit would have looked good, but mostly when they did not strike out they rolled puny grounders to second or were out easy.

NATIONALS' ONLY CHANCE.

In the ninth Gessler went to bat for Pfeister and reached first base, Isbell fumbling his grounder for a moment. Hoffman went out via Isbell, Gessler reaching second. Sheckard for the second time missed three good ones. Gessler beat Sullivan's throw to third because the catcher juggled the ball for a moment. A hit meant a run, but Schulte became a victim of Walsh's curves and the third game for the world's championship was over.

It took a large force of policemen to protect Walsh and Rohe from their frenzied admirers who thronged into the field, but they finally reached their carriages without being hoisted on anybody's shoulders.

Evers, Tinker and Tannehill divided the fielding honors.

President Murphy today apparently disclosed the fact that he is superstitious. On Tuesday thirteen American flags were flying in a row on the top of the scoreboard and immediately beneath the big flagpole from which the Nationals have hopes of flying the world's pennant.

After the first game had been lost to the Americans some called Mr. Murphy's attention to the flags and argued that the unlucky number might have been responsible for the loss of the game. Mr. Murphy laughed and said he did not have a thread of superstition in his makeup. This morning, however, he quietly gave orders to the ground keeper to either take down one flag or put up another. Accordingly only twelve waved in the breeze today.

STORY OF THE GAME.

First inning:

Americans—Hahn, went out on a grounder, Steinfeldt to Chance. Jones sent a bounder to Pfeister, who stuck out his hand and knocked it toward third, and the runner was safe. Isbell swung on three good ones and took his seat. Jones tried to steal but was out, Kling to Tinker. No runs.

Nationals—Hoffman laced a single on a line to center. Sheckard struck out. Hoffman was thrown out at second, Sullivan to Isbell. Schulte doubled to left, the ball going under the left field seats and he was stopped by the ground rules. Chance went out on a grounder, Isbell to Donohue. No runs.

Second inning:

Americans—Rohe sent a fast grounder to Tinker and was out at first on a close decision. Donohue singled past Pfeister, Evers failing to get the ball as it bounced away from Pfeister's glove. Dougherty struck out. Donohue was out stealing, Kling to Tinker. No runs.

Nationals—Steinfeldt out, Tannehill to Donohue, on a fast grounder. Tinker fanned, Sullivan dropping the ball, but threw to first in time to retire Joe. Evers flied to Jones. No runs.

Third inning:

Americans—Sullivan swung three times and was retired. Tannehill also struck out. Walsh went out on a high fly to Hoffman. No runs.

Nationals—Kling struck out, Pfeister also struck out. Hoffman went out, Tannehill to Donohue. No runs.

Fourth inning:

Americans—Evers went back of first and pulled down what looked like a sure hit for Hahn. Jones reached up for a high one and fanned. Isbell also struck out. No runs.

Nationals—Sheckard grounded out, Tannehill to Donohue. Schulte struck out. Chance waited for a base on balls. Steinfeldt out, Tannehill to Donohue. No runs.

Fifth inning:

Americans—Evers made a wonderful stop of Rohe's drive over second and threw him out at first. Donohue tripled into the right field crowd. Dougherty fouled to Kling back of the stand. Sullivan fanned, the last strike being a tip foul. No runs.

Nationals—Tinker rolled an easy one to Isbell and was out at first. Evers was an easy victim of Walsh's "spit" ball. Kling out, Isbell to Donohue. No runs.

Sixth inning:

Americans—Tannehill singled down past third. Walsh was given his base. Hahn was hit in the face by a pitched ball and Tip O'Neill was put on first to run for him. The ball hit him a glancing blow on the nose and broke it. This made the bases full with none out. Jones popped up a foul which Kling captured back near the crowd after a hard sprint. Isbell fanned and the crowd went wild. Rohe cleared the bases, sending a lacer to left which struck on the foul line, scoring Tannehill. Walsh and O'Neill. Rohe was stopped at third, Donohue to Tinker. Three runs.

Nationals—O'Neil went to right in place of Hahn. Pfeister out, Walsh to Donohue. Hoffman fanned. The accident to Hahn cast a gloom over the Americans, George Davis already being out of the game and the American team is badly weakened. Sheckard lined to O'Neil, no runs.

Seventh inning:

Americans—Dougherty was safe on Tinker's fumble, Sullivan sacrificed, Pfeister to Chance. Tannehill flied to Schulte and Dougherty moved to third on the out. Walsh struck out. No runs.

Nationals—Schulte fanned, Chance out, Walsh to Donohue, on a short grounder in front of the plate. Steinfeldt went out, Rohe to Donohue. No runs.

Eighth inning:

Americans—O'Neill popped a little fly to Steinfeldt. Jones flied to Sheckard. Isbell who had struck out three times, refused to fan this time, but went out on a grounder, Evers to Chance. No runs.

Nationals—Tinker fanned. Evers also struck out, making the tenth victim of Walsh's spit ball. Kling was out, Walsh to Donohue. No runs.

Ninth inning:

Americans—Rohe was given a base on balls, Rohe stole second. Donohue sacrificed, Pfeister to Chance, and Rohe went to third. Dougherty grounded to Chance and Rohe was run down between third and home, while Dougherty stopped on third; Chance getting the put out. Sullivan flied to Sheckard. No runs.

Nationals—Gessler batted for Pfeister and was safe on Isbell's fumble of his grounder, Hoffman out, Isbell to Donohue, Gessler going to second. Gessler went to third on a wild pitch. Sheckard struck out. Schulte fanned, making twelve strike-outs for Walsh.

Final score: Americans, 3; Nationals, 0.

RAISES DENVER'S OFFER.

[BY THE ASSOCIATED PRESS—P.M.]

SPOKANE (Wash.) Oct. 11.—The Spokane Chamber of Commerce has offered the Chicago baseball clubs $15,000 to have the deciding game of the world's championship series played in Spokane. The following telegram was sent this morning:

"Garry Herrmann, president National Baseball Commission, Chicago, Ill: Spokane will raise Denver's offer $5000 for the deciding game in championship series. Fifteen thousand dollars and sunshine guaranteed.

Big Rube Had About Everything but Local Players Couldn't See Enough to Get Them Anything. Eager and Goehnauer Shine in Fielding—Mott Hits a Home Run.

Seattle 5, Los Angeles 0.

The fans are getting so chesty these days about baseball that if they don't see a shut-out game every day they chafe and dream that the great national pastime is just about like tennis or basketball.

There were two sittings of goose eggs last week when the champions were here, and the three games this week with the Siwashes have produced nothing else every day. The conditions have been such that one of the clubs has been unable to hatch out a run, and so the fans have been tearing themselves with more or less anxiety. If it were not for the relaxation furnished by reading the returns of the championship games at Chicago, and seeing Jack O'Brien box, the games these days would be bad business for those who look at them.

The Looloos were the fall guys yesterday, and Vickers was the one that made 'em stand for it. He was as right as any one needs to be and that's all any club need to know when they think about beating Rube. He struck out seven men and kept the six hits off him so scattered around that only two had a chance to get acquainted with each other and these came together in the seventh inning after two men had run their heads off trying to reach first base in that inning. This dearth of swats for us tells the whole story in one chapter.

Nagle was put in to pitch and did fine work for four innings and after that the Siwashes played eny, mene, mina, mo. Sadie's-in-the-sugar-bowl, with him. Mott bounced a home run over the center fence in the fifth inning, and McKune followed him with a hard double to left. In the sixth Van Buren and Householder picked off doubles and Croll a single and with Toman's error two more runs came in for the visitors. The seventh saw another on Mott's double, a sacrifice and a long fly and the final run was due to Blankenship's single, Bernard's pass of the ball and Croll's swipe to left.

The fielding features that aroused enthusiasm were a beautiful assist by Gochnauer in front of second base and Eager's long running catch of a foul near the right hand bleachers.

A good-sized crowd was present, and the fans rooted vociferously for the locals, but Vickers wouldn't stand for anything. He furnished the only amusement of the game by seriously trying to make a run off a fly that he knocked to Carlisle in left field, Rube not knowing that it had been caught. When the ball was thrown in from the field the Looloos fell all over it and juggled it fearfully and Rube didn't know he was out until he reached third base.

SHUTS OUT SAN FRANCISCO.

[BY THE ASSOCIATED PRESS—P.M.]

OAKLAND, Oct. 11.—Oakland defeated San Francisco today by a score of 1 to 0 in a game which was a hot pitcher's battle from the first inning. An error by Wheeler in the ninth inning was responsible for Oakland's solitary run. Score:

PASADENA BOY CAPTAIN.

R. Little Chosen to Lead the Freshmen Boys of Stanford Against Berkeley.

[BY DIRECT WIRE TO THE TIMES.]

STANFORD UNIVERSITY (Cal.) Oct. 11.—[Exclusive Dispatch.] R. Little of Pasadena was this afternoon elected captain of the Stanford freshmen Rugby team. Little has won this coveted position through the heady work he has shown himself capable of during the last six weeks of training. He is a man of light weight, short but very nimble, quick on his feet. At kicking Little is one of the most versatile of freshmen, using his left and right leg with equal ability, which is a very necessary accomplishment in Rugby. The last few days of practice have seen a very marked improvement in the freshmen playing, both in team work and speed. Cardinal students look forward to the coming game with California in high hopes of winning.

FIELD NARROWS DOWN.

Four Veteran Players Will Fight It Out for the Women's Golf Championship.

[BY THE ASSOCIATED PRESS—P.M.]

WEST NEWTON (Mass.) Oct. 11.—Four matches, two well fought and the others early decided, narrowed the field, in the third round of the women's national golf championship at the Braeburn Club today to four veteran players—Miss Mary B. Adams of the Wellaston Golf Club, Boston; Mrs. F. H. Barlow of the Merion Country Club, Philadelphia; Miss Harriet S. Curtis of the Country Club, Boston, and Miss Anita Phipps of Springfield. The players will meet in that order tomorrow in the semi-finals.

Miss Adams found a strong opponent in Miss Frances C. Griscom of the Merion Country Club, Philadelphia, the 1899 champion.

Mrs. Barlow won her match easily from Mrs. F. W. Bachelder of Boston, and Miss Curtis had no difficulty in putting out Mrs. F. Fellows Morgan of the Balurol Club, in the New York district, but Miss Phipps was obliged to play 16 holes in order to defeat her opponent, Miss Florence N. Ayres of Philadelphia.

TACTLESS BOOK ON SALE.

Is Filled With Indiscretions from the Viewpoint of Old Diplomats.

[BY THE ASSOCIATED PRESS—P.M.]

BERLIN, Oct. 11.—The late Imperial Chancellor Von Hohenlohe's "Recollections," published recently by his son, Prince Alexander, which called forth a rebuke from Emperor William for Prince Alexander's "tactlessness," were on sale today.

The book records numerous conversations between Emperor William and other well-known characters on national affairs, none of more recent date than 1884. Almost every page of the second volume contains some indiscretion, according to diplomatic rules. For instance, dining with the late Empress Augusta, wife of Emperor William I, at Baden-Baden in October, 1889, the ex-Chancellor wrote:

"She, as usual, referred with extreme caution to political questions, but she disapproved of the young Emperor's many journeys and considered his trip to Athens on the occasion of the marriage of the Crown Prince of Greece to Princess Sophia of Prussia, (the Emperor's sister,) to be a 'superfluous risk.'"

JAPANESE SEEK TROUBLE.

ROME, Oct. 11.—The newspapers here today published a private letter from Tokio that numerous Japanese emissaries have been sent to the Island of Java, Dutch East Indies, with the mission to creat incidents justifying a Japanese naval demonstration. It is reported that the Dutch authorities are much alarmed.

O'BRIEN TO FIGHT BURNS.

Ready to Sign for a Battle on Thanksgiving.

McCarey Gets Contest for a Large Purse.

Men Will Protect Themselves in Breakaways.

Philadelphia Jack O'Brien and Tommy Burns will fight in this city on the night of Thanksgiving, Thursday, November 29.

The purse will be $12,000, of which O'Brien will take $1200 before he enters the ring, and the remaining $10,800 will be divided $8100 to the winner and $2700 to the loser.

This great battle was assured to the Angeles enthusiasts yesterday when Manager Tom McCarey of the Pacific Athletic Club succeeded in having O'Brien and Burns for the match, after negotiations that extended over about ten days, and as the club has the money, and the fighters are in the ground, there is no question about the fight coming off. To make it binding on the principals, they will deposit $500 each for appearance, and as a guarantee that they will abide by the articles of agreement they signed yesterday.

So much has been said on the streets about the possibility of such a fight, and the lovers of the game have practically been certain of it for some days, that the men squabbled over a division of the purse, and then when they had agreed on that, several days after it was the question of hitting in the clinches that they stuck on. Manager McCarey knew about what each would stand, and drafted a set of articles and yesterday the three men met over these, and the pugs finally came to an agreement, after several concessions on each side.

The articles in full are as follows:

ARTICLES OF AGREEMENT.

Articles of agreement entered into and between the Pacific Athletic Club party of the first part, and Jack Burns and Tommy Burns, parties of the second part, witnesseth:

That in consideration of the sum of money to be given by the party of the first part, the parties of the second part hereby agree to box twenty rounds in the Pacific Athletic Club rooms on the night of the 29th of November, 1906, at 9:30 p.m.

That said O'Brien, one of the parties of the second part, is to receive a sum equal to 8 per cent. of the said purse of $12,000; the remaining $10,800 to be divided, 75 per cent. to the winner and 25 per cent. to the loser, unless a draw may decide.

That the Marquis of Queensberry rules are to govern the contest, and the parties protect themselves in the ring.

That no men are to break on the command of referee.

That any man who hits and holds after being cautioned twice and disqualified for such offense.

That the parties of the first part shall deposit a forfeit of $2500 as a guarantee of good faith.

That the party of the second part shall deposit a forfeit of $2500 for appearance and fulfillment of these articles of agreement.

That the men are to wear fingerless gloves instead of bandages, same as worn in the ring.

That gloves to be used are to be 6 ounces of five ounces, regulation size, box to be sealed and used in the ring.

That the men are to agree on the choice of a referee by the 22d of November, and if the parties of the second part have not reached a satisfactory decision by said date, the selection shall revert to the party of the first part.

That there shall be three time-keepers, one for each party to this contract.

That if fines shall be moving picture rights the proceeds shall be divided into three equal shares, one for each party to this contract.

In witness whereof we have this day signed our names and seals.

T. J. M'CAREY,
Party of First Part.
JACK O'BRIEN,
Party of Second Part.
TOMMY BURNS,
Party of Second Part.

Dated this 11th day of October, 1906.

No mention is made in the articles of the fight being for the heavyweight championship, but it is understood the title will go to the winner. Jeffries states that he never relinquished his title to Marvin Hart when he refused fight with Root, for he claims the right to pass it to any man. Whether he said was the title Hart and Burns won what Hart said at their meeting in this city a few months ago. Technically, or by decision, Burns holds the heavyweight championship, and the winner of the fight will undoubtedly call himself champion.

COLLEGE WANTS ONE YEAR RULE.

OCCIDENTAL STUDENTS WISH NEW CONSTITUTION.

Meeting of Representatives of Southern California Institutions May Be Held Soon to Organize Conference to Govern Athletics in Intercollegiate Contests.

Occidental students voted by a heavy majority that the new constitution should read that after September 1, 1908, all contestants in intercollegiate athletic games shall be of college rank and in the college department. This would prohibit U.S.C. law, medical and dental men from engaging in the games. The barring of academy students from college games is in accordance with the practice of eastern institutions, and prohibits a man from engaging in intercollegiate contests more than four years. It was intended that this rule should go into effect September 1, 1907, but the amendment making it one year later was carried, as the students did not believe the college would be able to get along without the academy until that time.

The action of Occidental students yesterday was in accordance with a movement to form what would be known as the Southern California Athletic Conference. Representatives from Occidental have prepared to meet representatives from Pomona and U.S.C. at a meeting to be held tomorrow for the purpose of forming such a conference, but advices from Pomona and U.S.C. last night say that those schools have not been notified of such a meeting taking place, and that they do not expect to attend in the circumstances. So far neither has refused to take part in such a meeting, which was to have been held last Saturday, but was postponed.

CONSTITUTION PROVIDED.

The last meeting, which was held a month ago, was given over to preliminary discussion, and the only important matter consummated was that a constitution be drawn up to govern local intercollegiate athletics for the future. The constitution has been drawn up and copies handed by the representatives to their respective schools for ratification. The constitution provides for an athletic board of control, to be composed of one student and one member of the faculty from each institution. This board will have charge of all local athletic contests and will settle many questions that have had to go unanswered in the past.

Championships will be decided on the following basis: In baseball the pennant will be awarded to the institution whose team has the highest percentage; in track athletics the championship will be awarded to the winner of the conference meet, and in football, public opinion will decide the championship.

The matter of adopting the new constitution came up before the student body of Occidental College yesterday. The representatives were empowered to incorporate in the constitution practically all of the articles submitted. If the constitution is adopted as favored by Occidental, no student who enters from another college will be allowed to compete in southern athletics until he has attended the school for one year. At present but one semester's residence is necessary.

The new constitution provides that all contestants in intercollegiate contests must be A.A.U. men. This will then not make it necessary for the colleges to investigate the standing of their opponents' athletes. It is also provided that questions of eligibility shall be given prompt consideration by the institution in which the athlete under question is a student. If a question is raised and the facts of the case submitted to the faculty, an answer must be forthcoming within five days, giving full information and all the facts of the case.

FRESHMEN TEAMS READY TO PLAY.

CALIFORNIA AND STANFORD MEET IN RUGBY.

State University Fifteen May Be the Favorites on Past Performances but Cardinal Supporters Will Rally to the Support of the Palo Alto Aggregation.

(SPECIAL CORRESPONDENCE OF THE TIMES.)

STANFORD UNIVERSITY, Oct. 11.—With the approach of the freshmen intercollegiate Rugby match October 13, the Stanford men have picked up wonderfully. Especially during the last week has there been marked improvement in every phase of the game. September 29 the Stanford freshmen played the Santa Cruz Rugby team and while not beaten badly showed great inferiority to that fifteen in every way, excepting perhaps team work. Last Saturday the California freshmen played Santa Cruz and gave them a decided defeat, which augurs nothing good for the cardinal in the intercollegiate next Saturday. The two games with Santa Cruz have been the only means for comparison between Berkeley and Stanford, and consequently have had a great effect in putting Stanford down as a bad loser at the end of the week. Still, betting is even and no odds have been offered as yet by the California students. It would appear that the defeat of last year is too fresh in mind, when forming conclusions by comparative scores they gave long odds and lost.

For the last few days Stanfordites have been a good deal alarmed as to the final outcome of the game, but Coach Lanagan and his assistant, Ballsback, appear in good spirits.

The fifteen has not yet been picked but it is quite evident who will make the team and who will not. Mr. Mitchell, who played last year with the Los Angeles High School eleven, has been doing star work and without much doubt will make the position of "five" which he has been training for. Mitchell did some clever playing in a match last Saturday, when he scored after a sensational run.

Charles Thorpe, of Los Angeles, last year a player on the crack Belmont eleven, is also sure to make his position, which is among the forwards. Thorpe has not been a spectacular player, but his work is steady and his head level, a most important thing in Rugby, where so much depends on deciding on the right thing to do, and then doing it without any loss of time.

Robert Little, of Pasadena, has made an exceptional showing as "half" and because of his brilliant work all through the training will probably make the team. Especially has Little done well in kicking, another very essential quality in Rugby.

Cowan Is Champion.

STANFORD UNIVERSITY, Oct. 11.—William Tunnack of Queensland, Aus., has been selected to referee the intercollegiate freshmen Rugby game that will be played here next Saturday. His selection means that the freshmen game will be played under the Australian interpretation of the conference rules.

A. J. Cowan of Los Angeles won the tennis championship of Stanford yesterday by defeating P. B. Delano of New Bedford, Mass., by the score of 5-7, 6-4, 7-5, 6-2.

Graduate Manager Sales announced today that the 'varsity will play Rugby against the fifteen from the University of Nevada October 20. On October 31 and November 3, the Cardinal fifteen will meet the championship fifteen in Vancouver, B. C.

ADDRESS IS UNTIMELY.

ST. PETERSBURG, Oct. 11.—The decision to abandon the ceremonial petition of the British address to the dissolved Russian Parliament is received here with general satisfaction even by members of the Constitutional Democratic party. The British delegation to present this address has little to fear in the way of violent counter demonstration and in response to anxious inquiries it was so informed today by Prof. Milukoff, a leader of the Constitutional Democrats. The dwindling in the size of the deputation and the lack of prominence of its members has deprived the projected visit of importance in the political game and rendered it nothing more than an embarrassment to friends and foes alike.

HARVARD ALUMNI CAUTIOUS.

BOSTON, Oct. 11.—[Exclusive Dispatch.] Harvard alumni are organizing in Boston national headquarters and an information bureau to keep tab on graduates and look up men who pose as "Harvard graduates."

Charles W. Bennett, an aged lawyer, who was prominent as a candidate for United States Senator when Utah was admitted to Statehood, was run down and killed by a street car in Salt Lake City yesterday. Bennett, who came to Utah from Wisconsin, once held a judicial office in Chicago. He was seventy-five years old.

COYOTES EAT DROWNED MAN.

IMPERIAL, Oct. 11.—The body of a man was found today in the driftwood deposited by New River near Silsbee, during the flood of last summer. He had thrown off most of his clothing evidently to swim. The coyotes had defaced the body beyond recognition. It was that of a young working man. The teeth do not fit the description of Worth Merritt, who was lost near there.

When we offered **Goldfield Silver Pick Leasing Syndicate** stock at **15 cents** per share that the allotment at that price would last but a little while. In just **9 days** that allotment was **over-subscribed** by many thousands of shares.

Your Next Opportunity

In this stock is in the allotment that we are now selling at **30 cents** per share and which is being subscribed for at a rate that indicates another great over-subscription within a very few days. In the light of the developments which have occurred since we first placed this stock before our customers, it is a surer, safer buy at **30 cents** per share than it was at **15 cents**, for while we never had the slightest doubt of the great value of the **Silver Pick Lease**, situated as it is between the famous **Mohawk, Combination** and **January** mines, phenomenal producers, actual work on the property itself absolutely proves our confidence. Our latest telegraphic advices state that the entire shaft constituting the main working of the lease **is in ore for 25 feet,** which means that the property has already reached the shipping stage---a point in development that places it within sight of the dividend goal. With the exhaustion of the current allotment at

Thirty Cents per Share

Will pass the opportunity of buying **Goldfield Silver Pick Leasing Syndicate** stock at less than **50 cents** per share if, indeed, the company offers any more stock at any price. When the actual shipment of ore commences, which must be soon, this stock should go to par on the open market, affording tremendous profits to those who bought at 15 and 30 cents.

Classified Liners.

Times "Liner" Advertisers—Important. Note change in rate for Sunday classified advertisements. Commencing Sunday, October 1, 1905, the rate for Sunday "Liners" was raised to 1¼ cents per word for each insertion; minimum charge, 25 cents, as at present. This slight advance is amply justified by the present Sunday circulation of The Times, which averages over 70,000 copies. (When the 1-cent-per-word rate was established in 1893, The Times Sunday circulation was only 14,000 copies.) The "Liner" rate for the daily—1 cent per word—will stand as at present.

Telephone your want advertisements. Ring up "The Times" any time of day or night, and secure prompt and careful attention. Rates one cent a word each insertion in the Daily; 1¼ cents per word in the Sunday edition; minimum charge, 25c.

"Liner (classified) advertisements for Sunday insertion received over the counter or by telephone after 11 o'clock Saturday nights will be inserted under heading "Too Late to Classify."

The Times cannot guarantee accuracy or assume responsibility for errors of any kind occurring in telephoned advertisements.

Sunday real estate advertisements, to be classified properly, must be in The Times office before 10 o'clock Saturday nights. Rate 1¼ cents per word.

BARGAIN—BARGAIN.
NORTHEAST CORNER 8TH AND FLOWER.
NORTHEAST CORNER 9TH AND FLOWER.
$80,000—$80,000—$80,000.
130 ft. on Flower, 80 ft. on Ninth.
About $480 per ft. About $400 per ft.
You are invited to compare this price per front foot with the selling price per front foot on other properties within this district. Corner of Seventh and Flower sold for $1500 per ft.; corner of Eighth and Flower for $900 per ft.; Hope st. frontage, between Seventh and Eighth, sold for $700 per ft.; 40 foot front on Flower between Ninth and Tenth, sold for $800 per ft.
Ninth st., the coming business thoroughfare, now being paved from Main to Union. Is it not a fact that with the completion of this work that Ninth st. values are bound to double within six months.
These are merely a few facts showing the northeast corner of Ninth and Flower to be the most logical investment on the market. It will never be cheaper. Investigate for yourself. Price $80,000. About $35,000 will handle this.
CORNER ON EAST EIGHTH ST.
CORNER ON EAST EIGHTH ST.
$72,500—$72,500—$72,500.
Fine close-in business corner on E. Eighth st. Total frontage 191 feet. Present improvements are 3-flat building and double cottage. Income $2244 past year. Investigate near-in Eighth st. values and the improvements to be placed in that section, then purchase this fine bargain, as an investment.

READ THIS CAREFULLY!
"CONCERNING JEFFERSON STREET!"
Read articles in Examiner and Express yesterday about immense station projected for corner Jefferson and Grand for Gould and Huntington lines.
Statements and rumors of this kind have a foundation. Almost every owner thereabouts refuses to sell.
I have option for few days on fifty feet on Jefferson, directly opposite proposed $500,000 station. Price $7000, $2000 under value. Absolutely nothing in vicinity less than $200 foot. $2000 to $5000 profit by Christmas. If station is built, will be worth $20,000. It is by far the biggest bargain on Jefferson today. FOR SALE—
The Montgomery ranch, formerly owned by Col. Wyatt, the theatrical magnate.
This ranch contains 78 acres finest level land, the soil of the very best quality, unbroken, and without alkali, producing heavy crops of alfalfa, beets and fruit, together with a 6-room house, veranda on two sides, very large barn, with 20 stanchions one side, box stalls for horses on the other side, harness house, wagon shed, tool shed, and extra building for help; well regulated chicken corral and houses; fine well, affording 90 inches of water, right on the grounds, very large and high windmill and tank, costing $475, water piped throughout the grounds and house; also one-half interest in one of the largest flowing wells in the county; a fine pair of draft horses, worth $500; another young draft horse, worth $250; saddle and driving horses, Jersey cows, 75 to 100 hens, about 50 tons hay, all tools, such as a good team wagon, sulky plow, harrow, mowing machine, horse rake, heavy and light harnesses, fine family carriage, good new surrey, road wagon and gig, saddles and bridles, all the furniture in the house without reserve.
This place has fine, large trees around the buildings, making beautiful shade and like a park, with easy chairs and hammocks.
The ranch is situated five miles from the city limits, on a great thoroughfare, 1-3 mile from the electric road, twenty minutes from the Huntington depot, 11c commutation fare, and is offered positively less than its intrinsic value, as the owner is largely interested in the cattle business in Wyoming and must sell in order to attend to his interests there.

LONE ROBBER LOOTS STAGE.

Quiet Pedestrian Brings Two Guns Into Action.

Suddenly Halts Vehicle and Secures Treasure.

Accuses Wealthy Southerner of Peonage.

[BY THE ASSOCIATED PRESS—P.M.]

TONOPAH (Nev.) Oct. 11.—Word has been received here that the stage between Manhattan and Round Mountain was held up by a lone bandit in broad daylight at 10 o'clock this morning at a point two miles from Round Mountain. The bandit secured the express box and all that the driver and one passenger had.

It is said at Manhattan that the express box contained the pay roll funds of the Wilson placer and other mining property at Round Mountain, $5000 in all. It is also stated that there was but $700 in the box, and $50 on the men. The bandit was walking on the road in front of the stage. He whirled when it came up and presented two guns and forced the driver to throw out the box. The driver and the passenger were unarmed. Posses are now out from Round Mountain and Manhattan.

BROUWER FEELS ENCOURAGED.

DOCTOR ACCUSED OF MURDER, MORE CONFIDENT.

Testimony in Toms River Trial Largely Circumstantial and Favorable to Defendant—Physician Exonerates Him from Charge Made in Issuance of Certificate.

[BY THE ASSOCIATED PRESS—A.M.]

TOMS RIVER (N. J.) Oct. 11.—Today, the fourth day of the trial of Dr. Frank Brouwer, who is charged with slowly killing his wife through the medium of small doses of poison, finds the cast of the prosecution well toward completion. Some more expert medical testimony will be presented, and then witnesses will be called through whom the prosecutor expects to establish a motive for the alleged crime.

The witnesses who have already testified were produced in an endeavor to show that a crime had been committed and how it was accomplished. The testimony taken as a whole was largely circumstantial.

The proceedings yesterday, Dr. Brouwer's attorneys and friends said, were favorable to the defendant. Dr. H. H. Cate, who was expected to give damaging testimony, practically absolved the doctor from any wrongdoing in connection with the issuance of the death certificate. It had been stated that Dr. Brouwer induced Dr. Cate to sign a false death certificate, but Dr. Cate testified that this was not true. He testified that Dr. Brouwer did not ask him to sign the certificate, which stated that death was due to Bright's disease, and he further stated that Dr. Brouwer did not even know he was to sign the certificate.

Dr. Cate, it will be remembered, disappeared soon after Mrs. Brouwer's death, and this at the time was deemed to have significance in connection with the case.

Dr. Cate, in answer to the prosecutor's questions, said that his disappearance had no connection with the death of Mrs. Brouwer. He said he went to New York and that was the last he remembered until he came to in Goshen. Dr. Cate also gave his reasons for supposing that Mrs. Brouwer had died of Bright's disease.

The cross-examination of several nurses who attended Mrs. Brouwer was also deemed as having developed a number of points favorable to the defendant.

Dr. Brouwer at the close of the session showed by his face and manner that he believed the day's proceedings had been favorable for him. He was brighter than he has been at any time during the trial, and his face showed the relief he apparently felt.

Women form a majority of the spectators at the trial. Nearly three-fourths of those in attendance yesterday were women. Later in the afternoon two school teachers came in with about twenty-five girl pupils. They remained interested spectators until court adjourned.

The plan of the prosecution to prove that Dr. Frank Brouwer had a motive for wishing to be rid of his wife was partially disclosed immediately after the resumption of his trial today.

Surrogate Joseph Grovan of Ocean county testified that Mrs. Brouwer's estate was valued at $60,000, and that Dr. Brouwer and his two children were the beneficiaries.

Dr. Clarence Disbrow testified that he had attended Mrs. Brouwer eleven days before her death. He would not swear that Mrs. Brouwer was suffering from strychnine poisoning.

DIED AN EMBEZZLER.

THEFTS REACH $500,000.

[BY THE ASSOCIATED PRESS—A.M.]

PHILADELPHIA, Oct. 10.—According to a statement which the Public Ledger will publish tomorrow morning on the authority of the member of the Wampole company, Henry K. Wampole, the drug manufacturer whose body was found recently in the East River, New York, died an embezzler of a large sum of money. It is asserted by the Public Ledger that Wampole robbed his business partners systematically. The amount secured by Wampole is estimated at $500,000 and may be found to be much more.

ABANDONS TRIAL.

FOUR-YEAR STRUGGLE ENDS.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, Oct. 11.—[Exclusive Dispatch.] Victor O'Shea, who murdered his young wife four years ago, and who has been at liberty on bonds most of the time since, probably never will be tried again. At least such was the intimation today by his attorney.

The State's attorney opposed this with a vague statement that the case would be tried "some day." He has been tried twice. The first time the jury disagreed. The second time he was convicted of manslaughter, and appealed.

GAMBLERS FIGHT DUEL.

BOTH RECEIVE WOUNDS.

[BY THE ASSOCIATED PRESS—P.M.]

DENVER (Colo.) Oct. 11.—James Thornton and A. E. Hoffsess, gamblers, engaged in a pistol duel in the office of the Inter Ocean Brokerage Company on Curtis street, between Fourteenth and Fifteenth streets, this afternoon, and Thornton received a wound in the abdomen which may prove fatal. He is now at St. Luke's Hospital. Hoffsess was shot in the right wrist.

Thornton walked nearly a block to a drug store and fell exhausted in the doorway. Hoffsess awaited the coming of the police and submitted to arrest. Hoffsess was recently discharged from the employ of the Inter Ocean Company, and Thornton had succeeded him. Bad feeling resulted, and when the men met today, it culminated in a duel.

Both men are old-timers in Denver and have families.

STRANGERS ARE ARRESTED.

SUSPECT ONE OF ROBBERY.

[BY THE ASSOCIATED PRESS—P.M.]

STOCKTON, Oct. 11.—Two strangers, who have been in town a day or two, were arrested today by Detective Donahue, and a number of cheap watches and knives were found on them, which were stolen the first of the week from a store in Elmwood, Stanislaus county. The store was broken into and a lot of merchandise was stolen.

Police have no further information to lead them to hold the prisoner, Harrison, one of the men arrested as a San Francisco suspect, but he will be detained on a charge of burglary on the Stockton steamer on the trip from San Francisco. It is charged that he entered the purser's room and rifled the officer's trousers, but Harrison says he was looking for a place to sleep.

ARREST SUSPECTS.

MAY BE MURDERERS.

[BY THE ASSOCIATED PRESS—A.M.]

SAN FRANCISCO, Oct. 11.—George F. Lesch and Ed. Langley, two youths of twenty, were arrested last night on Golden Gate avenue and are being held in detinue at the Bush-street Police Station on suspicion that they may be the long-sought gas-pipe murderers.

The arrest was brought about by a pawn broker in whose store they were bartering for a revolver for $2. He became suspicious and notified the policeman on the beat, who put both men under arrest. Langley and Lesch, the names under which they are booked, give their ages as twenty years each. They say they are sailors, but cannot remember their ships. They are rough-looking and roughly dressed.

ACCUSED OF MURDER.

FARMER UNDER ARREST.

[BY THE ASSOCIATED PRESS—A.M.]

DESPLER (O.) Oct. 11.—Orson Brokaw, a young farmer, has been arrested by Sheriff Johns of Napoleon on a warrant charging him with murder in the first degree.

Miss Jennie Dicker, said to be Brokaw's sweetheart, took a quantity of poison a week ago and died five days later. The warrant was sworn out by John Miller, brother-in-law of the dead girl, who alleges that Brokaw bought the arsenic for the girl with the knowledge that she would attempt self-destruction. The young man was given a hearing and was held to the grand jury in bonds of $2000, which his father furnished. The trouble is said to have arisen over the objections of the parents of the young couple to the match.

TWO ROBBERIES REPORTED.

HOLD-UPS IN BAY CITY.

[BY THE ASSOCIATED PRESS—A.M.]

SAN FRANCISCO, Oct. 11.—The police have been notified of two robberies that occurred last night. Ernest Adams, a candy maker, was held up in his own back yard at the point of a revolver and robbed of $10. Mrs. J. C. Robinson, a refugee, was the victim of a footpad with a revolver who entered her tent and asked for money. Not until the man had endeavored to wrest a wedding ring from her finger did the woman product a dollar, all the money she had. In both cases the robbers escaped.

ACTIVITY IN COPPER.

BOSTON, Oct. 11.—[Exclusive Dispatch.] The copper situation in the general market is considered remarkable. Sales have been made into February at 24¾ cents, and the price is still going higher.

MILLIONS OF MONEY LOST TO ENTERPRISE.

Silveira's Defalcation Cripples Vast Latin-American Enterprises—Comprehensive Cuban Railroad Scheme Must Be Abandoned.

[BY THE ASSOCIATED PRESS—A.M.]

NEW YORK, Oct. 11.—Manuel Silveira, the defaulting Havana agent for the firm of J. M. Ceballos & Co., is not on board the steamer Carmelina, on which he left Havana, October 2, but on another steamer, which he boarded at sea two days after leaving the Cuban capital, according to information which was given out here today.

It is reported that the present whereabouts of the Carmelina is known, and that the destination of the other steamer, to which Silveira and his family were transferred, also is known. The charge of defalcation of more than a million dollars, which has been made against Silveira, was made, according to Attorneys Sullivan and Cromwell, after the news of the Carmelina and the other steamer had been received in this city.

When Cromwell was questioned at his office regarding the transfer of Silveira and his family from the Carmelina, after leaving Havana, he said: "That is something that I do not care to discuss, because it would be giving a hint. All my efforts are being directed now to capturing the man."

Cromwell would not say if detectives were on the lookout for Silveira in South American ports and elsewhere, nor would he say if detectives had sailed on the steamship Curity Baya, or on the Morida, today, as reported.

CABLES SENT BROADCAST.

[BY THE ASSOCIATED PRESS—P.M.]

NEW YORK, Oct. 11.—Cablegrams to all ports in the world were sent out, today, asking the authorities to keep watch for Manuel Silveira, the Havana banker.

FAILURE SURPRISED BANKERS.

News of the failure of J. M. Ceballos & Co. was a great surprise to the banking and commission houses in the financial district, where the head of the house was regarded as the most aggressive merchant and banker in the Cuban-American trade.

Ceballos & Co. spread their vast enterprises over the West Indies, South America, and as far as Spain. Silveira & Co. have been for many years their agent in the Latin-American countries. This firm consisted of bankers and merchants in Havana, and was considered a bulwark of financial responsibility. The two firms were in the van of the big developing companies on which Cuba relied for her future prosperity.

Juan M. Ceballos, head of the firm, has been for years, prominently identified with many international enterprises. He has had a few Wall-street connections, and his house was regarded as not so much a Wall-street concern as a promoter of Latin-American enterprises. The effect of the assignment on local firms is problematical.

REALLY MEANS $4,000,000.

A man who has close business relations with the firm said the loss of $1,000,000 really crippled the house to the extent of $4,000,000, in curtailing its credit to that amount. The loss, he said, could not come at a worst season for the reason that the house lends money for the handling of the sugar crop. Its funds were tied up, he declared, in such loans, and it was impossible to recall them.

The failure is considered certain to have a damaging effect upon business in Cuba. Among other things, it means the abandonment of a comprehensive Cuban railroad scheme, which contemplated the construction of an entire new railroad system, reaching all the Ceballos properties and covering all that large part of the island now with inadequate transportation facilities.

ACCOUNTANTS EXAMINE BOOKS.

[BY THE ASSOCIATED PRESS—A.M.]

HAVANA, Oct. 11.—At the office of Silveira & Co. here today, Francisco Aballi, counsel for Manuel Silveira, the fugitive Cuban banker, who left Havana October 2 with his family on the tramp steamer Carmelina, ostensibly bound for New York, refused to give out any information regarding his plans, but said he probably would issue a statement later in the day.

Two expert accountants are examining the books of the firm, under the instructions of José Becia, a silent partner of Silveira.

LABOR.

UNION PROMISE IS WORTHLESS.

CARPENTERS GET RISE, THEN BREAK THEIR WORD.

Jawsmiths Try Their Best to Hold Back Great Pasadena Enterprise in Building Wentworth Hotel, but Only Succeed in Causing Dupes to Lose Their Jobs.

No more striking illustration exists of the futility of expecting a labor union to deal fairly with an employer than is now demonstrated at the new Hotel Wentworth in Pasadena.

The management of the concern that is erecting the new building made every effort to treat the men working on the job with all fairness, and succeeded to such an extent that the carpenters who quit work several weeks ago at the behest of the paid walking delegates told of their regret when asking for their money.

The union delegates descended upon the contractors, knowing that the necessity of the building being completed at a scheduled time is paramount, and demanded that the wages of the carpenters be advanced from $3.50 to $4 per day.

There would be no trouble, the union men said, if this demand was granted. The rise was immediately given them, and the unionites agreed to make no more demands.

But the two union agitators of Los Angeles and Pasadena thought that if the contractors were so willing to grant the first demand, they could ask more, and consequently a demand for a closed shop was made. This the contractors curtly refused to grant, and out of the 200 carpenters working but eighty quit work, and these men expressed their regret that they should have to leave.

There are about six hundred workingmen altogether employed at the big new building, and the paid troublemakers from the unions tried to get these men to strike with them. Their efforts were in vain. The plasterers and other building-trades workingmen refused to listen to the jawsmiths, and elected to hold on to their good-paying jobs.

The carpenters themselves say that they have no grievance as to hours or wages, as the employers at the job had treated them with all consideration. Recently the walking delegates of the totemites have "picketed" the job, and tried to keep free workingmen from securing employment at the place. They have been unsuccessful, and the places of over half of the men who quit have been filled and more are coming every day.

REFUSE UNION DEMANDS.

RAILWAY MANAGERS FIRM.

[BY THE ASSOCIATED PRESS—P.M.]

CHICAGO, Oct. 11.—The general managers of the railroads in Chicago who recently received demands from the union switchmen on their lines that an eight-hour day and other concessions be granted, have decided to refuse the demands of the men.

BAKERS STRIKE IN AUSTIN.

SOLDIERS AVERT FAMINE.

[BY THE ASSOCIATED PRESS—P.M.]

BUDA PEST, Oct. 11.—The journeymen bakers of Buda Pest today voted in favor of a strike, and immediately after 2500 of them announced they were quitting work. The master bakers, however, decided to work in the larger establishments, and the military bakeries will supply bread. There is no fear of a famine.

Strikers Threatening.

LA ROCHELLE (France) Oct. 11.—The strikers at the arsenal and shipyards are assuming a menacing attitude. Several skirmishes have taken place between the striking workmen, troops and police.

The congress of workmen's unions, which is drawing to a close at Amiens, France, yesterday decided to continue the agitation in favor of an eight-hour day and to prepare for a general strike to be called at the discretion of the central committee.

KEMP WORE IT, BUT WHO PAYS?

BARBOUR SAYS HE LOANED HIS CREDIT TO ATTORNEY.

Tailor Brings Suit to Recover for Suit Furnished Lawyer Upon Promoter's Order to "Give Him the Best You've Got"—Judge Must Decide What This Means.

Henry P. Barbour, the former promoter, was taken into court yesterday to explain what "give the best you've got" means in promoter dialect.

He says it didn't mean that he was to stand the cost of a suit of clothes and overcoat for his attorney, Robert Kemp. He draws the line at adding this $140 to ..is already heavy burden.

The attorney Kemp, was put to the embarrassment of trying to prove that Barbour meant to stand for his bill at the tailor's. Kemp claims Barbour owed him money, anyhow.

According to Kemp's testimony, he was about to leave for San Francisco, and felt the need of new clothes and an overcoat. He spoke to Barbour about it. At that time the promoter was in the heydey of his prosperity.

He grabbed up his hat and escorted the pleased attorney down to a tailor named Esperito, in the store below his office.

"Frank," said the promoter familiarly to the tailor. "This is Mr. Kemp. He is one of the best lawyers in the town, and a good fellow. Give him the best you've got."

The suit has long since been worn out; likewise the overcoat that went with it. The tailor has a cruiosity to know who is to pay.

Merely as a tentative measure, he had a lawsuit against Kemp on trial before Justice Pierce yesterday.

Barbour sat in the audience while Kemp related the circumstances.

"Why don't you call him to the witness stand?" said the court at last, amid a silence of painful embarrassment.

"All right," said the attorney, flushing.

Barbour slowly went on the witness chair.

"I didn't tell the tailor to charge the clothes to me," said Barbour. "I just took Mr. Kemp down to the shop and told the tailor to treat him well."

"What did you mean by that?" asked the court cautiously.

"Well," said the promoter, "at that time, your honor, I had a pretty good credit in this town, and I was lending him a little of it; that was all."

"You were doing this merely as kindness to him," suggested the court.

"He was not," interposed Kemp warmly. "He owed me the money. I merely gave him credit on the books for the amount."

"Yet he was fixing it so you could go to San Francisco?"

"But he owed me the money."

"Oh well, people frequently owe people money," said the justice laughing.

Tailor Esperito's version was given in agitation and over a brilliant red vest.

"They told me he was a lawyer; when they said he was a lawyer, I thought it must be all right." (laughter and loud applause.)

The excited tailor said that he understood Barbour to be merely guaranteeing the bill, not paying for the clothes.

The weighty matter was postponed for further hearing until today.

At that time Mr. Barbour is to present the bill for the clothes with which the tailor favored him.

"When I returned all my papers were handed to me in a box," said Barbour pathetically. "I will try my best to find it."

FLASHES FROM WIRES.

According to a Cleveland dispatch, the disclaimer by John D. Rockefeller in saying in a recent interview in the Cleveland Plain Dealer, that the French people hate us, is borne out by W. S. Couch, who wrote the article. The phrase in question appeared in that paper through an error. It had no place whatever in the interview proper. What Rockefeller wished to convey was that all our European trade rivals are ready and anxious to take advantage of our commercial and industrial blunders.

The Constantinople correspondent of the London Daily Telegraph says in a dispatch that he understands on excellent authority, that John G. A. Leishman, the American Ambassador to Turkey, will approve the proposed increase of a 3 per cent. customs surtax as regards American products on the porte's acceptance of certain American demands.

BURGLAR GETS TWO HUNDRED.

With a pair of scissors a burglar pried off the hinges of a trunk at the home of D. Kuroda, a Japanese, at No. 256 East First street, this morning about 12:30 o'clock, and secured $200 in bills. In his haste the thief overlooked $53, stored in the trunk, and some jewelry. Although the residents of the house were awakened as the burglar was making his escape, they did not realize what had happened, and the police knew nothing of the robbery until Officer Peterson began an investigation of the commotion in the house. According to the police the thief worked with all boldness, but did not awaken the lodgers in the house until leaving. There is no clew to the identity of the burglar.

2nd. Annual Autumn Sale

J. R. Lane Dry Goods Co.

327-329 South Broadway

2nd. Annual Autumn Sale

THE CITY IN BRIEF

NEWS AND BUSINESS.

Household Goods.

B. Overman was arrested by detectives last night on suspicion of having stolen household goods several weeks ago. According to the officers Overman was arrested several days ago on a similar charge, but was released.

Run Over by Wagon.

George Adams of Spokane was run down by an express wagon at the corner of Third and Spring streets, yesterday. He was thrown to the ground and severely cut over the forehead by the pole of the wagon. He was taken to the Receiving Hospital.

To Inspect Eastern Car Lines.

Chief Engineer G. J. Kuhrts of the Los Angeles Railway Company left last night to attend the annual convention of American engineers at Columbus. During his trip of one month he will inspect the street-railway systems of Boston, New York, Washington, D. C.; Philadelphia and Chicago.

Vesper Service Changed.

Knights of Columbus will hold their annual Columbus Discovery Day's vespers service at St. Vibiana's Cathedral SunCay evening, at 7:30 o'clock, instead of Friday evening as already announced, on account of the absence of the Rt. Rev. Bishop Conaty, who will deliver the sermon for the occasion. Everybody is cordially invited.

Suffers Fractured Jaw.

Charles Eberts of No. 3535 Dayton avenue, suffered a fractured jaw in a peculiar accident yesterday. With a number of others, Eberts was loading a stationary engine into a big truck. In some way the mass of steel and iron became overbalanced and toppled to the ground. Eberts was struck by it and his jaw was badly broken.

Architects' High Jinks.

The annual meeting and high jinks of the Southern California Chapter of the American Institute of Architects will be held at Alamitos Bay on Saturday afternoon. A private car will leave the Huntington depot at 1:30 o'clock to carry the busy builders to the city of canals. There will be a banquet and an early evening cruise about the bay in a launch.

Found Full of Stabs.

H. Galligan was found in a lodging-house at No. 345 East Fourth street last night suffering from numerous stab wounds on various parts of his body. Residents of the house notified the police that a man seriously injured was there. An officer sent him to the Receiving Hospital. Galligan told the police he had an argument with an employe of a pool hall at No. 335 East Fourth street and was injured in a fight. The police will investigate today.

New Realty Board.

There was a representative gathering of realty dealers at Highland Park last night to consider the advisability of organizing permanently as a realty board. F. N. Hart was chairman of the meeting and F. H. Hodges secretary. The permanent organization was decided upon, and a number of committees were appointed to make all necessary arrangements, and report at another meeting to be held on the evening of October 18.

H. W. Hellman Only Tired.

There was a story in business circles yesterday that Herman W. Hellman, who has just returned from a trip to San Francisco, was seriously ill at his home, No. 848 South Hill street. Members of the family said last night that the only foundation for the report was that Mr. Hellman had returned from San Francisco tired out from his trip, and that he was not sick in any degree. No physician even, it was stated, had been called in to attend the financier.

Put Out With Extinguisher.

It took a crack on the head to illustrate to five or six tough colored boys the lack of etiquette in yelling, "Why, howdy do, Julia," and "Hello, Bill," to the actors and actorines at the Orpheum when they came out on the stage last night. The bouncer tried to put them out single-handed, but they warned him away with, "Don't you hit me, man." A gentleman, offended at the disturbance, finally whaled them on the head with a fire extinguisher and put them out. (Joke.)

Alleged Hollywood Disturbers.

A gang of young men has been causing a reign of terror in East Hollywood, disturbing church meetings, destroying hymn books, "shooting up the town," and generally raising trouble. Deputy Sheriff Holman arrested Clarence Conk and Delbert Herrin last night at their homes on Dayton Heights on the charge of having led this gang. Although they both deny being in the disturbances, they were brought to town and locked in the County Jail. Herrin is 22 years old; Conk 22. They will bearraigned today.

Real Name on Catsup.

In the article on pure foods published in The Times of last Sunday an unintentional slur was cast on Bartlett's Clover Leaf Catsup. The catsup was not mentioned in the article, but a type line under one of the illustrations conveyed the impression that it is marketed under a name not that of the maker. It is made by the Bartlett-Cuokhard Pickle Company, and sold with Mr. Bartlett's name on it. A city official states that the firm has always complied thoroughly with all the laws, and that their product is as pure as any put on the market. Bartlett invites the public to go through his plant, and will give the formula of his catsup to any one interested.

BREVITIES.

Mr. Ernest Douglas will give the first of a series of organ recitals at St. Paul's Pro-Cathedral this evening, at 8 o'clock. An invitation to attend is extended to all who would hear truly great music. "The Douglas recital at St. James Church, last Saturday was largely attended. Mr. Douglas has a beautiful organ touch and his technique is superb. It is a revelation of the possibilities of the organ to hear him play. His numbers were given with a spirit, smoothness and finish that was delightful."—[Cambridge (Mass.) Chronicle.

J. W. Frey has moved his stock of mantels, grates, tiles and andirons to his warerooms at corner of Los Angeles and Twelfth streets, where can be seen the largest assortment of black and brass fireplace trimmings to be found in the United States at lowest prices.

CLOUDLESS PROPAGANDA.

Secretary of Hawaii Promotion Committee Here on Campaign to Attract Visitors to Isles.

H. P. Wood, secretary of the Hawaii Promotion Committee, accompanied by Mrs. Wood, arrived yesterday from Honolulu, and is registered at the Angelus. Mr. Wood, who was formerly secretary of the San Diego Chamber of Commerce, will spend several weeks on the mainland for the purpose of laying out in a general way and perfecting the details of a campaign which is to be carried out this winter to attract coast visitors to the Hawaiian Islands for a sojourn.

From San Diego to Vancouver, if not to ice-bound Alaska itself, Wood will travel this month and next, spreading the propaganda of a cloudless realm and of the joys of life in the elysian fields that spread beneath the wide sweep of the royal palms of fair Hawaii.

The affairs of the committee have been handled on the mainland for a number of years by Miss Laura Whitlock, who has come to be recognized generally among the railway and resort interests as one of the cleverest and most proficient publicity experts in the country. Her work in behalf of the Hawaii Promotion Committee has been indefatigabl and covers a scope of territory almost incredible. Her field has extended from her Los Angeles headquarters as f r north as Nome, south to Chile and the Argentine, and across the Atlantic to the old world countries.

TRANSACTIONS IN EARTH.

A. E. Boles buys of the Dunn estate, through the agency of the C. J. Heyler Company, lot 129x346 feet, on the south side of Twentieth street, between Vermont avenue and Alvarado street; consideration $3100. Rudolf Maussard sells to a local investor through the same agency, 130x145 feet to an alley, on the west side of Lake street, between Twelfth and Pico streets; consideration $12,000.

Will C. Prather & Co., report the following sales: House and lot, 1032 West Thirty-second street, for Owen F. Dunn to Agustin Echeverria, 40x150 feet. Buys for an investment, $2500. For Foster Wright and others, an eight-room house, large grounds, 1016 West Thirty-eighth street, to Mrs. N. Madge Long, $4000. Two lots, 50x150 feet, each, on Fifth avenue, for Alfred Keating, to A. Etchepare, price $2800. For Wm. Bartling, lot 71x145 feet, improved with an eight-room modern house, 1119 West Twenty-ninth street, to Samuel T. Mock, $7500.

F. E. Farnsworth of Huntington Beach, has purchased the Hitchcock farm, owned by P. F. Wood, for $22,400. The farm is about six miles southwest of Tulare City and half a mile from Paige on the Santa Fé Railroad.

SIEGEL'S—WOMEN'S—CHILDREN'S WEAR

Myer Siegel & Co.

251-255 SOUTH BROADWAY

"The Children's-Wear Specialty House"

Misses', Juniors' and Girls' Wear

The important object lesson in girls' wear is the wear made under specialization for girls, fashioned for girls, and to fit girls—and these important points are characterized in the Coats, Suits and Dresses for girls that come from "the specialty house."

"Siegel's" display in girls' outer wear is by far the largest and the most extensive line of any other store. Nowhere will you find such a large assortment or such a great variety and nowhere can you buy so reasonably.

We lay less stress on the prices than on quality and style. The price represents. What you get for what you pay is also an important point.

MISSES' TAILOR-MADE SUITS.

Twenty-eight-inch semi-fitted Coat, of blue, black, brown, wine and green broadcloth. Inlaid velvet collar. Also handsome mixtures invisible stripes and over plaids. Satin or Peau de Cygne, lined, new plaited skirts, sizes 14 to 18 years.

$17.50, $20.00, $25.00, $32.50.

MISSES' AND GIRLS' SEPARATE SKIRTS

GILLETT COMES, IS SEEN, CONQUERS.

The Republican Candidate for Governor Captures Los Angeles County—His Sincerity and Readiness Please—His Whizzing Day in a Motor Car Up and Down the Valley.

JAMES N. GILLETT and the people of the San Gabriel Valley got well acquainted yesterday, and they seemed to like each other first rate on sight. The valley people left their work and gathered in groups in all the prosperous little towns between Los Angeles and Pomona, to meet and size up the Republican candidate for Governor of California. They saw a big, manly, frank-looking, kindly and self-possessed man; they heard him talk sound political doctrine from a Republican standpoint and rational politics from a business standpoint, and they sized him up for a straightforward, level-headed, patriotic citizen of California—just the sort of man they would trust to manage their affairs and would like to see managing things for all the people up in Sacramento.

Candidate Gillett did not talk buncombe to those people, nor did he let off any oratorical fireworks to tickle the ears of groundlings. He had no set speech at the end of his tongue, no bitterness nor sarcasm for his opponents, no funny stories to raise a laugh. He spoke readily and to the point, and briefly, and therefore effectively, and all who heard him said he was "all right," and big enough to fill the Governor's chair without wobbling.

Gillett, the sound, frank, manly, self-possessed Republican candidate for Governor, as the people of the San Gabriel Valley had an opportunity to "size him up" yesterday.

Mr. Gillett and his running mate, Warren Porter, accompanied by the Republican leaders of Los Angeles county and many of the local candidates, went through the valley in automobiles. Their first stop was at Alhambra, where a crowd had gathered to meet them. The candidates were introduced to the citizens, chatted for a few moments, and then from the seat of an auto the candidate said a few words to the crowd. "Southern California," he said, "has the reputation of being a section whose people know what is right in politics. It is known to us in the north as solidly Republican. The north also is true to the principles and policies that have made this a great and prosperous State, and all of us realize that it is important that the millions in the East, whose eyes are turned toward the sunset, should understand that this is a law-abiding, prosperous community, where they can make homes and live in peace, comfort and independence. We believe that Republican policies have been potent factors in promoting our growth and insuring the good times which the country has enjoyed so long, and, I believe, the people of California will vote to continue those policies. I believe I shall be elected Governor, and if I am, I shall not be the Governor of any faction, clique or corporation, but shall consider only what I deem to be the interests of all the people of the State."

Warren Porter, candidate for Lieutenant-Governor, modestly indorsed what Mr. Gillett had said, and added that he believed Southern California will give this year the greatest Republican majority in its history.

IN THE CITRUS BELT.

At Lamanda Park and Monrovia the automobile halted for a few moments, and Mr. Gillett was introduced to the assembled citizens by Senator Bulla. He spoke briefly of the needs of Southern California and promised, if elected, to do all in his power to further public enterprises affecting the welfare of this part of the State, as he always had done in the Legislature and in Congress.

On the road between Monrovia and Azusa, twenty-three automobiles, decorated with flags, were drawn up in line, awaiting the campaign party. It was the San Gabriel Valley Auto Club, an organization, with headquarters at Covina, devoted to good roads, and all things helpful to public progress, including evidently the principles inspiring the Republican party. The public-spirited Covinans saluted the candidates as they passed ,and wheeled into the column, and thirty whizzing auto cars, loaded to the guards with Republicanism, invaded Azusa amid the cheers of the population of that progressive town.

RATE BILL BEST LAW.

Mr. Gillett told the Azusans—and they cordially agreed with him—that there is no country like Southern California, where all stand together for the common good, and the knocker is almost unknown. He spoke of the work of Congress, and said the best law passed at the late session was the Railroad Rate Bill, giving the people a voice in the fixing of freight charges, which he advocated from the start and would have voted for if he had stood alone in so doing. He treated local questions briefly, indorsed unqualifiedly the Owens River project, and pledged himself to stand with Southern California in advancing all such enterprises.

There was a good turn-out of voters at Glendora, also, and Mr. Gillett talked to them about the rate bill and the right of the people of this country to regulate reasonably the business of railroad transportation and insure a square deal on Roosevelt lines.

TOO BUSY TO ABUSE ANY ONE.

All Covina was waiting for the party at the schoolhouse and a hearty reception was given to the candidates by the little folks as well as the grown-ups. Mr. Gillett made another short, impromptu speech, not forgetting a few words for the children. He said the Republican party and its candidates were too busy to enter into personal controversy with opponents, and he had no hard things to say about any one. It was all the party could do to keep up with the tremendous growth of the country's business and help it along. The immediate business in hand was the rolling up of a majority in California that would be a rousing indorsement of President Roosevelt's administration.

After the public meeting, the Republican tourists were the guests of Col. F. M. Chapman at his residence, where luncheon was served and a short rest enjoyed. Col. Chapman's hospitality was gratefully accepted and appreciated.

ON TO POMONA.

From Covina to Pomona the long automobile column rolled through orange groves, over the splendid roads built by the progressive wide-awake people of the San Gabriel Valley, who know what good roads mean to an industrial community. The party was received at the Palomares Hotel by a committee headed by J. A. Dole, and by a military band, and the people of Pomona were there to see and hear the man who was introduced to them as "Governor Gillett."

Mr. Dole made a brief and tactful speech of welcome, and Congressman McLachlan introduced the candidates for Governor and Lieutenant-Governor with some of his most enthusiastic campaign oratory.

NO RAILROAD LACKEY.

Mr. McLachlan dealt particularly with the "railroad tool" howl of the opposition, and challenged any one to point to a single act of candidate Gillett that could give color to such a charge. He spoke of Gillett's opposition in the Legislature to the Southern Pacific's attempt to project Dan Burns into the the United States Senate, and cited the fact that Gillett was the first to start the caucus movement for the selection of Thomas Bard.

STANDS ON HIS RECORD.

When Mr. Gillett was introduced he good naturally rallied the Democrats on having no issues to present and resorting to attacks on the persons of candidates. "I do not take seriously their charge of being a railroad tool," he said. "We have no railroads where

CUPID GETS A DEMURRER.

City Attorney Mathews Mourns His Loss Again.

Second Time That Marriage Stops Cogwheels.

Miss McEwen, Stenographer, Now Mrs. Hoisington.

Why will good stenographers and typewriters get married?

This is the sad question which City Attorney W. B. Mathews is again asking himself. He is rapidly becoming converted to the idea that a woman's sphere is not really a business office. Once again he is looking for a stenographer—this time a male one.

Cupid has been unusually busy lately in the City Hall.

Pretty stenographers come, and—presto! they go again—but not alone.

If it wasn't that Mr. Mathews is a husband himself he might have a grudge against aspirants after "benedictine" honors. As it is, he is anxious to find a first-rate stenographer—male, if it must be—but if a woman one with a guarantee against matrimony.

By sad experience Mr. Mathews has discovered that all good stenographers

MRS. EARL HOISINGTON.

—or most of them—are young, pretty, unmarried, and—uncertain.

Seldom, indeed, is there anything sentimental in legal decisions or law papers, yet to the old lawyers it has appeared as a fact that the pretty legal typewritist is the most prone to matrimony.

"Why is this thus?" asks Mathews.

DON'T EVER TRY.

It is a problem no mere man will ever seriously undertake to unravel. It is a fact to be bemoaned by all business men—except the happy husband.

For a long time Mr. Mathews conducted the legal affairs of the city without the least suspicion that Cupid was an Anarchist just aching for an opportunity to wreck the peace and quiet of his legal sanctum.

Miss Alice Slosson was a charming stenographer. She knew almost as much about legal forms as Mr. Mathews himself. But ex-Mayor Fred Eaton knew something about forms himself. He knew the legal process of getting a marriage license, anyway, and one day Miss Slosson was missing. So was Fred Eaton.

As an old friend, Mr. Mathews had to forgive Mr. Eaton. He did so and hired a new stenographer.

Miss Harriet A. McEwen, 30 years old, was the lucky young lady. She was a good stenographer, young, pretty, and unmarried. But Mathews had no suspicions. He feels now that he was—well, too unsuspicious.

Miss McEwen has been getting along splendidly; more and more Mr. Mathews has come to depend upon her knowledge of what was necessary in a City Attorney's office to avoid the rocks between the Council and the "kickers."

WHAT COULD A POOR MAN DO?

Yesterday Miss McEwen showed up bright and early, and more than usu-

RIVER LIFTS GREAT GATE.

Portion of Rockwood Works to Turn Colorado Gives Way. Dam and Delay.

[BY THE ASSOCIATED PRESS—P.M.]

IMPERIAL, Oct. 11.—A special to the Standard from the Imperial heading says that the Rockwood gate failed at 3:20 this afternoon, without warning and 120 feet of the gate rose and floated down stream. This was a portion of the works for turning the Colorado River to the old channel.

The possibility of this break had been in sight for weeks. Preparations had been made to build a dam across the channel, but until the last minute it was felt it would stand. Two weeks of abnormally high water did it. Today the Colorado fell from 15,000 to 14,000 second-feet.

Work has already been begun on the dam to take the place of the gate, and it is believed the closure will be delayed less than a month. Six work trains, four pile drivers, four steam shovels, 100 mules and 1000 men, are on the ground to rush the work.

THE PUBLIC SERVICE.

SUMMARY OF THE DAY.

Petitions have been largely signed asking the City Council to open the city's lands at the old Hazard reservoir site as a public park.

Today the long-discussed concrete ordinance will come before the City Council for discussion, and a large delegation of material men and builders will be present.

Superintendent Mulholland yesterday stated that water meters are being placed at the rate of 500 a month, and a great saving in water is effected.

The Park Commission yesetrday purchased 3000 drooping pines for planting in Elysian and Griffith Parks.

Walter Harvey, who was sentenced to twenty years in State's Prison for robbery, is begging for mercy from the Governor. The petition has been referred to Dist.-Atty. Fredericks.

G. Sappenfield, a Santa Fé freight clerk arrested for embezzlement, pleaded guilty to petty larceny yesterday, and got a jail sentence.

Antonio Sanroman, who will appear in police court today, is accused of threatening the man once charged with murdering his brother, and a vendetta case came to light. It may be aired in future proceedings.

AT THE CITY HALL.

WANT CITY LAND FOR NEW PARK.

CITIZENS WILL ASK FOR OPENING OF RESERVOIR SITE.

Would Make a Beauty Spot of Thirty Acres Which Has Been Unused for Many Years—Plans to Advance the General Improvement of Northeastern Hill District.

The movement to secure the opening of the city's land adjoining the old Hazard reservoir as a public park has taken on new life, and the project will probably be brought to official notice at the next meeting of the City Council. Several of the heaviest property owners in the northeastern hill section are giving the project their earnest support, and besides these there is a long array of names of smaller property owners of Brooklyn Heights and vicinity.

The petitioners set forth the fact that the city owns this tract of land, thirty acres or more in extent, and that while it lies year after year without use, it is admirably situated for public park purposes. The new electric line to Covina will run along one side of this land, and several large tracts of land adjoining are being improved with first-class street work, at outlays of from $50,000 to $75,000, while other lands in the vicinity are being built up rapidly.

This park project is only a part of the great developments which are shaping themselves for the northeastern section of the city. The Florence Terrace owners are making plans for the general improvement of their large holdings, and will expend $30,000 in first-class street improvements. They have filed a petition with the City Council, asking that body to accept a strip of land which will make a continuation of State street, and to name this and what is now Donahue street as a continuation of State.

Property owners on Downey avenue have signed up their frontage for the paving of that thoroughfare from the Los Angeles River to Alhambra avenue, and this is to be a part of the chain of boulevards to be developed throughout the city. One wing of this boulevard system will extend on Griffin avenue past the proposed reservoir park to Soto street, and will then swing southerly on Soto to East Fourth street, connecting with Hollenbeck Park, and thence onward toward Long Beach, the proposed terminus.

Those who are urging the opening of the city's reservoir lands for a public park claim this action would be of great value in promoting all these developments, and that it would cost the city only a nominal sum, as the lands now lie ready for drives and tree planting.

The proposed park site is bounded on the east by Soto street, on the west by San Pablo street; on the south by Florence Terrace tract and on the north by the Orange Slope tract. The reservoir site occupies only about an acre of the city's lands. The Huntington electric line will run along the easterly base of the tract.

That Concrete Ordinance.

It is expected that there will be a large delegation of concrete contractors and brickmakers at the meeting of the City Council this afternoon. At that time the provisions of the proposed ordinance governing the construction of concrete and brick structures will be discussed. It is claimed by those who favor giving the fullest encouragement to the development of concrete structural work that the provision in the proposed ordinance as to thickness of walls would be a "knock" to the concrete building industry. The clause in which the concrete men claim the "bug" is concealed, and which they claim was drawn by the attorney for the brickmakers of this city, reads as follows:

"Sec. No. 182. Exterior Walls.—All exterior walls of reinforced concrete buildings shall be constructed of either brick, stone or concrete. Where brick, stone or concrete is used for walls for the exterior or interior of buildings, whether bearing or curtain walls, whether the same be reinforced with steel bars or not, the thickness of such walls shall be the same as that provided for masonry walls in Ordinance No. 12,800 for buildings of classes A. B. and C, respectively."

The proposition that reinforced concrete walls must be of the same thickness as brick walls is considered by the concrete men as unjust, and they point to the fact that San Francisco, after the fullest investigation, has incorporated in its new building ordinance provisions that concrete walls shall be from 6 inches upward in thickness, according to the area of wall space.

Placing Many Meters.

The city water department is placing water meters on the services at the rate of 500 per month. Heretofore it has been the policy of Superintendent Mulholland to use the meter-placing force in putting meters on the largest pipes of the largest water consumers, and at places where it has found there was much waste in the use of water. That field has been pretty well covered, and the city will now be taken, section by section, and the meters placed regularly. At present they are being placed in the district lying between Main and Figueroa and south of Eighth streets.

Mr. Mulholland stated yesterday that the greatest saving of water had been in the downtown district, and that some of the big buildings in this district which formerly paid water rates of only $15 had bills amounting to as high as $150 a month after the meters were placed. By shutting certain gates and supplying the downtown district from one reservoir which had been accurately measured, it was ascertained that while before the meters were placed this district consumed a little over 4,000,000, after the meters were placed it used only 1,600,000 gallons per day.

Buys Trees for Parks.

The Park Commission yesterday decided to purchase 3000 "Cedrus deodora," or drooping pines, for planting in Elysian and Griffith parks. These trees are said to be very graceful, somewhat similar to a drooping willow, and they are native of India. The lot will cost $487.75. The commissioners ordered the moving out of the curb on the west line of Westlake Park. The commission also recommended to the City Council that the salary of Head Foreman W. J. Gowans, of the Eastlake Park conservatory and propagating gardens, be raised to $110 per month.

Will Lower Great Pipe.

Superintendent Mulholland of the water department stated yesterday that work will begin this week on the lowering of the great water pipe on Vermont avenue to official grade. About 700 feet of this pipe will have to be lowered. A part of the necessary excavation will be through rock, and the task is a big one. This pipe has its sections united with concrete, and Mulholland says the system has proved very satisfactory, as well as economical. On the whole job he saved many dollars by the use of concrete instead of lead caulking.

Drainage for Large Area.

Surveys were completed yesterday for the proposed changes at the intersection of Brooklyn avenue and Echandia street, whereby drainage is to be provided for a district that has suffered each winter from accumulations of storm water. The Brooklyn-avenue car line is to be raised a sufficient height to allow culverts to be placed, thus turning the storm waters south toward East First street, from whence they will find their way to the lake at Hollenbeck Park. While the street car tracks will be considerably above the street level, the surface will gradually slope up to them. A move has been on foot to have the street grade changed, but the plan adopted is considered more desirable.

Firm Underbid Itself.

When bids were opened for the paving of West Washington street from Figueron street to Grand avenue, several weeks ago, a protest against accepting the bids was made by the Fairchilds, Gilmore Wilton Company, and the Board of Public Works readvertised. At that time the Barber Asphalt Paving Company was the lowest bidder, its figures for the work being $12,150. When the second bids were opened this week the Board of Public Works found that the Barber Company is again the lowest bidder, having lowered its own bid to $11,320. The bid of the Western Paving Company was $12 044.79.

Water Board's Report.

The report of the Water Commissioners for September, filed with the City Clerk, shows receipts of the water department for the month from the following sources: Water rates, $78,294.80; permits, $268.55; services, $4354; rents, $133; meters sold, $185.50; deposits, $7.47. The construction account shows a disbursement of $22,968 for labor; $43,704 for material, and $957 for meters. The maintenance cost $11,775.60 for labor, and $2861.91 for material. The balance on hand on October 1 was $25,898.40 in the revenue fund, and $650,223.50 in the fund for the payment of the water bonds of the issue of 1905.

Viaduct Prospects.

At the last meeting of the City Council the petition asking that rights of way be secured for the proposed Buena Vista-Downey-avenue viaduct was referred to the Board of Public Works. Yesterday this board referred the subject to both the City Engineer and the City Attorney. The City Engineer is to make a report on the lands necessary for the purpose, and the City Attorney's advice is asked regarding the legal status of proceedings and proper methods for future action.

Many Protestants.

The protestants against the opening of Seventeenth street have organized, and held a lively meeting Wednesday night in Paulk's Hall. They have a corps of men out with protests, and have secured a large number of signers. They state they will also have a big delegation before the Board of Public Works next Monday to make personal protests against the opening of the street, which they claim would bring excessive costs in proportion to the benefits to be derived.

Much Street Work Planned.

There are 450 jobs piled up in the City Engineer's office, awaiting the action of that department, and each of these will provide for the improvement of certain sections of streets in Los Angeles. The desire of property owners to secure street improvements is so great that the city officials actually cannot keep up with the work required in preparing plans and specifications, the making of necessary surveys, etc.

Pico Paving Delayed.

The Board of Public Works has delayed the awarding of the contract for paving of Pico street, from Hoover street to Arlington avenue, a distance of one and one-half miles, in order to give the sewer contractors opportunity to advance their work. It is desired that all this sewer work and the laterals be placed before the paving is done.

City Wants a Dredger.

As only one bid was received for furnishing a dredger for work on the Los Angeles aqueduct, and that bid was an irregular one, the Board of Public Works has decided to readvertise for bids, and these will be placed today in the official paper and engineering journals. The former bid was from the Marion Steam Shovel Company, and its offer was to furnish the desired machine for $17,200.

Want District Reassessed.

George B. Colton, in behalf of the Oscar B. Smith Crown Hills Company, has made an appeal to the City Council that it order the reassessment of the district formed to raise funds for the payment of improving Acacia street. The petitioner asks that all of the Smith Crown Hills tract be included in the new assessment.

New Street Signs.

The Board of Public Works has before it samples of various street signs, and from these it will make a selection for signs to be placed on all the downtown streets. The preference of the members of the board is for one with a deep blue background, and large white letters of Gothic style. The signs will be of steel, enameled. They will cost 75 cents each, and the placing will cost about the same sum.

James Hanley for Mayor.

Yesterday James Hanley, inspector of public works, made public his intention of standing for the nomination for Mayor of Los Angeles on the Democratic ticket. Hanley declares his motto will be, "A square deal, and the latch-string always hanging out."

Bids Awarded.

The following bids were awarded yesterday by the Board of Public Works:

To curb and sidewalk Pennsylvania avenue, from Echandia street to State street; awarded to F. L. Rogers at 35 cents per lineal foot for curb, and 13½ cents per suare foot for sidewalk.

To improve Dorchester avenue, from Normandie avenue to Jasmine street; awarded to J. Hein at $6.50 per lineal foot for grading and graveling; 27 cents per lineal foot for curb, and 15 cents per square foot for sidewalk.

To pave Washington street, from Grand avenue to Figueroa street; awarded to th Barber Asphalt Paving Company at 16 8-9 cents per square foot for paving; 33 cents per lineal foot for curb; 26 2-3 cents per square foot for gutter; 13 cents per square foot for sidewalk, and $7.15 per lineal foot for culverts.

To improve Piedmont avenue, from Avenue Fifty-eight to Avenue Sixty-one; awarded to D. D. Chapman at $2.15 per lineal foot for grading and graveling; 35 cents per lineal foot for curb; 15 cents per square foot for gutter, and 14 cents per square foot for sidewalk.

LOSES WIFE AND BABIES.

THEY ARE IN COURT TO SEE FATHER SENTENCED.

Sappenfield Helped Himself to Money Not His Own—Had Been Esteemed Employee of a Railroad Company—He Was Well Educated and Well Connected.

G. Sappenfield pleaded guilty yesterday to pretty larceny and was sentenced to ninety days in the County Jail. His attorneys pleaded that he be allowed to go free on probation as he has at situation awaiting him. His young wife and two babies were in court to give the touch of pathos that attaches to so many cases in the criminal court.

Sappenfield was employed in the freight department of the Santa Fé and was well regarded in that capacity. An automobile dealer had received some machines from the East and there was a freight bill due. This dealer and Sappenfield had dealings of some kind together, and when $216 was paid to the defendant in his capacity as freight clerk to liquidate the freight bill, he put the amount in his own pocket. Sappenfield was arrested and charged with embezzlement of the $216.

Later developments, however, revealed the fact that by an agreement between the automobile dealer and the defendant, the latter was authorized to hold $180 of the amount paid. It was the balance, $36, that finally tripped the young man up in court.

Sappenfield is well connected, is well educated, and a smart young fellow in business. He had bought a home and the money he was loaned was paid in on the house, that a few days afterward, he lost altogether. Now he has to stay in jail doing nothing while his girl wife scurries around to find food to feed the babies.

WANTS A PARDON.

ASKS GOVERNOR'S AID.

Sometimes an exceedingly heavy sentence to State's prison proves a direct benefit to a prisoner; not in affording him an opportunity to repent of former misdeeds, but in furnishing a basis upon which an appeal for parole or pardon may be made to the Prison Committee. Recently several prisoners at San Quentin have been pardoned, one being an Angeleno, who was sent up for twenty years for stealing two bicycles.

Now the Governor has under consideration an application from Walter Harvey, another Los Angeles man, for reduction of sentence and propably parole. The case has been referred to Dist.-Atty. Fredericks for a report, and recommendation. Harvey was sent up for twenty years for robbery from the person, in September, 1903.

On August 15 Harvey and a companion met a man named Caspar Chantz wandering about the city in an attempt to see its seamy edges. They had a drink together, and then the other man acted as cicerones for Chantz. They visited a notorious house, where more drink was obtained. Upon leaving, Harvey and his companion set upon Chantz and robbed him. In order to make the robbery more easy the man was hit over the eye with a bottle, and when he fell to the ground he was relieved of a gold watch, $1.10 in silver, and some small articles.

In his petition, Harvey confesses to his wrongdoing. But he was a man of reputable character, previous to this offense, and worked for the Southern Pacific in the freight department. For twenty-two years his father was a highly-esteemed department chief with the railroad, and, if certain circumstances tending to cast a minimizing tendency on the offense prove to be true, Capt. Frederick will report in favor of consideration being shown to the prisoner. The matter has been referred to the police department to see how much of truth there is in the statements set out by Harvey.

AN UNKNOWN JEWESS.

THOUGHT TO BE INSANE.

In Judge Gibb's court westerday Fannie Sax was examined as an insane person. She was found wandering about the streets in a distraught condition, and was arrested.

The girl is said to be 23 years old. She speaks good English, but, all the time she was in court, persisted in singing nonsense in Yiddish. As the examination proceeded she became almost violent in her crooning and gesticulations, and she had to be removed into chambers during the remainder of the hearing.

Nothing much is known about her. Last month she went to work for a ladies' tailor, and it was there learned that she came here from Tucson, Ariz., where she has a brother stationed at Fort Lowell. In her ravings Miss Sax spoke of a trunk full of good clothing. It is thought that she lived somewhere in the vicinity of Flower street. While at the tailor's she had exposed a bank book and the other workers know that she drew money from the bank on several occasions, but what bank it was is unknown. She once said that she and her brother were born at Biolostock, in Russia, but, beyond these meager facts, nothing could be found out about the woman.

NEW INDICTMENT.

VIGNES NOT ESCAPED YET.

The dismissal of the indictment against Deputy Sheriff H. C. Vignes by Judge Trask has not disheartened the District-Attorney. Vignes will not be allowed to escape without explaining himself, and either another indictment will be returned against him or a prosecution instituted by information.

The original indictment charged that Vignes tried to induce H. C. Carr by bribe to vote corruptly for certain delegates at the primary election in the Fortieth Precinct. As Carr could not legally vote he could not be bribed, but the attempt to bribe a citizen to vote where he was not entitled to vote was in itself an offense against the law and that will be the basis of the new charge to be preferred.

COURTHOUSE NOTES.

TOLD IN PARAGRAPHS.

PREFERRED HER FRIEND. W. R. Worthen married Edith Worthen at Anaheim, in 1897, and they lived together until August, 1903. By that time the husband had accumulated a little money and built a house which he intended to rent. The wife wanted to live in it, but he maintained that it would be better to rent it. Mrs. Worthen became so annoyed that she said she was going to Los Angeles to live with a woman friend, and she did. Then the husband told her she could have her wish and live in the house. She refused to return, and yesterday Worthen got a divorce on the ground of desertion.

MARRIED IN VAIN. Mrs. Irma Wilcox yesterday resumed her maiden name. Her marriage to Cornelius Wilcox, on September 10 last, turned out to be no marriage at all. Wilcox's first wife only got an interlocutory decree of divorce, last July, so that she and Wilcox were still tied together when he went through the ceremony of a second marriage at Yuma.

THE EASTON DIVORCE. Albert L. Easton was granted a decree divorcing him from Mary Easton, on the ground of desertion. The parties married at Colton in 1894, and in June, 1903, the wife sold the furniture in the home and returned to her mother.

LOVE WAS DEAD. Joseph Giardina was granted a divorce yesterday from Mary Giardina, on the ground of desertion. The parties married at San José in July, 1894, and there are three children. In March of last year Mrs. Giardina abandoned her family.

PLAIN DESERTION. Josephine Roach was divorced yesterday from John J. Roach on the ground of desertion. The parties married in this city in November, 1903. The husband was a race-track habitue. In February, 1904, he abandoned his wife.

THE INFERIOR COURTS.

SANROMAN CALLS FOR VENGEANCE.

THE OLD FRANCO MURDER CASE CROPS UP AGAIN.

Mexican Arrested for Stone-Throwing Uses Ugly Language at Lawyer of Man Who Is Accused of Murdering His Brother—Italian Green Goods Artist Held Over.

Antonio Sanroman will appear in the Police Court today charged with throwing brickbats at the foreman of the Los Angeles Laundry on San Fernando street, last Wednesday. Along with this comes a story of a Mexican feud.

Sanroman's brother was killed by J. Franco, according to the police, the night of July 29. But Franco was acquitted of a murder charge in the Superior Court, it having been a drunken fight.

With Sanroman the matter did not stop there. The spirit of the vendetta blossomed out when a patroiman was taking theprisoner to the Central Station on the stone-throwing charge. Frank Allender, Franco's lawyer, met the policeman and his charge. The latter cursed him and is said to have used threats.

Nor was this all. Two days before, the police say, Sanroman chased Franco with a knife, down Los Angeles street, and the fleeing man escaped only when he pretended to reach for a revolver. Then Sanroman shouted, "—— you, I'll kill you yet."

Today the stone-throwing case will be tried, and later it is thought the threats may be brought up with a view to binding the man over to keep the peace. Franco told his lawyer that he feared for his life, and wanted protection of some sort.

Triple Sleeper's Alibi.

Robert Burleigh was lucky in having slept "three in a bed" last Saturday night. When it came to proving an alibi in Judge Chambers's court he had the other two to swear that he wasn't at his former wife's home making trouble that night. He had been accused of disturbing the peace on this ground, and the former wife was a witness. She did not positively identify the defendant, and the alibis got him cleared.

Held for Higher Court.

John Crivoland was bound over to the Superior Court yesterday by Judge Austin, charged with an ancient Italian gold-brick game. M. Scaramanzi, the complaining witness, told how the defendant got him to give $200 for a box of worthless papers and stones, pretending that the contents were worth $4000. The case took nearly all day, and many witnesses were examined.

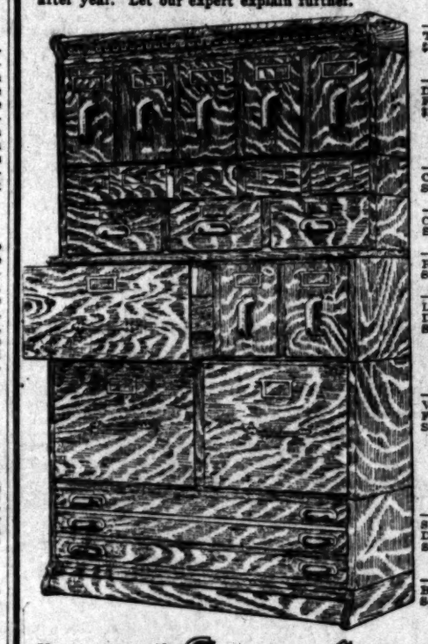
Filing Wagemaker Cabinets
"Stands for Quality"

The Wagemaker cabinets and filing devices are the most up-to-date economical and simple methods of caring for all kinds of business papers and records—in any business.

The cabinet system that will bring results is the one having the greatest advantages and which will meet every requirement perfectly—that is the Wagemaker system. It saves expense and brings good results year after year. Let our expert explain further.



Sectional Filing Cabinets

In purchasing office systems and filing conveniences by means of the unit or expansion principle, it is necessary to get first only to the extent of immediate requirements, and other sections may be added to as needed, which will perfectly fit the sections previously installed.

Start with one section and let your filing system expand with your business. The cut to the left shows how various cabinets may be utilized to make one handsome piece of furniture. Any of these sections can be bought separately, or special combinations made to suit requirements of any business.

SALOONMEN FACE RUIN AT LAST IN SHORB.

Supervisors Grant Petition to Move Polling Place to Rose Hill Away from Control of the Saloon Element—Petitioners Claim Enough Votes to Make District "Dry."

The citizens of Shorb precinct have won their first battle in the fight they have instituted against the saloons and proprietors of the Mission road roadhouses. Yesterday the petition that they presented to the Board of Supervisors was granted, and the next election will see the polls located at a place where the majority of the voters in the precinct will be able to vote without taking a day's journey to do so.

At the coming election the place of voting will be at Rose Hill, which is a long way from the precinct. This point is on the line that the voters and anti-roadhouse people have been fighting hard for, and it practically means extinction to the régime of lawlessness that the roadhouse people have maintained for the past few years.

Every year that the respectable element of the precinct has arisen and mobilized itself against the saloons and their accompaniment of lawlessness and immorality, they have found themselves checkmated and powerless at the hands of the saloon men when the time came to vote.

By a well-directed trick of wire-pulling, the proprietors of the threat- and roadhouses succeeded in getting the voting place of the precinct located in a corner of the district near Glendale, where they controlled the greater part of the vote, and which was so far removed from the section where their opponents were strong in numbers, and so inaccessible to them, that the latter would have been compelled, in some instances, to travel half a day to cast their ballog.

This year the outrages committed by the denizens of the roadhouses have been so flagrant and obnoxious that the citizens determined to make a finish fight of the matter. They secured enough promises of votes to put their enemies out of the precinct if those votes could only be cast.

Several men whose homes were in the immediate vicinity of the houses along the Mission road, and who had come under their special persecution, undertook to start a petition calling for the changing of the polling place from Glendale to Rose Hill. With little difficulty 240 names were collected.

The saloon men saw that their game was called and tried every method and trick to stave off the inevitable. Failing to gain a point by challenging any of the names on the petition, they resorted to a technicality, and passed a decision of the District-Attorney which threw out the petition as first presented. The citizens were not to be denied, however, and soon had another ready.

As a last resort the proprietors tried to get up a counter-petition. When the two petitions were presented to Supervisor J. T. Brady, the one from the anti-saloon men showed 240 genuine signatures, and the one from the roadhouse men, 199, over thirty of which were found to be fictitious.

The anti-saloon petition was granted.

With the place of voting situated at Rose Hill the anti-saloon people claim they have enough votes of which to be sure to snow the saloon men under two to one, and that they will carry the precinct as a "dry" one, closing all the roadhouses out of the field.

The coming extermination of the saloons was foreshadowed and recognized yesterday by a general official slumping in regard to their existence. Though it is a well-known fact that most of them have been running at last in spite of long-revoked licenses, no one has been found who could be induced to raise a finger against them.

Yesterday, after their doom was already sealed, official displeasure broke suddenly from its sleep and several of the defeated and unhappy saloons were arrested, and are now awaiting trial at Pasadena.

The remainder have pleasant anticipations of closing up, or meeting a similar fate as soon as election day rolls around.

GOODIN MAKES STATEMENT.

He Says the Charges Against Him Are Due to Spite—Claims to Have Advanced Money.

Frank C. Goodin, vice-president and general manager of the Eureka Mining and Milling Company, who has been made the defendant in an action brought in the United Staes Circuit Court to compel him to give an account of the funds of the company, stated yesterday that there were no funds in the company, with the exception of the money he had personally advanced to finance the concern.

Mr. Goodin said that when he was asked to become interested in the proposition it was necessary for him to advance money to Orlando B. Hardy, the president, in order to secure the incorporation.

"After this," said Mr. Goodin, "an agreement was made to sell some of the treasury shares of treasury stock. The amount netted the sale of only 3000 shares, which was not enough to make a start. The company was without funds, and while it had excellent properties in Mexico, there was no way of putting up the mines and placing them upon a paying basis. The stock could not be disposed of without the guarantee of some responsible party as to the dividend period. I made the proposition to the directors that I would advance $15,000 to finance the company if they would turn over the 197,000 shares of treasury stock to me. This proposition was accepted at a meeting of the board of directors, and later ratified at a mass meeting of over three-quarters of the stockholders, which was held in Tucson, Aris.

"Myself and wife personally guaranteed the stock and were able to dispose of some of it. Instead of only $15,000 being necessary to place the company upon a paying basis, I have already paid out $25,000 to the Eureka Company, and the cause of no returns to date is the lack of ability on the part of President Hardy to handle the properties.

"The books of the company are open to every one who has a right to see them, and are at the office of the secretary of the company. In my opinion, this action has been brought against me more for spite than for anything else.

"It has been necessary for me, time and again, to advance money to Hardy and another official of the company for their ordinary living expenses. There was not a cent in the company that did not come to it through me."

PART II: EDITORIAL, LOCAL AND BUSINESS SECTION

Pen Points

It's horse and horse with Mr. Gillett and Southern California. They both look good to each other.

That's certainly a great combination between Hearst and Langdon. Hearst furnishes the gasoline and Langdon the wind.

"No man is entirely useless as long as he has a friend," said Robert Louis Stevenson. Not unless his friend can't use him.

There are as many girls willing to marry now as there ever were. It is the men who have grown more cautious and selfish.

Bourke Cockran's statement that he prefers "riot to rotienness" might also be applied by the public mind to the show business.

The news from Cienfuegos again proves that peace may often be restored by merely putting a new man in the office of Chief of Police.

Yesterday's wire from Russia says the Democrats over there are depressed. But that isn't a circumstance to the way they feel in this country.

Everything isn't always one-sided in this world. A Tacoma man has just succeeded, after a bitter fight, in seating a gas company out of three dollars.

The last seen of Theodore Bell of Napa he was trying to figure out how he ever got it in his head that he could be elected Governor of California.

A woman who couldn't stand the winters in Alaska has returned to New England. But isn't that merely jumping out of the refrigerator into the ice box?

Matters must present a familiar aspect to the Cubans, after all. Taft looks a good deal like Shafter, and Funston is of about the size of the late Joe Wheeler.

The boom in broom corn in Illinois is only an additional illustration that Republican prosperity is preparing to make another clean sweep in that State.

The original "Napoleon of Finance" was Napoleon himself. When a youth he was a book peddler and pawned his watch, but he lived to see the day when he owned several empires.

Snow has already appeared in the east, and the farmers of that benighted section of our common country are looking forward to a winter that will freeze the handles off the plows.

A British deputation that had intended to go to Russia to sympathize with the Democrats there changed its mind and turned back. The deputation may come to America, where the Democrats are also in need of sympathy.

Some of the spellbinders might create a sensation in the audiences at the political meetings by offering a prize to the person who could, off-hand, give the name of the other Senator from California.

Just when everybody thought the Democratic party was beaten into a pulp, here comes the Sublime Brotherhood of the Zaques and brings the last thing to life again before the life could be pulled.

Taft and Funston are coming home. The President is doubtless convinced that Magoon and just a few of the Billys, the Burkes and Sheas are all that will be needed to keep the Pearl in her good behavior.

Lo, the poor Indian, still labors under the impression that he can frighten away trouble by beating on the tom-tom. Lo, the poor California Democrat, supposedly has the same idea when he rings a cow bell.

"Poor people in Chicago suffering from cold," says the news. Only a month ago it was the same poor people suffering from the heat. Why can't everybody persist in believing that God made Chicago to live in?

Let us pray that the sending of the transports "Schley" and "Sampson" to Cuba will not open that old sore of discussion concerning the two admirals. Every thing has been sunk to Davy Jones' locker and there let it remain.

We fail to see how W. R. Hearst can be charged with inconsistency because he is attempting to break up the Democratic party in California. He is doing the same thing in New York merely by being a candidate on the Democratic ticket.

The President ordered his train stopped at a Pennsylvania hospital when on his recent Harrisburg trip so that two little boy cripples might gratify their desire to see him. The nation is safe, indeed, in the hands of such a President.

The Massachusetts Democrats have gone a little farther than their brethren elsewhere, and are for "the public ownership of public utilities in nation, state and city." But the principal "public utilities" the Democrats want to get hold of are the offices.

PETERED OUT.

For a "spontaneous movement" and a "great uprising of the people," the demand for tariff revision and all-around reciprocity has petered out with almost amazing quickness.

Foss, who led the cry in Massachusetts, did not get a corporal's guard of delegates out of the Republicans in that State. Whitney, his associate on the Democratic side, got less.

It is not an issue in any other New England State, or in New York, or in Ohio. In the latter State it did utter a feeble cry but died with the first sound of its own voice.

In Wisconsin it took the mild way of condemning whatever does harm. We all do that, even the wickedest offenders of us all.

In Iowa it is nothing but Cummins, and he is running on a stand-pat platform.

Moran, the Democratic nominee in Massachusetts, cares so little about opposing the present tariff, that Quincy and other free-traders who opposed him said that his nomination would "absolutely eliminate the tariff as an issue"—and that in Massachusetts, the home of "tariff revision in spots," if that senseless cry really has a home anywhere. Apparently it is merely a waif.

Everybody is so well employed (except "closed shop" strikers) and all industries doing so well (as witness the freight traffic congestion all over the country) that the only tariff agitation is political for "getting office" purposes. Politics for its own sweet sake has less and less hold on the American people, campaign after campaign.

The result of this pre-convention campaign clearly proves that politicians who try to monkey with "good American business" get left at the post.

LOTS OF HAPPINESS.

It is to be feared that many readers of the newspapers fall into the error of supposing that this world is all wickedness, sorrow, trouble, crime and grief. Just because the daily press records so much of the dark side of life, the impression sinks into the minds of some that there is hardly a bright side any more.

The very fact that whenever an evil deed is done, whenever a crime is committed, a wrong inflicted or a sorrow brought to somebody's door, the incident is heralded in the news dispatches, is proof enough that the shadows of life are unusual and not common. The common things of existence are not the things that interest people, therefore the newspapers seldom print them. It is the unusual, the abnormal and the almost unbelievable phases of human character that reporters and correspondents are constantly seeking in order that the pages of the paper may be made newsy.

There is not only more good than evil in the world at the present time, but so much more of the good that it would not be what is called "news" to print it. Thank God that such is the case. Thank God that we are living in the best age the world has ever known.

The highways are filled with sunny faces, there is more laughter than tears, the gentle hearts outnumber the cruel ones a thousand to one. The earth is growing more to look like heaven with every year that passes.

PROSPERITY FOR EVERYONE.

In these days when all the world is reveling in prosperity, never known in so large measure or in such a universal way as at present, the tide has reached high-water mark here in Southern California. It overspreads all boundaries and takes in all interests in all industries in the whole country. The products of our soil are proving in these years to be unusually abundant and the prices paid for them are the highest known since we began to seek markets for our crops abroad. The citrus fruit crop of Southern California in the last two years has amounted to about 30,000 carloads. Little orange groves of fifteen acres or thereabouts have brought back to their owners revenues as high as $6000 and upward for single crops. A year ago last summer the lemon growers got in many instances $7 a box for whole carloads of the fruit. As there are about 360 boxes to the car, and as a carload may be gathered very often from a single acre of trees, these lemon groves paid as high as $2500 an acre for a single crop. The figure may be exceptional, but many acres of lemons return a revenue of $1000, $1200 and $1500 an acre.

Twenty-five years ago, Southern California was covered with the most luxuriant vineyards to be seen anywhere on earth. These were nearly all destroyed by a mysterious disease, whose nature science has failed to reveal and for which no remedy has been found by the most expert horticulturists who have spent years in seeking for some remedy for the disease. Like most of these diseases attacking vegetable growth, this seems to have been self-limiting. It has run its course, as diseases in vegetation as well as in animal life often do, and again Southern California is becoming dotted all over with flourishing vineyards. On the Salt Lake line, down near the San Gabriel River crossing, there is one great vineyard of 3000 acres. The dry lands along the higher mesas out around Cucamonga and east and west from the boundary between San Bernardino and Los Angeles counties, the whole acreage is taken up for grape culture. Cucamonga forty years ago was renowned for the excellent quality of the wine made from its vineyards. An Italian colony went in there some half dozen years ago or more and planted great areas to vineyards which are now in the most thrifty condition. This has encouraged others and investments of $50,000 are being made in large tracts of land near Cucamonga for vineyard purposes.

There is no limit to the wealth of Los Angeles soils. Its surface produces these highly valuable crops of grapes and also of citrus fruits, and underneath the wealth is greater in the barren hillsides than that upon the surface of the richest soil. An oil company operating out near Whittier a couple of weeks ago tapped a well of such extraordinary richness that its owners are digging an immense reservoir in which to run the oil and at the same time they have given rush orders for a steel tank with a capacity of 50,000 barrels. This naturally has resulted in a great rush for supposed oil lands in that particular vicinity.

The Los Angeles business men who own the oil field in Santa Barbara county around Santa Maria have every prospect of becoming millionaires. The Times on Wednesday told of the dividend just paid by the Central Oil Company of Los Angeles. The quarterly dividend payable October 25 will make an aggregate of $350,000 paid in dividends to the stockholders in this particular company. Foreign contracts for Los Angeles crude oil call for not less than 40,000,000 barrels. The total production for the year is set down by experts at not much over 30,000,000 barrels, showing a prospective shortage of about 10,000,000 barrels of oil. Of course where the demand outruns the supply to the extent of fully one-third, the prices must necessarily prove more than satisfactory.

The month of October opened with building permits issued in this city for a single week running to about $850,000. There are a great many large structures planned and the incoming of a steady stream of new people amounting to perhaps 30,000 a year is maintaining the usual demand for homes. These newcomers must either buy or rent, and lodgings must be prepared for them. Everything points to great activity in all the building trades during the coming winter months. As the population increases, business houses are extending their operations in every way, and it is reasonable to suppose that with the expansion in the volume of their business there comes a corresponding increase in their gains. The wholesale business of the city was never in a more flourishing condition. The people puzzled the most are the bankers, who are unable to meet comfortably the demands made upon them to finance all these various industries. The syndicate engaged in putting up ten-story steel buildings, the merchant who is doing from one-third more to twice as much business as he did a year ago, the investors who are paying these large sums of money for big tracts of land to improve, all come to the banker for help. The banker and the employment agent find themselves unable to meet these pressing demands, the one for money, the other for muscle.

FOUR SQUARE, TRUE AS A CUBE—JAMES N. GILLETT.

On the level, four square, right angled at every turn, true as a cube, on whichever side you may regard him—there is the character, mathematically stated, of the Republican candidate for Governor of California, James N. Gillett.

Gillett comes before the voters of this State seeking their suffrages for the highest State office in the gift of the people as the nominee of the Santa Cruz Republican Convention, composed of nearly a thousand of the best citizens of this State. These men came, plain, honest farmers from the country districts; merchants of moderate means from country towns and villages, business men, distinguished for their integrity, intelligence and good sense from the larger centers of population; men of affairs who stand in the forefront of everything that goes for the material and intellectual upbuilding of the State of California—and wherever these delegates came from, speaking of course by the broad rule, they stand for good government, for civic righteousness, for absolute equality and for compelling those who are not willingly law-abiding to obey the laws of the State in all circumstances.

Now weigh well these facts—the character of the man as known by his life and the general make-up of the Republican State Convention. Then go away back into the deepest recesses of the back of your head and consider the significance of the skulking whisper that is raised in interested quarters against this man as the nominee of a political machine, working under the dictates and for the interests of a powerful corporation.

Whispered suspicions are the tactics of cowards, and fair-minded men will refuse to lend their ear for one minute to them. The man has yet to be discovered who can reveal the first act on the part of James N. Gillett which has not been the act of a man tried and true in every relation of life. The finger has yet to be raised which will point to the least fleck upon the untarnished honor of this man's character as established by all the acts of his life. The tongue has still to wag which will utter truthfully one sentence to the discredit of the Republican candidate for Governor.

He is no unknown quantity. His life has been nearly all spent in the State of California, and right in the lime-light of public life. Coming of sterling New England blood, Gillett was born in New York. The son of an invalid father. The eldest of seven children) he was called upon to aid in the support of the family from his very childhood. At the age of 24, he became a citizen of the State of California. Bringing his aged parents with him, he supported them by working as a day laborer, logging in the great forests of Humboldt county. He was plain Jim Gillett in those days when he worked for daily wages among his fellow-men in the logging camp. Tall, muscular and powerful, he was a natural leader among the lumbermen. Often tendered nomination for office, he resisted what would have tempted a less sensible man's ambition until 1896 when he became a member of the State Senate. His colleague in that body, Senator Robert N. Bulla of Los Angeles, in Thursday's Times bears unstinted testimony to the capacity and integrity of this legislator. Mr. Bulla knew him from having seen him tried and having seen him prove himself true—especially when the Espee was trying to foist the unspeakable Dan Burns [protegé of the Express] on the State as U. S. Senator—and from this experience Mr. Bulla proclaims Gillett's absolute freedom from machine influence or subserviency to any interest other than that of the people of the State. From the State Senate he rose by his own innate force of mind, truthfulness of character, and devotion to the commonwealth to a seat in the national Congress.

Now there is nothing concealed about this career. It is all an open book; not one page of it sealed, not one paragraph in it blurred. It stands out and speaks for itself and shows in its every act a man possessed of unusual insight into business affairs, of an absolute integrity of character, allied with no corrupting influence, subservient to no private interests. James N. Gillett as State Senator and as Congressman can lay his public life alongside of his oath of office and the record will be true at every point to the obligations that oath placed upon him.

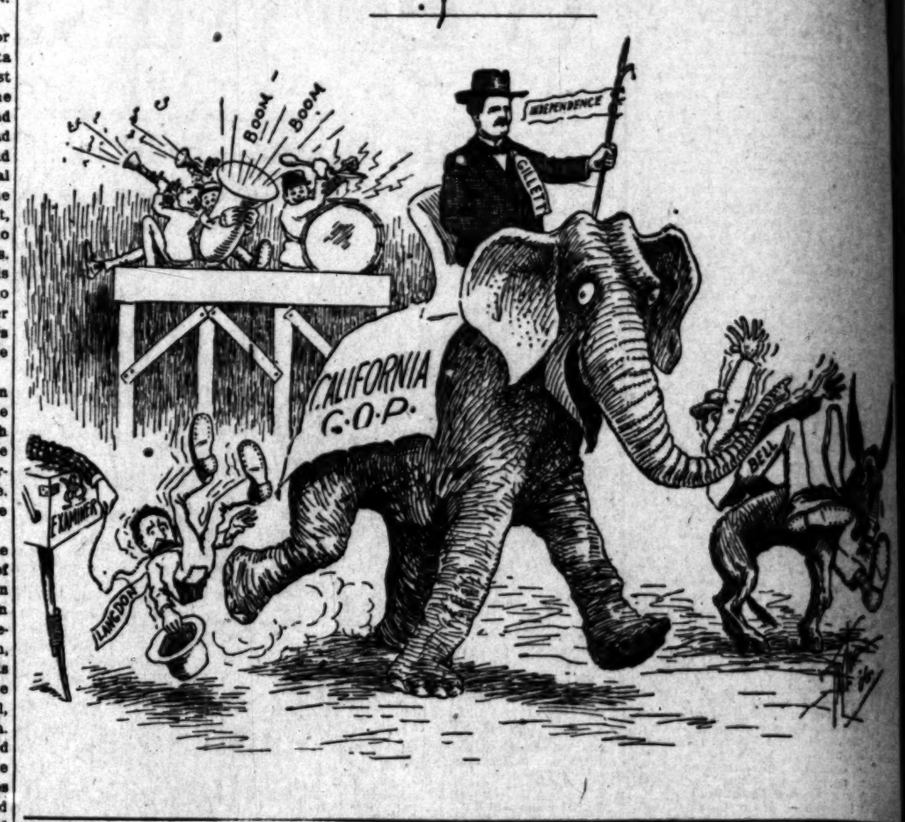
Not only his colleagues in the State Senate, but those who have sat with him in Congress bear testimony to this genuineness of character that marks the career of Jim Gillett. In Humboldt county, where he has spent his life, his neighbors bear the same unequivocal and enthusiastic testimony to the man's integrity in all the private walks of life. Surrounded by his most interesting family, in his own home in Eureka, he enjoys the respect of every man, woman and child in his neighborhood, immediate and remote, who is at all conversant with the life of the man in his family relation under his own rooftree, in his intercourse with his neighbors, and in his devotion to the interests of the public.

The man who entertains the slightest suspicion as to the fitness of James N. Gillett to fill the office of Governor of the State of California, and the man especially who speaks one word to his disadvantage, is challenged to take his record in public and in private life and to show where and when and in what respect he has ever failed, to show in what respect he has ever proved in any degree recreant to any trust, and in what instances he has failed to perform in a thoroughly efficient manner the duty of any position he has been called to fill.

James N. Gillett comes before the voters of the State of California and asks their suffrages as the nominee of the Republican convention, as a man tried not once but at different times, as a public servant, weighed in the balance and never found wanting. The people know this. Whispered suspicions have not the weight of a feather. The man's career is too clear and open and his reputation too well established to be shaken by such breathings. He will be elected, and as Governor of the State of California he will be the Governor of the whole State. His public duties will be performed in exact accordance with his oath of office. The commonwealth will be his care, not the private interest of any person, of any corporation, of any organization, or association. Like the true man that he is, he will see that the laws are executed, that even-handed justice is dealt out to every man without regard to his social position, his business connections, his political alliances, his religious creed, or his membership in any society, secret or otherwise.

Let the man who looks upon the Republican candidate for Governor as a "machine candidate" recall the fact that as State Senator his voice and vote were for Bard and against Dan Burns [the Los Angeles Evening Express protegé] for U. S. Senator. That tells where Gillett has stood and still stands.

"THE ELEPHANT NOW GOES 'ROUND, THE BAND BEGINS TO PLAY."



GILLETT'S INDEPENDENCE—AND BELL'S COLLAR.

[From the San Francisco Chronicle.]

When one compares the dignified canvass of Mr. Gillett with the manner in which Langdon and Bell compete for the votes of the cranks and the hateful it is impossible to doubt his triumphant success except upon the assumption that the majority of the electors are demented. Mr. Gillett positively refuses to demean himself by any expression which can be twisted to imply that as Governor he would favor any one elder at the expense of another. At different times of his life he has made his way in the world by manual labor and by brain labor. He has been thus made personally familiar with the environment, necessities and legitimate desires of both classes. He has so conducted himself during his life as to command the respect and esteem of the community in which he lives. He has served his Congressional district in Congress for two terms and his record is known. Upon any question of State policy he is perfectly willing, upon request, to state his opinion. Nobody questions his integrity or capacity. His name has never been associated with any transaction of which any man need be ashamed. Upon that personal life history and experience, his official record, the estimation in which he is held by those by whom he is best known, and his known sentiments on public questions, he rests his case. If the people desire such a Governor as a man with such a record would probably make, he is ready to serve them. If they prefer a candidate who will bow down to the violent, pander to the unreasonable, crawl before cranks, debase himself before any group of social disturbers for the votes they can give him, they may take their choice between Langdon and Bell. As for him, he will preserve his manhood and political integrity, whether he ever becomes Governor or not.

As for Langdon, there is not much to him, for which reason he was picked up by the Independence League. He will answer the purpose for which that alleged league was invented. But the people are ashamed of Bell, who has been honored by being chosen to represent one of our Congressional districts, in which farming interests preponderate. One would expect such a man to stand especially for the substantial interests of society; for the hard-working, conservative people who mind their own business, develop the State and constitute the real and only foundation upon which must rest the welfare and prosperity of the community. Instead of that, we find him making his loudest and most constant appeals to the political agitators who find it to their advantage to promote strife, arouse class hatred and drive out of the State all those elements of society which desire justice and love of peace. In plain words, Mr. Bell is a demagogue. He is willing to sell himself for votes.

IN THE BIG INDUSTRIES.

New Electric Lamp.

The "Osram" electric lamp is a new invention on the German market undergoing test. It replaces the carbon filament for glow lamps by fine wires of wolfram, which are claimed to employ only one-third of the energy heretofore required. A test at Charlottenburg showed that after use of 1000 hours there was an average loss of brilliancy of 6.3 per cent. In the case of twenty-five candle power lamps, and 3.6 per cent. in the thirty-two candle power lamps. Of the sixteen lamps under test eleven were not damaged, and capable of continued use.

In this country experiments are being made with tungsten filaments, a considerable variety of processes having been employed in the production of a filament of that material. Laboratory tests prove that with tungsten two or three times as much light can be had from a given amount of current as is emitted by the carbon lamp. Fifteen to the horse power is now a common ratio, and if the filaments are coated with graphite by a special process, nineteen can be used, but no more without a sacrifice of brightness. It seems to be beyond question that at least thirty-eight tungsten lamps of the same degree of brilliancy can be operated by the same draft upon the engine room.

To Make Ramie Cloth.

A movement is on foot in Washington to establish a manufactory of ramie cloth. Ramie can be grown anywhere from Washington south, and as a process for degumming the fiber has been devised, there appears no reason why the growth of ramie and its manufacture into cloth should not be entered upon in this country.

That there is no difficulty about the manufacture of either ramie yarn or finished goods is shown by the immense amount of the finer yarns that are imported annually into this country, where they are used in mixing with silk in the mills of Paterson, N. J., and elsewhere. There is one establishment at Emmendigen, Baden, Germany, that turns out over 1,250,000 pounds of ramie yarn a year. All of the fiber used there is hand cleaned, imported from China. The same is true of two factories now operating in France. There is an immense amount of ramie cloth manufactured in the Orient. Its native whiteness needs no bleaching if it is used uncolored, and it would take an expert to tell it from white silk. Owing to this milk white tint of the finished goods, it needs no bleaching before dyeing, and it takes colors just the same as silk if it is dyed.

A Wireless Telephone.

United States government experts are secretly investigating a wireless telephone apparatus, the invention of Francis J. McCarthy, a boy who formerly resided in Alameda, Cal., where, from the age of 15 years to his death at 18 years, a few months ago, he had been working to perfect one of the marvels of modern science. In the midst of what seemed to be success, the young inventor was killed in a runaway accident. Young McCarthy had progressed so far with his experiments in transmission of human sounds without the intermediary of wires that he took out a number of patents before his death. He had demonstrated his principle of operation through much experimentation. He had constructed his instruments and had interested several prominent capitalists in his marvelous undertaking.

After the boy's death Harry McCarthy his brother, became trustee of the patents. Out in the sand dunes near the ocean beach, San Francisco, a station has been equipped where the McCarthy inventions have been installed and where the experiments are being conducted by the United States government which will give final scientific verity to the claims of the inventor and his successors. The assertion is made that there has been frequent communication by word of mouth between the station and points on this side of the bay, the locations of which are being guarded with utmost care. The present government tests are being made with apparatus which has been perfected and carry 6000 times the power that instruments used in earlier experiments carried.

England Buys California Raisins.

On account of the damaged condition of the Spanish raisin crop there is now an active foreign demand for California raisins. Advice from Fresno is that London has bought quite freely from that district. London in the distribution of an article like raisins acts as a sort of clearinghouse for Europe.

The advance in raisins on the Coast is not altogether the result of this export demand. There has been a steady reduction in crop estimates from the beginning of the season, and that in itself has been an influence of no small consequence. The first raisins put on the trays encountered a rain and sandstorm that cost the growers many tons. Then again, the demand has been greater than ever known. The entire East is bare of raisins, and there is not a market that is not waiting anxiously for first arrivals. Estimates made by the best authorities leave out of a probable crop of 45,000 tons not over 2000 tons in the hands of growers that are not covered by contracts. In addition to the demand from England, Canada is reported to have been a freer buyer of loose and layer raisins than in former years, and some orders have been received from Germany for Sultanas. Mail advices from Fresno to September 25 say that although the seeding season had only fairly commenced, the railroads had made preparations to furnish cars to handle the goods, one road having already placed 100 cars at the disposal of the packers.

World's Food Supply.

The secret of getting the so-called free nitrogen out of the air has been discovered by available electrical means, after long searching, so that nitrates, essential to plant development, may be produced in unlimited quantities. Besides, many other possible sources of artificial fertilizers are being found. The phosphorus in certain ores, once the curse and now the blessing of the iron smelter, is now readily extracted and is available for the manufacture of fertilizers.

If man chooses to utilize the means the chemist has found he can produce food for ten times the world's present population.

In fact, the power of chemistry to increase the world's capacity to sustain life by adding to the food supply has only just begun to be utilized, and this is true also of its power to prolong human life by increasing the purity of foods. Only the chemist understands that in many instances the purest and most wholesome foods may be produced from the most repulsive things.

We have much to learn about [illegible] by and by we shall be able to [illegible] ourselves according to the work we wish to perform, and we be able to do everything better and more rapidly than now. Already we know that muscular exertion requires [illegible] which are rich in protein, while [illegible] work calls for phosphates. When we have followed the lead we now have before use, the race will be far more efficient as a whole than at present.

MUSIC AND MUSICIANS.

...Yaw's concert last night was a really brilliant musical feature, worthy the season opening which it really was.

Miss Yaw herself is an established favorite in the musical life of Southern California, but to the repetition of her numbers was added several delightful features—notably the brilliant concerto-playing of Arnold Krauss, superb piano-playing by Mrs. T. Masaac and the finished concerted work on the part of the group of players from the Symphony Orchestra—programmed in a most unbending manner, "the Los Angeles Symphony Orchestra," just as though this organization were composed of a small number of players.

Miss Yaw is the perfect mistress of her art, and in dramatic work, lyric singing, and in dramatic work, by virtue of her easy stage presence and marked histrionic temperament, and marked adaptability. So, her finest numbers were scored last night in her charming Eighter songs and in the finished and artistic mad scene from Ambroise Thomas's "Hamlet," with which she concluded her programme.

Miss Yaw's voice was apparently in its best warming-up, after-vacation stage during the first part of the programme, and her tone, while at all times well placed, was blurred by an oft-recurring glottis-stroke, which became more audible as the programme progressed. Thus, "Caro Nome," the principal number, was no great triumph, while Mme's "Le Rossignol," which follows, also scored delightful effects. Arthur Sullivan's "'Neath My Lattice" proved a vehicle of exquisite sentiment, and was produced in pure and limpid voice, as were several dainty numbers—scenes simple and humorous, brilliant with inimitable, pearly pyrotechnics of Miss Yaw's own voice-compelling variety.

In the "Hamlet" number demonstrated Miss Yaw's real stage presence, and her masterful weld on the ofttimes diverse demands of vocalization and drama. In mere compass this scene is not beyond the reach of any save phenomenal soprano, but Miss Yaw's assurance of the farthest octaves completely deceived her auditors re [illegible] real—and sometimes startling—quality of her tones.

Herr Schetsinger, the young violinist, created a small furore at Miss Yaw's last concert, appeared again, playing a miniature Kreislerian interpretation to a David variation on a Bach air.

Mr. Masaac, whose masterly piano work has been seen too little in Los Angeles, gave a strong, absolutely virile translation to Liszt's "Polonaise [illegible]" to the accompanied Miss Yaw, as [illegible] wielded the baton with [illegible] and fine effect in several overtures, and in one or two accompaniments. Mr. Mead gave a flute obbligato [illegible] or two of Miss Yaw's numbers.

Was it a big audience? There were [illegible] and scarcely any standing room in the Mason lower floor.

Fairly good in point of attendance and enthusiasm was the opening organ recital of Choirmaster Ernest Douglas, at St. Paul's Pro-Cathedral last night. This is the first opportunity which [illegible] of the instrument have had to [illegible] Mr. Douglas's truly unique merits as an interpreter of organ [illegible].

He is neither a player of constant [illegible] sanctimony, nor yet a color [illegible], maddened by the freedom of [illegible] stops, seeks to drown [illegible] in the rush of many-hued [illegible] sounds. Instead of being [illegible] formalism or yet a fanatic [illegible] ation, Mr. Douglas holds the [illegible] antly as an organ, yet always [illegible] a great solo instrument.

[illegible] his numbers last night—at [illegible] most effective ones—displayed [illegible] organ quality, and the high-[illegible] individual qualities of the [illegible] on the bench.

Mr. Douglas's programme was taken [illegible] wide range of organ subjects, [illegible] list of composers ran from [illegible] Clerambault and Handel, to [illegible] Guilmant, Woistenholme and [illegible] Widor. A fine prelude and [illegible] by Mr. Douglas himself were [illegible] in his list.

Mr. Douglas has announced his next [illegible] for Thursday evening, November [illegible] as this is the opening evening [illegible] the grand opera, it is to be [illegible] the interests of his good [illegible] he will take another date.

Mme. Ysaye Rosa, whose recital was [illegible] for tonight at Gamut Hall, [illegible] with a severe cold that threatens [illegible]. Her friends hope for a [illegible] recovery, and as soon as she is [illegible] another evening will be fixed [illegible].

WOMEN'S CLUBS.

Miss Thomas.

Mr. Mortimer Clapp will talk to [illegible] Morning Club today in the [illegible] of Elmer Blaney Harris of [illegible], who is recovering from a [illegible] and protracted illness. Mr. [illegible] will speak some time during [illegible] on his original topic which [illegible] counted on to pack the [illegible] today. Ibsen's "Doll's House." [illegible] will talk of things Russian, [illegible] peasant life in the Czar's [illegible].

Club's Home Comforts.

The Ebell Club's new home was [illegible] finished at the close of last [illegible] but the opening of the present [illegible] finds everything in most at-[illegible] form. The lawn is well [illegible] and the paved enclosure be-[illegible] the social hall and the lecture [illegible] is proving a most delightfully [illegible] and quiet place for a chat be-[illegible] members. The Ebell being one [illegible] the oldest clubs in the city, has [illegible] many treasures in the way [illegible] paintings, autograph pictures, [illegible] ...ions, and the like and these [illegible] never before been so advanta-[illegible]ously displayed as now. The large [illegible] to the right of the main hall [illegible] done in Japanese blue and white [illegible] the cosy dens to the left are [illegible] and cushioned in the warmer [illegible] and reds. The musical pro-[illegible] of the club will be an es-[illegible] feature this year and they [illegible] to be particularly meritorious. [illegible] annual Beethoven programme will [illegible] December 21.

Humane Piava.

The Society for the Prevention of [illegible] Animals is planning to give [illegible] entertainment in one of the [illegible] halls on November 2. [illegible] musical numbers will be in charge [illegible] W. J. Scholl.

CRUSHED UNDER ENGINE.

Thrashing Machine Breaks Through Bridge and the Engineer May Be Fatally Injured.

J. M. Grimsley, an engineer of Whittier, lies at the point of death in a friend's home in Los Angeles. He was crushed under a thrashing machine, which went through a bridge crossing a ravine, about eight miles this side of Sawtelle, Wednesday afternoon. C. H. Jacobs, fireman, jumped and saved himself from injury.

Grimsley was imprisoned between the separator and engine for about twenty minutes before he could be released from his perilous position. His abdomen was severely crushed, his serious injuries being internal. His physician says he has one chance in a hundred of getting well.

The thrashing outfit is owned by Charles Saddle, and travels about from place to place thrashing out grain. It is said that when the bridge across the ravine was reached, doubts were expressed as to the safety of the passage. Grimsley is said to have demurred, but agreed that, if Saddle wanted to risk his outfit, he would run it across for him. The engine was half over the bridge when the rear portion, which is the heavier, crashed through, pulling the separator after it.

Grimsley stuck to his throttle, and might have extricated himself, but for the water rushing back in the boiler and stopping the engine. Grimsley was pinned under the wreckage, and his comrades jacked the separator off his body. He was brought to this city and cared for.

Grimsley is 34 years of age and married, but does not now live with his wife. He has been making his home at Whittier. He has no relatives in Southern California. He is a member of the Order of Redmen.

New Eiderdown Garments

We've received the fall shipments of eiderdown, German flannel and blanket robes, and the short eiderdown sacques for which the demand is already beginning.

Their beauty is out of all proportion to their cost, too, for they're made of pink, rich red and gray materials, bound at the edges with satin, and fastened with cords and frogs, or neat buttons.

Prices for robes, $5, $6, $7.50 to $9.50; for sacques, 50c to $5.

$1.25 Jewelry at 50c

If you're one of the foresighted people who already are beginning Christmas plans, you'll want to buy a quantity of these thoroughly good jewelry pieces, at a saving.

Cuff links (gold or silver), belt buckles in fancy shapes, shirt waist sets, pin sets for waists, collar sets, and belt pins, whose actual value is from $1 to $1.25, on sale today at fifty cents for your choice.

$2 and $3 Belts $1.50

Girdles play an important part in the winter costumes. If you get one or more of these you'll have the satisfaction of knowing that you have a stylish one at less than its real worth.

All good styles of Fritzi Scheff leather belts and silk girdles and crush belts, especially in black, but with many colors, at $1.50 each, our regular $2 and $3 sorts.

Plaid Silks This Fall

For separate waists or shirt waist dresses we're selling an enormous quantity of plaids this season—and the real Scotch clan plaids are among the handsomest. Here at $1, $1.25, $1.50 and $1.75 a yard.

The new white and black plaids are also extremely popular—$1 to $1.50 a yard.

Swiss Louisine plaids of extra quality, 19 inches wide, 75c a yard.

Crepes de Chine, all silk, in white, ivory, cream, black and a good shade assortment, for street or evening gowns, 24 inches wide, $1.50.

One-Seam-o Crepe de chine, all silk, all colors, white, ivory, cream and black, 45-inch width, $1.50 yard.

Chiffon velvets, 19 and 23 inches wide, all shades, $1.50 and $2.25.

We continue the sale today of fancy round lace collars, neck pieces, chemisettes and maline neck ruffs at half price. While the numbers are fewer than they were yesterday, assortments are yet very satisfying.

If you're looking for a taffeta silk ribbon to trim a hat with, to make hair ribbons out of, or for similar purposes, here's the very thing, 35c taffeta ribbons, five inches wide, in black, white and all colors, at 25c a yard.

Good bargains still obtainable in remnant lengths of laces, embroideries and trimmings of all the good autumn styles, half price.

GOLD NUGGET LARGE AS A MAN'S HAND HERE.

IT'S a common thing to see men every day who have enough greenbacks to choke an elephant, but it's not often you meet a man with a gold nugget large enough to make even a horse sick if he had to try to eat it without having it run through a quarts mill.

There is a man in town, though, who has the nugget, and he is the Klondike king, Clarence Berry, who has come from Alaska on a visit to his brother, Henry Berry, manager of the Los Angeles ball club. It might be likened to a man's hand with the palm turned upward, for it is over six inches long, almost four inches wide, is an inch thick at the thickest part and "weighs" $1510.

There are few men who can dig such chunks of gold out of their own mines, but Clarence Berry is one of these lucky miners. He is one of the pioneers of the gold mines of Alaska, and having been one of the first men to get to the various rich diggings, his energy and perseverance has been rewarded with a large amount of gold. How much, no one knows but he, and he won't tell, but, in addition to a number of rich claims in different parts of Alaska, he has enough gold nuggets piled up in a bank on Broadway to make the ordinary man's eyes stick out like a rocking chair in a dark room.

He stated yesterday that he thinks the output of gold this year from the Fairbanks section of Alaska, which is in the central part of the country and about half way between Nome and Dawson, will be $8,000,000, and Dawson will turn out $3,000,000. The Guggenheims of New York now control much territory in many of the rich districts, and intend to work the ground thoroughly, and use dredges in the rivers.

Lordsburg Man Commits Suicide in Jail After Attempt to Destroy Clergyman's Life by Putting Strychnine on Food—Pastor Saved by Bitterness of Things He Tasted.

[SPECIAL CORRESPONDENCE OF THE TIMES.]

BISBEE, (Ariz.) Oct. 10.—A few months ago, James Barber was arrested at Lordsburg, N. M., charged with attempting to murder Rev. William Woods, for whose wife he had exhibited infatuation. With strychnine secured in Bisbee, Barber had entered the Woods home during the absence of its inmates and had poisoned the food from which the preacher might be expected to prepare his evening meal. But Woods's life was saved by the fact that he found intensely bitter everything he sought to eat. Barber was arrested and taken to the County Jail at Silver City, where, according to advices just received, he has taken his own life.

EATEN BY WILD BEASTS.

In a lonely cañon, near Puertocitos, in the Cananea Mountains of Mexico, has been found the body of Axel Johnson, half-devoured by the wild beasts of the hills. Johnson had been missing from Puertocitos for more than a month. Curiously enough, his death was the result of an attempt made by him to escape from the enthrallment of the liquor habit. Following upon a lengthy spree, Johnson had submitted himself to a course of "treatment" by a couple of friends, who tried a new "jag cure" upon him. The medicine left the man half-dazed. In this state he escaped from his home and into the mountains, where he stumbled to his death over a cliff.

TORN TO PIECES.

G. E. Ware, a young Kansan, employed in the Calumet and Arizona mine, struck his pick into an unexploded dynamite cartridge. The resulting explosion almost tore the unfortunate man to pieces. The remains were covered by a huge fall of rock from the blast, and not till hours later was the accident known. A miner, curiously looking over a pile of rock and dirt in the drift, found the body. Ware had been in Bisbee only a few months. He was not an experienced miner, but was working to secure enough money to return to a medical college, wherein he had been studying for two years.

BONDS FOR SEWER SYSTEM.

An issue of $80,000 Bisbee city bonds has been purchased at par by the local Miners' and Merchants' Bank. The proceeds will be used for the installation of a sewer system, an improvement urgently needed for the safeguarding of the health of the camp. Sanitary precautions already put in force by the city government have decreased by half the number of deaths from typhoid, a disease that is expected to disappear as soon as the sewer system is in operation. Other improvements are contemplated by the city authorities, backed by the camp's business men, the first step being a change to a more liberal charter than that under which the municipality now is operating.

CANDIDATE FOR COUNCIL.

Ben Goodrich, late of Los Angeles, but now representative of important mining interests at Tombstone, has announced himself a candidate for the Territorial Council, opposing the candidacy of Steve Roemer of Benson, who has represented Cochise county as Councilman for several terms. It is understood that Mr. Goodrich is expected to lead in the Legislature the forces of the mine owners opposed to Gov. Kibbey's raises of mine taxation. The mine owners now propose to substitute a bullion tax for the system of direct taxation.

TWO MEN HURT BY HORSE.

Animal Runs Away on Grand Avenue. Driver O'Malley Bruised and Laborer's Ribs Broken.

A runaway horse nearly killed C. C. Jackson, a street laborer, on Grand avenue near the intersection of Ninth street, and severely hurt Charles O'Malley, his driver. The animal started from the postoffice on Grand avenue. He was attached to a single rig. O'Malley started to get into the buggy when the horse bolted. The man was thrown to the ground and badly bruised. The runaway galloped south.

Jackson was among a gang of men working for the Los Angeles Street Railway Company. He was in a shallow trench pouring melted tar from a heavy ladel when the galloping horse bore down on the place and scattered the other men, but Jackson, who was stooping over did not hear the galloping hoofs. At the Receiving Hospital it was found that he had a couple of broken ribs and other severe injuries.

O'Malley was taken to his home, No. 1621 West Tenth street.

EXPECT IMMIGRANTS.

HONOLULU, Oct. 11.—The Territorial Board of Immigration has received notice of the departure of its agent with 1325 immigrants on the British steamer Suveric from the Island of Madeira. The board plans bringing many more immigrants here. The Island of Madeira is a possession of Portugal in the Atlantic Ocean, 440 miles off the coast of Morocco.

TURN YOUR FACE INTO DOLLARS.

Many a Man Has Failed Because His Face Was a Picture of Calamity.

It takes sunshine to produce a rose, a perfect rose. And so man, to be successful, must have sunshine inside. The life which has it not, which has no health and no happiness, is sour, surly, pessimistic, and a failure. The world already has too many vinegar faces that breathe ill will and strife. The world wants joy, comfort, sunshine, and will cling to the man who has it, who radiates gladness and triumph wherever he is, and under all circumstances.

Some people have a genius for seeking out the disagreeable, the crooked, the bad and the ugly. These are the destroyers; they travel in schools, they herd together, for they love their kind, and the cheerful part of the world will have nothing to do with them.

And why is it that so many peddle disaster, knowing at the same time that if they do, their lives will be ruined? Some people cannot help it, for pessimism usually comes from bodily disorders, and this cannot always be prevented. The stomach, for instance, is the most common cause of discontent, sour face, recklessness, disgust and lack of ambition. A bad stomach—there is the secret of many a failure. Anyone can have a good stomach, a strong stomach, a stomach that can take care of anything and everything that is put into it, no matter whether it is a very bad stomach now or not. Stuart's Dyspepsia Tablets do this very thing. One ingredient of these little tablets digests 3000 grains of food, and no matter how bad is your dyspepsia or indigestion, these tablets will digest everything in your stomach thoroughly and completely, and better and quicker than a healthy stomach can do the same thing. Stuart's Dyspepsia Tablets will cure quickly loss of appetite, brash, irritation, burning sensations, nausea, heartburn, eructations, loss of vim and spirit, bad memory, and dyspepsia and indigestion in their very worst forms.

No other little tablets in the world can do so much. You should carry Stuart's Dyspepsia Tablets around with you wherever you go and take them after meals. Then only will you realize what it is to enjoy a meal, and what perfect digestion means. Your whole body and your mind will feel the effects; your vim will increase, you will be more satisfied with what the world does, you will think happier and be happier and your face will be one of supreme contentment. That will bring you success and then more success. Your face will bring you dollars. Try it. It will cost you just 50c for a package of these wonderful Stuart's Dyspepsia Tablets, at any drug store on

His talk covered national issues principally, and he carried his hearers briefly through the history of the years of Republican administration that had brought prosperity to the land through the wise and judicious laws enacted by the Republicans in Congress.

"We are a party of business, of progress, of possibilities and of activity," said the speaker, "while our friends on the other side have no arguments to offer. They are standing on no platform. They are broken and divided."

Mr. Gillett recited the passage of the rate bill, the tariff law, the Philippine government act and the pure food law, and showed how each had contributed to the prosperity of the country and especially to the progress of California

ally anxious to please. She took the dictation of Mr. Mathews without a tremble. Her crow-tracks were just as plain as mud. Up to the very last moment Mr. Mathews had no suspicion.

It was noon. Miss McEwen put on her hat and coat ready to go out. Mr. Mathews supposed it would be to lunch—how could he even then have a suspicion when the pretty stenographer drove the hat pins without a miss.

She approached him. He looked up inquiringly as she swayed toward him and bent down a little toward the legal ear. Oh, unsuspicious man.

SO SUDDEN, YOU KNOW.

"I am going to get married," she murmured, sweetly. "Good-by."

Mr. Gillett's enthusiastic reception in Covina. Photographed for The Times by C. W. Tucker, Covina.

—and all due to the action of the Republicans in Congress.

"Ours is the only party that stands for anything," he said. "The Democratic party is fast passing out of existence. It is without a purpose or a platform. It is a party the people will no longer trust.

"The opperition call me a railroad man and speak of the bosses, but let me tell you, Bell quit talking about Schmitz and Ruef after he received a message at Modesto to 'cut it out.' And as to Langdon—well, there is Hearst.

"When I go to Sacramento as Governor of this grand State, I will go absolutely unpledged. There are no promises out, not even to the choice of a street sweeper. I will be your Governor to the bestof my ability, and will deal justice as I recognize it."

He promised an honest, just, fair and square administration and closed his eighth address of the day amidst great applause.

Mr. Gillett was followed briefly by Warren Porter, the nominee for Lieutenant-Governor. Several of the nominees on the county ticket also came through with a few words.

PASADENA'S PLANS.

RECEPTION AND RALLY.

PASADENA, Oct. 11.—Plans are being made for a big reception to the Hon. James N. Gillett, Republican candidate for Governor, when he arrives here next Monday afternoon. President Woodbury of the Pasadena Republican Club will give a dinner in his honor at La Casa Grande; later there will be a reception and after that the party will go to the tent on North Fair Oaks avenue, where a big rally will be held. It is the intention to make the coming rally one of the biggest of the season and an elaborate programme is being prepared for the occasion.

GILLETT AT COLTON TODAY.

SAN BERNARDINO TO HEAR HIM THIS EVENING.

Republican Candidate and His Party, Who Are Meeting With Enthusiastic Welcome Wherever They Go, Will Visit San Diego Tomorrow—Big Plans for Next Week.

Hon. James N. Gillett, candidate for Governor, will leave this city for Colton at 9 o'clock this morning, accompanied by Warren Porter, candidate for Lieutenant-Governor. They will speak briefly at Colton at noon and will address a mass meeting at San Bernardino this evening. Tomorrow night they will talk at San Diego and on Monday will return to Los Angeles, where Mr. Gillett has accepted an invitation of the Union League to be its guest at luncheon on that day. In the afternoon of Monday he will speak at the Soldiers' Home and will appear that evening at Pasadena.

A magnificent reception for the candidate is planned for 10 o'clock Tuesday morning at the Alexandria Hotel, Los Angeles. Prominent citizens will be members of the reception committee, and in the delightful surroundings of the handsome hotel the public will have an opportunity of meeting personally the popular candidate. After the reception Mr. Gillett will go to Long Beach, where he is to speak at 2 o'clock in the afternoon.

Returning from Long Beach he will be at the rooms of the Latin-American League in the Nadeau Hotel, where he is to be tendered a reception, and at 7:30 o'clock he will speak under the auspices of that organization at the Plaza, to which meeting the general public is invited. As Simpson Auditorium is far too small to accommodate the large number of people who will wish to hear and see the candidate, the Plaza meeting will afford a means of escaping disappointment. The Mexican Band will furnish music at this meeting and the Santa Ana marching club will act as an escort from the Plaza to Simpson Auditorium. The members of the Republican League and of the Republican clubs of the various city wards also will march in the parade to the latter place.

The lower house of the Danish Parliament yesterday, at Copenhagen, adopted by a majority of 63 votes the address proposed by the left (reform) party in reply to the speech from the throne at the opening of Parliament October 1, to the effect that the House assures the government of its support in carrying out the reforms announced in King Frederick's speech. Forty deputies refrained from voting.

Pity him, all ye business men—at least those of you who have lost pretty and good stenographers—unless you are the "other fellow."

In this case the "other fellow" is Earl Hoisington of Long Beach, president of the Automatic Pencil Machine Company, and agent in the beach city for the Reo Automobile Company.

But what did the legal transactions of a great city count for when Cupid called to the beautiful official stenographer?

There was a big touring car waiting at the door, a handsome young man at the wheel trying to seem as nonchalant as—well, as his bride-to-be.

AND MATHEWS MOURNS.

Quickly the car sped to the Courthouse. It only took Deputy Cupid Watson—experienced old gentleman that he is—a few minutes to prepare the marriage license.

Once again the touring car rushed over the dusty roads, this time to the home of the bride-to-be's mother, on Avenue 40. When they broke the news of the intended wedding to Mrs. McEwen, it was almost as bad as when Mr. Mathews learned the truth. On both scenes a drop-curtan should fall.

It was nearly 4 o'clock when a big touring automobile dashed up to the parsonage of the Dr. A. G. L. Trew, and a few minutes later a quiet party was gathered in All Saints' Church, on Avenue 54, where Dr. Trew made the "official stenographer" Mrs. Earl Hoisington.

In the automobile the happy young couple started on their honeymoon trip. They will be back in a few weeks. But Mathews still mourns.

Kills Catarrhal Germs

Hyomei's Healing Air Reaches Every Part of Nose, Throat and Lungs

Hyomei is the only scientific and thorough way to cure catarrh. Stomach dosing does not reach the catarrhal germs in the air passages and cannot possibly drive them from the system. By breathing air medicated with Hyomei the germs in the nose, throat and lungs are killed and all traces of catarrhal poison are effectually driven out.

Some people may think that Hyomei is simply for catarrh of the head and throat, but it is equally effective in catarrh of the stomach, liver or kidneys. The catarrhal germs are in the mucous membrane and Hyomei not only kills the germs in the air passages but enters the blood with the oxygen, thus killing the germs in the blood and freeing the whole system from catarrh.

Hyomei is sold under an absolute guarantee to refund the money unless it cures. A complete outfit costs but $1.00, extra bottles 50c.

Write us today for symptom blank and one of the best catarrh specialists will give you without charge personal advice and whatever prescriptions you may need. All druggists are authorized to refund the purchase price on Hyomei should it fail to give satisfaction, but if your druggist will not refund, return the empty package and inhaler to us, and we will comply with guarantee.

GREAT DAY AT OCCIDENTAL.

Public Inauguration for President Baer.

Notables Will Attend the Ceremonial Affair.

Officers Chosen by Methodist Sunday-school.

No college event in years has attracted such general attention throughout the country as the acceptance by John Willis Baer of the presidency of Occidental College, to which he will be inaugurated on Friday, October 26. Plucked from one of the greatest and most important fields of Christian work in America, in the prime of a life of unsurpassed success, and from which it was supposed nothing could tempt

ROBERT E. SPEER.

him, he yet accepted the thrice-proffered place, and educators everywhere regard the prize as a great one for the college, and the college as a fertile field for his greatest success.

Dr. Baer quietly took up his work at the opening of the college one month ago today, but his formal inauguration will occur two weeks hence, and it is designed to be the most elaborate ceremonial ever marking any event in local college circles.

Notable men in present-day Christian effort, and for years coworkers, hand in hand with Dr. Baer, will cross the continent to take part in the important event; noted educators of the North, the Governor of the State, and city officials, college presidents, and local men of mark will also take part.

The unusual arrangements will include the erection of a great tent on the college athletic field, capable of seating over 2000 people, in which the ceremonies will be held. The student body of over 400 pupils will occupy the athletic bleachers, and the faculty and invited guests will occupy a platform erected in front of the bleachers. The academic procession, which will open the ceremonies, will be a gorgeous affair.

Robert E. Speer, secretary of the Board of Foreign Missions of the Presbyterian Church in America, will come from New York to deliver the congratulatory address. Mr. Speer is another phenomenal young man in his line of work, and Dr. Hugh K. Walker said of him last night: "I regard Robert E. Speer as one of the greatest speakers on the American platform."

William Shaw of Boston, treasurer of the World's Christian Endeavor Union, will bring the greetings of the organization to which Dr. Baer gave twelve years of his life, and in connection with which he became world-famous.

The inauguration ceremonies will be held at 10 o'clock in the morning, and in the evening a banquet will be given at the Westminster Hotel, under the auspices of the Presbyterian Laity Association, for which elaborate arrangements are under way.

The inauguration programme in full is as follows: Dr. Hugh K. Walker, president of the Board of Trustees, will be in charge, and the invocation will be made by Dr. W. S. Young, secretary of the board. Address of welcome in behalf of the State, Governor Pardee; for the city, Mayor McAleer; for Pasadena, Mayor Waterhouse; for institutions of Northern California, David Starr Jordan, president of Stanford, and Benjamin Ide Wheeler, president of the University of California; for institutions of Southern California, Dr. George F. Bovard, president of U.S.C., and Prof. E. C. Norton, dean of Pomona College; for World's C. E. Union, William Shaw; for Occidental faculty, Dr. J. A. Gordon; for the trustees, Hon. Frank P. Flint. Inaugural address, John Willis Baer; congratulatory address, Robert E. Speer.

The inaugural arrangements are in the hands of the following committee: Dr. Hugh K. Walker, W. C. Patterson, Frank P. Flint, Thomas F. Bard, Dr. William S. Young. The marshals, chosen from the faculty and the student societies, are Prof. A. F. Shaw, Prof. Charles B. Moore, Rev. T. Horace Cleland, C. A. Spaulding, H. S. Dukes, D. B. Merrill, W. E. Stevenson and B. R. Smith.

Mr. Speer will be in the city a few days and on Thursday, the day preceding the inauguration ceremonies, he will address the students of Pomona College and of the University of Southern California.

GREAT SUNDAY-SCHOOL.

ELECTS OFFICIAL ARMY.

The Sunday-school of the First Methodist Church, "the second in rank in all the world of Methodism," to quote the words of its superintendent, held its annual meeting last night.

To look at the assembled body, one unacquainted with the situation might easily imagine that a whole school was gathered there last night, but it was simply the 160 teachers and officers of the school, with a few invited guests.

The school enrolled 1195 new scholars during the past year, lost 836, making a net gain of 270. The total enrollment on October 1 was 2750, as against 2481 one year ago.

The head of every department made a carefully prepared report last night, all having been carefully bound into a typewritten book of about 100 pages, which becomes a part of the permanent records of the school.

Nothing is more remarkable in this remarkable school than the choice of Dr. H. W. Brodbeck as its superintendent for the fifteenth consecutive year, and of Mrs. Brodbeck as superintendent of the primary department for the same period. You often hear the cry for "new blood" in such organizations, about every other year, but from year to year this school has forged ahead in the most phenomenal way, under the tactful and able management of Dr. Brodbeck, who has the personal appointment of his many assistant superintendents.

The principal officers elected last night were as follows: Superintendent, Dr. H. W. Brodbeck; secretary, H. W. Yarrick; treasurer, C. H. Bradley; librarian, Miss C. Pietzner; chorister, Charles E. Lamb; orchestra leader, E. B. Valentine; pianist, Mrs. W. H. Carter; superintendent of primary department, Mrs. H. W. Brodbeck; home department, Dr. E. S. Northup; normal department, Mrs. N. F. W. Pond; temperance, Mrs. S. J. Oliver; cradle roll, Mrs. H. E. Burmeister. Each of these officers has the appointment of assistants.

Sunday will be rally day for the school, and at the close of the school, which meets at 9:30 a.m., the recognition of the workers of this great department of the church will take place in giving way of the regular morning preaching service, and the main auditorium will be reserved for the members of the school before other persons are admitted. A large class will be graduated from the normal department and the new officers will be installed by Dr. Robert McIntyre.

RELIGIOUS BRIEFS.

MANY BIBLE CLASSES.

Rev. A. B. Prichard has consented to take charge of the women's Wednesday morning Bible class at the Young Women's Christian Association, presenting studies in the Gospels and the book of Acts. There are thirteen other Bible classes, in charge of competent teachers, and all are open to non-members as well as members of the association. The Vesper service at 4 o'clock on Sunday afternoon, will be addressed by Rev. Arthur S. Phelps, whose subject will be, "The Young Woman in Business." Mr. Phelps is an entertaining talker and will undoubtedly have many things of interest to say to the ladies who attend.

The Members of the West Adams M. E. Church gave a surprise party to Rev. D. H. and Mrs. Trimble at their home, No. 2707 Hobart Boulevard, on Wednesday evening. It was in the nature of a farewell, prior to their departure for Eugene, Ore., today. J. H. Harriman, superintendent of the Sunday-school, called early in the evening and invited Mr. Trimble and his wife out for a ride. In their absence about eighty members of the congregation assembled and greeted them on their return. Light refreshments were served and many expressed their regrets at losing Mr. Trimble.

The Danish Lutherans of this city have secured the services of Rev. C. J. Skoogaard, late of Latimer, Ia., and have established themselves in Burbank Hall, where services will be held regularly every Sunday. It is their desire to gather all the Danish people of the city into the organization, where they may hear the Scriptures taught in their own tongue, and use the same ritual forms as are used in the mother church. They expect soon to be able to build their own church and stand on an equal footing with Danes all over this country.

Today is "registration day" at Immanuel Presbyterian Church, which now has over 2100 members. It is the annual custom to have all the members re-register, thus giving the church an accurate record of the residence of each member.

IRON MOUNTAIN SPECIAL JUMPS TRACK IN ST. LOUIS.

Engine and Two Cars Plunge Over Embankment, Crushing Engineer and Badly Hurting Fireman Who Was Out of Hospital Only Two Weeks.

[BY THE ASSOCIATED PRESS—A.M.]

ST. LOUIS, Oct. 11.—The Iron Mountain fast train, which was late in leaving Union Station today, jumped the track while making up lost time in the city limits, killing one and injuring ten other persons. The dead are:

ENGINEER JOHN CASPAR, 45 years old, St. Louis.

Injured:

FIREMAN PETER RAFFERTY, St. Louis, broken bones and internal injuries, serious.

Behind the engine were three mail cars. The engine and two cars plunged from the track at a sharp curve and went down an embankment. Engineer Caspar was crushed to death. Fireman Rafferty is so badly injured that it is believed he cannot recover. He had been out of the hospital only two weeks. Two of the mail clerks were seriously injured, the others being badly bruised.

THREE DIE IN TUNNEL FIRE.

EXPLOSION STARTS BLAZE AND SHUTS IN WORKERS.

Cause Is Unknown—Accident Occurs in Big Subway of Pennsylvania Railroad Leading to New York City—Twenty Were at Work Near Scene of Horror.

[BY THE ASSOCIATED PRESS—A.M.]

NEW YORK, Oct. 11.—Three men were killed and a dozen others rendered unconscious by an explosion and fire in the Pennsylvania Railroad tunnel under Long Island City today.

The dead men were said to be a superintendent named George Chapman, a truck turner named Michael Daly and a fireman named Joseph Pearce.

The exact cause of the explosion is unknown. It took place under the lock at the end of one of the four tubes which are being dug to connect with tubes running under the East River at Manhattan Island to connect with subways leading to the proposed Pennsylvania Railroad station. There were twenty men at work in the lock and three of them were rendered insensible either by the concussion or smoke of a fire which followed it. Elsewhere in the tunnel there were more than thirty men at work.

Woodwork separating the tunnel caught fire instantly and great clouds of choking smoke poured into all parts of the tunnel. A wild rush for the shaft, a thousand feet away, which was the only means of exit, followed the explosion.

The bucket by which the men were taken from the shaft to the street above could carry not more than six men and there was a desperate struggle among the frightened workmen to be the first to be taken out.

PAIN TURNS HAIR WHITE

A Woman's Awful Suffering from Neuralgia

No Relief Until She Tried Dr. William's Pink Pills

Then She Gained in Weight the Pain Ceased and She Has Been in Perfect Health Ever Since

Do not seek relief from suffering simply, but free your system from the disease which is the cause of your suffering. That is the message which a former victim of neuralgia sends to those who are still in the grasp of that most acutely painful of nervous diseases. Hot applications, powders that deaden the senses and others that reduce the heart action may cause temporary relief but the pain is sure to return with greater intensity. Neuralgia has been aptly described as the cry of a starved nerve. In neuralgia the nerves need nourishment and the only way to nourish them is through the blood.

Mrs. Evelyn Creusere, who has a beautiful home at 811 Boulevard West, Detroit, Mich., suffered for years with neuralgia until she tried this tonic treatment and was cured. She says:

"My trouble began about six years ago and I did not rest as I should have, but kept up about my many duties. After a time I became so weak I could not do any work at all. I had severe backaches and such dreadful headaches in the back part and top of my head. My eyes were easily tired and at times I saw black spots before them. I consulted several doctors but without the slightest benefit. The neuralgic pains were so intense that my hair turned white.

"I lost continually in weight and strength and was almost in despair when a friend here in Detroit recommended Dr. Williams' Pink Pills, saying that they did her so much good when she was all run down. So I tried them according to directions and soon began to feel better. At the end of three months I had gained ten pounds in weight and had no more trouble with my nerves. I have been in perfect health ever since and can heartily commend Dr. Williams' Pink Pills."

Mrs. Creusere is a prominent member of the Maccabees and has served as president of the Woman's Relief Corps. Her story may be absolutely depended upon and it should bring hope to every nervous sufferer. Dr. Williams' Pink Pills actually make a new blood and are therefore a specific for anaemia in all its forms and valuable in the treatment of rheumatism, general debility and most forms of stomach trouble. On account of the dependence of the nervous system upon the blood they are useful in nervous disorders and have cured nervous debility, neuralgia, headaches and even such severe troubles as partial paralysis, St. Vitus' dance and locomotor ataxia. Proof of cures will be sent on application.

Dr. Williams' Pink Pills are sold by all druggists, or sent, postpaid, on receipt of price, 50c per box, six boxes for $2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

VICTIM SUES BRO' BURGLAR.

QUEER PROCEEDINGS INSTITUTED IN OMAHA.

Farmer Who Was Wounded by Man Whom He Caught Robbing His House, Now Wants to Get Money Which the Thief Tried to Bribe Him With.

[BY DIRECT WIRE TO THE TIMES.]

OMAHA (Neb.) Oct. 11.—[Exclusive Dispatch.] John Wipf, a farmer living near here, has sued John Smith, who is under indictment for robbing his house and shooting him with intent to kill, for $2000 damages.

Wipf caught Smith in the act of robbing his house, and after a desperate battle in which the farmer was twice shot, captured him, tied him hand and foot, brought him to Omaha and turned him over to the police.

On the way to the city, Smith drew $1400 out of his pocket and offered it to Wipf if he would release him. Wipf spurned the offer, but now he purposes to get the burglar's money as compensation for the wounds he received at his hands.

UNDELIVERED TEL

There are undelivered telegrams at the office of the Postal Telegraph Company for Charles Fisher, J. Goldberg, Frank A. Hinkey, Kid Linton, Fritz J. Lawtz, F. A. Lathrop, Joseph F. Rose, W. Sheldon; cablegram for Aleksin Schubin.

At the convention of the International Order of Fire Engineers at Dallas, Tex., yesterday, "Some Lessons from the San Francisco Fire" was the topic of a paper by Chief P. D. Shaughnessy of that city. This paper advocated dynamite.

Vinol's Reliability

Prominent Physicians Join With The Owl Drug Co. in Recommending Vinol.

Countless physicians and druggists are now prescribing and indorsing Vinol as the most valuable cod liver oil preparation known to medicine, and it is fast superseding all other forms of cod liver oil and emulsions.

A prominent physician writes: "I am satisfied that Vinol derives its wonderful life-giving and strength-creating power from the medicinal curative elements found in the cod's liver. It is the best strength creator and vitalizer for old people, weak women, children and the convalescent that I ever saw."

Another physician writes: "I could cite many cases where health has been restored in a surprisingly short time by Vinol. I should be very sorry to have to do without Vinol in my practice. It has no equal for hard colds, throat and bronchial troubles."

Now, when we tell you that we have never sold in our store a remedy of more remarkable curative and strength-creating power than Vinol, for the weak, the sick and the aged, and that, if it fails to accomplish what we say it will, we will refund your money without question, it shows you our faith in the preparation.

Try Vinol on our guarantee, The Owl Drug Co., 320 So. Spring street.

Note.—While we are sole agents for Vinol in Los Angeles, it is now for sale at the leading drug stores in nearly every town and city in the country. Look for the Vinol agency in your town.

EVENTS IN LOCAL SOCIETY.

One of the most notable of the early fall weddings will be that of Miss Fern Palmer and Max Parker, which is to occur on November 7, at St. Paul's Pro-Cathedral. The engagement was announced some time ago, and ever since Miss Palmer has been widely entertained, and in the intervening weeks

MISS FERN PALMER,
Wedding to Max Parker is set for Wednesday evening, November 7, in St. Paul's Pro-Cathedral.

many affairs will be given. Miss Parker has chosen Miss Frances Palmer, sister of the groom, to act as maid of honor, and two girls, who were classmates at Cumnock school, as bridesmaids. They are Misses Mabel and Edith Low. Jean Parker, brother of the groom, will be best man, and Ned Shields and George Palmer to act as ushers.

Miss Palmer is a petite blonde, a favorite in university social circles, and is the daughter of Dr. W. H. Palmer of No. 1149 Twenty-seventh street.

Miss Hahn Home.

Miss Irma Hahn, who left six months ago to visit with Mrs. Cecilia White's family in Europe, has returned to Los Angeles and is with her mother at the Rosedale Place, Miss Gavagan having gone to New York in company with Mr. and Mrs. Joel B. Gwynne, who returned several weeks ago. Miss Hahn went from New York to Boston, where she has been visiting Miss Beatrice Gavagan.

—o—

Miss Hahn Here.

Miss Irma Hahn, a clever young violinist, has come here to make her home, and is at present the guest of Mrs. L. G. Seabury at her home on Mallard street. Miss Hahn is an attractive girl and most talented violinist, a graduate of the King Conservatory at San José, afterward pursuing a graduate course in piano and violin in spite of her youth, and was assistant for Mr. Michelena, the famous tenor for Emma Nevada. Local musicians will welcome this accomplished addition to their circles.

—o—

Eastern Tour.

Mr. and Mrs. Roland Bishop and Miss Bishop of West Adams street, returned from an enjoyable eastern trip whither they went by automobile taking their guests, Mr. and Mrs. Chanslor, who had been visiting them, to their home. The party spent several days in San Francisco, stopping and stopped in Portland on their way home.

For Miss Rooney.

Miss Evelyn Rooney, whose engagement was recently announced, was the guest of honor at a charming linen shower, given yesterday afternoon by Miss Alma Wood of East Thirty-first street.

—o—

Miss Woodcock a Bride.

Wednesday evening a pretty little wedding was that of Miss Corrine Woodcock and Harry Franklin, which took place at the home of the bride's mother, Mrs. R. M. Woodcock, No. 427 West Avenue Fifty-two, with Rev. Frank Forbes officiating. Owing to deaths in the family of the bride the wedding was exceedingly quiet, only a few relatives and intimate friends being present. The house was simply decorated with ferns and white carnations and the couple stood beneath a bower of pink and white and green, roses being enmeshed in the greens. Scarlet geraniums and satin ribbons made a pretty combination in the dining-room, where supper was served.

The bride was daintily gowned in white French lawn and lace and carried a shower of bride roses. After a short honeymoon at the beaches the couple will be at home in this city.

—o—

Chi Sigma Phi Sorority.

The Chi Sigma Phi Sorority has issued unique invitations for a Hallowe'en party to be given on the evening of

shower of bride roses. Miss Carrie Adams, sister of the bride, who was maid of honor, wore pale blue mousseline de soie over silk and carried pink carnations. Walter Pfaffenberger, brother of the groom, was best man. Rev. Alfred Linwood, assisted by Rev. Fred Ross, brother-in-law of the groom, performed the ceremony. Miss Lottie Kee played the "Bridal Chorus" from "Lohengrin" as the couple approached the altar and appropriate music through the ceremony.

After a short wedding tour, Mr. and Mrs. Pfaffenberger will be at home to their friends at No. 328 North Pickett street.

—o—

Concordia Club Dance.

The members of the Concordia Club enjoyed a dancing party last evening at their clubrooms on South Figueroa and Sixteenth streets, Arend's orchestra furnishing the music for the dancing.

—o—

Collins Surprises Friends.

Last evening William S. Collins and Mrs. Jessie Williams Freeman were married by Rev. Will A. Knigaten at a pretty home ceremony at the residence of Mr. Collins's son-in-law and daughter, Mr. and Mrs. J. C. White of No. 3623 South Hope street, surprising their friends by their hasty action. Though they had planned to be married in the winter, it was not to be so soon. Collins is vice-president of the Bank of Los Angeles, and the directors decided to send him to St. Louis to the Bankers' Convention, which is to be held there October 13 to 17. Knowing it would be a delightful trip, he persuaded his fiancée to become his wife much sooner than she had expected, to go with him.

Mr. and Mrs. White, at whose home the wedding was solemnized, will be remembered as the couple whose romantic automobile marriage last year was the topic of much newspaper gossip.

The ceremony last evening, though witnessed by only a few close friends and relatives, was pretty. The home was decorated by S. R. Lundy, and bloomed in a riot of blossoms. In the drawing-room, where the couple stood for the service, a bower of asparagus ferns and white carnations was arranged, and long-stemmed white flowers starred the green background. White tulle love knots were gracefully wound overhead. In the reception room, where punch was served, enchantress carnations and ferns were used effectively. Especially pretty was the novel idea of the huge piece of ice, within the depths of which were frozen nodding enchantress carnations and maidenhair ferns. The gleaming punch bowl filled with nectar was set upon this. Pink tulle and curtains of asparagus ferns and a ball of pink carnations hung from the chandelier, completed the effect here. American Beauty roses were used in the dining-room. The mantel was banked with palms, among which the long-stemmed Beauties glowed, and deep red tulle formed a canopy over the table, spread with shining linen and crowned with a huge cluster of American Beauties.

The bride was attired in a handsome white broadcloth suit with lace waist and diamond ornaments. She wore a white picture hat and carried a shower of bride roses.

The couple will leave this morning for St. Louis, where they will attend the Bankers' Convention, and then tour the East, and on their return will take apartments at Hotel Alexandria.

The bride has lived here all her life and is possessed of a splendid voice, which has been frequently heard at private gatherings. Mr. Collins has made his home here eighteen years and has large property holdings here. He is a popular member of the Jonathan Club and on Wednesday evening he entertained a few of his friends with a farewell banquet. Those who toasted the groom-to-be were: Warren Gillelen, John A. Pirtle, James G. Scarborough, William Boland, Smith, Reed and Dion Geraldine of Chicago.

—o—

Club Entertained.

The G.G.N. Club was entertained last evening by Mrs. Lillian Pooler, assisted by her sister, Miss Beatrice Stewart, at the home of Mrs. Pooler, No. 2823 Dalton avenue. The dining-room was tastefully decorated in red carnations and ferns, red and green being the colors of the club. Substan-

Beneath Arch of Greenery.

Last evening a home wedding distinguished for its simplicity and beauty was that of Miss Ruth Adams, daughter of Mr. and Mrs. James W. Adams, of No. 1928 Pennsylvania avenue, to George F. Pfaffenberger, which took place at the home of the bride's parents.

The home was profusely decorated with fresh flowers and ferns and white and green was the color effect carried out through the home. The couple stood for the ceremony beneath an arch of white roses and soft fern fronds and palms and waving greens formed an attractive background. White roses and ferns in baskets and vases further adorned the home.

The bride was a sweet picture in gown of white crepe de chine, made princesse and trimmed with silk appique roses and yoke and trimmings of embroidered chiffon. She carried a

tial luncheon was served. Miss Frances Robinson gave a humorous reading and Miss Freda Colf choice selections on the piano. Among those present were: Misses Bessie Dodge, Mary Thorne, Catherine Norberg, Minnie Thompson, Ethel and Reta Wilcox, Freda Colf and Frances Robinson.

—o—

Bartletts' Dinner.

Mr. and Mrs. A. G. Bartlett of "Vista Del Mar" and their daughter, Miss Bessie Bartlett, entertained a company of friends with an enjoyable dinner last evening at their Hollywood home, and afterward occupied a box at the Mason Opera-house to hear Miss Yaw. The dining-room was decorated with pink carnations and ferns and pink-shaded lights cast a soft glow.

Guests who were all musical people, included: Mr. and Mrs. John Douglas Walker, Miss Catherine Estelle Heartt, Miss Bartlett and Tom Karl, Mr. Dewey and Archibald Sessions.

—o—

Rules Have Guest.

Mr. and Mrs. Ferd K. Rule of No. 721 West Washington street are entertaining as their guest Miss Bertha Wentz of Gilroy. Miss Wentz is a charming girl and is considered one of the belles of Santa Clara society, being of a prominent family there.

—o—

Notes and Personals.

Miss Marguerite Seymour, daughter of Dr. and Mrs. J. H. Seymour of South Figueroa street, is expected home next week from a prolonged eastern visit.

A number of guests of Hotel Maripost, Altadena, enjoyed a jolly trip to Mt. Lowe. Included among the party were Mr. and Mrs. R. Hogue, Mr. and Mrs. Tracy Smith, Worthington Smith and Mrs. Franklin L. Chase, Jr.

Mrs. J. H. Martindale and her son Howard have gone to Miramar, near Santa Barbara, for a few weeks' visit.

The Stanton Relief Corps will this evening entertain the members of Stanton Post, G.A.R., with a social and supper at the hall, No. 125½ South Spring street. Supper will be served at 6 o' clock.

Misses Ainette and Bertha Cheek, from Aurora, Ind., are visiting their aunt, Mrs. H. W. Brodbeck, of North Soto street.

The way of the transgressor is Lard

The wise housewife specifies *Cottolene* every time in place of lard. Anyone with a particle of respect for his stomach would prefer a pure vegetable product to one made from hog fat.

Cottolene is *always* pure; lard isn't.

Cottolene will make more palatable food than lard, and food that any stomach can digest with ease. Lard is a friend of indigestion.

Cottolene is put up in odor-proof sealed tin pails; most lard comes in bulk, and will absorb any old odor which is near it.

You can prove every word we say by buying and trying a pail of *Cottolene*. All good grocers sell it; all the great cooking authorities of America recommend it.

COTTOLENE was granted a GRAND PRIZE (highest possible award) over all other cooking fats at the recent Louisiana Purchase Exposition, and food cooked with COTTOLENE another GRAND PRIZE.

"Home Helps" a book of 300 choice recipes, edited by Mrs. Rorer, is yours for a 2 cent stamp, if you address The N. K. Fairbank Company, Chicago.

A NEW FEATURE—The patent air-tight top on this pail is for the purpose of keeping COTTOLENE clean, fresh and wholesome; it also prevents it from absorbing all disagreeable odors of the grocery, such as fish, oil, etc.

Catarrhal Gastritis

"For two years I was in a very bad condition. I was treated by a number of eminent physicians for chronic catarrhal gastritis and dilatation of the stomach, and obtained no relief. I grew gradually worse, my breathing was so difficult at times that I thought I would die. My heart was in very bad condition from poor circulation and pressure of the dilated stomach. I decided it was only a matter of a very short time with me. I was advised to try Dr. Miles' Nervine and Heart Cure, and before I had finished taking one bottle of the medicine I felt like a new being. I took eight bottles of the medicine, and am entirely cured, for a matter of about $8.00 in the face of two hundreds spent in the two years before without relief." A. D. SLACK,

Master Mechanic of the I. & G. N. R. R., San Antonio, Texas.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

HOUSES SET ON FIRE BY WIRES.

PASADENA HOMES MENACED BY ELECTRICAL MISHAP.

High Voltage Carrier Becomes Loosened and Falls on Service System, Causing All the Fuses to Blow Out and Start Flames in Residences—Men Escape Injury.

Office of The Times, No. 36 S. Raymond Ave.

PASADENA, Oct. 11.—The loosening of a high-voltage wire of the Edison Electric Company's system this afternoon was the cause of several small fires and resulted in the city's being left without power for about two hours. The wire, after breaking loose from its fastenings, fell onto some of the service wires and caused considerable damage.

All of the houses served by the service wire affected were immediately cut off as the heavy current passing through the wires caused all of the fuses to blow out. In some cases this caused fires and but for the prompt attention of the chemical engine serious damage would have resulted.

The worst damage was done to the house of J. E. Jardine on South Marengo avenue. Here the current not only burned out the electric light wire fuses but also jumped to the wires of the Home Telephone Company. A lively blaze resulted and the woodwork and walls of the house were badly damaged before the fire department apparatus arrived.

Linemen of the Edison Electric Company and of the Home Telephone Company were at once called out and the damage repaired. The power was shut off for a short time only but during that time all of the manufacturing plants were at a standstill.

In attempting to extinguish the fire at the Jardine house a number of amateur firemen had a narrow escape from serious injury through their ignorance of the laws of electricity. One of the wires fell across a barbed wire fence and set the posts on fire. A number of men were just getting ready to turn a stream of water on the fence when linemen of the Home Telephone Company arrived and warned them of the danger of such a proceeding. There was a heavy current passing through the wires of the fence and had the men turned on the water it would probably have caused their death.

HIT BY RANDOM SHOT.

Fred Pluff, an employé of the Model Grocery Company, was struck in the back by a spent rifle ball this afternoon while at work in front of the company's store on North Raymond avenue. Fortunately the bullet, which was of small caliber, did not pierce his clothing and with the exception of a small bruise he suffered no injury.

It is supposed that some one carelessly discharged a rifle or revolver in the alley opposite the store. Bystanders state that they heard a muffled report and that at the same instant Pluff clapped his hand to his back and said "I'm shot." At first he thought that the bullet had penetrated his flesh as he felt a sharp pain, but, on turning around, he found the pellet lying on the sidewalk.

All efforts to locate the person who fired the shot were unavailing. It is supposed that some one was examining a gun in the alley and accidentally discharged it.

SANTA FE PROTESTS.

The Elm avenue grade matter is again a problem. It was supposed that the matter had been finally settled when the Council, at its meeting last Tuesday, granted the petition of the property-holders on the street and ordered the grade changed to comply with their request. Now comes the Santa Fé Railway Company into the dispute and asks that the whole matter be again gone over.

A protest of the railroad company is based on the fact that the grade, as now established, will necessitate the lowering of the Santa Fé tracks and mean, it is claimed, the expenditure of some $300. The company asks that the city stand the expense of having this work done. As it will be impossible to make the street conform with the new grade unless the company lowers its tracks this latest dispute will have to be settled before anything can be done.

GAMBLERS FORGET BAIL.

When the names of the seven men, who were arrested in the raid on John Brown's gambling house last night, were called in court this morning they failed to respond and their bail money was declared forfeited. Apparently none of them cared to go through the publicity of a trial and preferred to lose the money.

The raid, which resulted in the seizure of a large amount of gambling paraphernalia, was planned by the Chief of Police and executed under his directions. The chief located the house several days ago and has been keeping his eyes upon it. The raid was deferred until there were enough men in the house to make a good haul. The affair was carried through without a hitch and Chief Pinkham received compliments for the effective work of his men.

THREE HUNDRED DINE.

This evening in the parlors of the First Congregational Church the Christian Endeavor Societies of Pasadena gave a banquet at which over 300 people were present.

The banquet hall was decorated with the Christian Endeavor colors, green and white. The repast was served at 7 o'clock and the affair was one of the most successful ever given by the organization.

Among the prominent speakers of the evening were Dr. John Willis Baer, president of Occidental College; Paul C. Brown, president of the State Christian Endeavor Society; Leon V. Shaw, R. E. Small, George S. Higby, T. Park Upton, John Anderson, Miss Skinner, Mrs. Fielder, Miss Hamilton, Miss Young, Harry A. Godber, Mr. Sands.

The opening prayer was given by the Rev. R. R. Meredith and the closing invocation by the Rev. Harry R. Keates.

PRE-NUPTIAL RECEPTION.

Dr. and Mrs. Charles H. Ward of No. 288 South Marengo avenue entertained last evening in honor of Miss Leta Rhoden who is to be married to N. E. Kay October 17.

The large living-room was decorated with carnations and ferns. A large red wedding bell was hung from the chandelier in the center of the room, and leading from this were streamers hung with red hearts. The dining-room was decorated with carnations and smilax.

The cosy den had been converted into a "shower room" for the occasion. A table in one corner held the breakable gifts and the others were hidden in a parasol hung from the ceiling. The bride-elect was early in the evening lured into this room and showered with the bundles filled with the many dainty little articles dear to the heart of woman.

After the fun of the surprise shower the evening was spent with music. Later dainty buffet refreshments were served in the dining-room.

Those present were Mrs. Frank Merrill, Mrs. Fogg, Mrs. Nina Pettit, Mrs. Lester Hoyt, Mrs. Virgil Sutliffe, Mrs. George Brown, Mrs. Ira Brown, Mrs. M. Cady, Mrs. James Hiffner, Mrs. Frank Fox, Mrs. Bassett, Miss Daisy Rhoden, Miss Leta Rhoden, N. E. Kay.

FRIENDS HONOR GIRLS.

Miss Alice Langstaff and Miss Grace Mills, whose birthdays fall upon the same date, were given a surprise party last evening by their friends of the Lake Avenue Congregational Church.

Miss Grace Langstaff, a sister of Miss Langstaff, planned the affair and the friends assembled at the Langstaff residence, No. 818 Westlake avenue, and awaited the return of the two young women from prayer meeting.

The evening was passed with old-fashioned games. To find their partners for supper each girl was given a half heart with half of a verse written upon it. She then had to search for the young man who had the corresponding half-heart and half-verse.

Those present were Misses Madeline Waterhouse, Ada Baumiller, Lotta Miller, Edith Bryan, Grace Mills, Alice Langstaff, Grace Langstaff, Mrs. Gray; Messrs. Herbert O'Neil, Herbert Pickering, Cyrus Mills, Emerson Langstaff, Ernest Langstaff, William Snyder, Bert Nichols, Knettles, Woodbury.

MILKMEN FACE TROUBLE.

Nothing new developed today in the dispute between the milkmen and the city authorities, but the matter has not been discarded, and there is trouble brewing for some one. Probably no action will be taken by the officials until the City Attorney returns from his vacation. The adminstration is determined to enforce the milk ordinance, and if licenses are not taken out soon several arrests may result. The authorities say they are satisfied as to the legality of the ordinance, and intend to see that it is enforced.

CROWN CITY BREVITIES.

A Bible-study rally has been called for tomorrow night at the Y.M.C.A. building, and on that occasion all of the members of the association who are interested in the study of the Bible are asked to be present, and to bring their friends. Refreshments will be served, after which arrangements for the organizing of Bible-study classes will be discussed.

Miss Winnifred Dale and Edward C. Kent were married this afternoon at the Church of the Angels. There were no attendants, and only the near relatives and a few friends were present during the ceremony. Miss Dale is the daughter of Mrs. E. R. Dale of Piedmont Drive, Altadena, and Mr. Kent is the son of Mrs. G. L. Kent of No. 188 South Grand avenue. Mr. and Mrs. Kent will make their home, after their return from a brief wedding trip, at No. 500 Arroyo Drive.

The engagement was announced today of Miss Elinor Merrill, daughter of Prof. and Mrs. A. W. Merrill of Berkeley, to Volney H. Craig of this city. No date has been set for the wedding, as Miss Merrill is still in her junior year at the University of California, where her father, Prof. Merrill, holds the chair of Latin. Miss Merrrill will spend the holidays here with Miss Marion Craig, who is her schoolmate.

The lawn fete held this evening by the members of the Universalist Church at the residence of Mr. and Mrs. Harry Geohegan, No. 235 South Lake avenue, was a social and financial success. There was a stringed orchestra and a variety of vocal and instrumental selections. Benjamin Harrison was in charge of the arrangements for the evening.

Mrs. Shirley V. Martin of Altadena left today for a visit of five weeks in Chicago.

The Pasadena Children's Training Society and the Young Woman's Auxiliary held a joint meeting this morning at the home of Mrs. F. F. Rowland, No. 55 South Marengo avenue. It was decided that the auxiliary would meet to sew for the children of the home every week for a period of six weeks. The first meeting will be held next Monday at the home of Mrs. J. R. Bragdon, No. 34 North Madison avenue. One Saturday of every month will be devoted to furnishing some amusement for the children.

The Lincoln Child Study Circle held its first meeting of the school year in the Lincoln school kindergarten yesterday. The feature of the afternoon was a talk of Mrs. Elizabeth Grinnell.

The Woman's Relief Corps met yesterday afternoon, with a large attendance. A circular from the national president on the work for the year was read. The Thimble Society will meet next Wednesday afternoon and evening at the home of Mrs. S. Root, at No. 510 South Marengo avenue.

The Wilson-Franklin Child Study Circle held its first meeting of the year at the Franklin kindergarten yesterday afternoon. The following officers were elected for the coming year: Mrs. Frances Burt, president; Mrs. J. A. Goodrich, vice-president; Mrs. Henry F. Johnson, secretary and treasurer.

CHICKEN FRY FOLLOWS GAME.

Losing Side in Monrovia Whist Contest Pays for Repast Enjoyed by Forty Members.

MONROVIA, Oct. 11.—The records of bad play in whist at the Granite Club was made last night by Charles J. Dash and F. T. Croxon, men who heretofore had held the reputation of winners in all games. Their score for the evening entire was 17 points, while the game in which forty members played was decided by 359 to 488. The sides in the game were decided by lot, and this threw to the losing side F. J. Cornes and Henry Morris, whose defeat furnished satisfaction to many who, for long, suffered at their hands. Some of the young members of the club were on the winning side for the first time. The forfeit in the game was the chicken fry that was served later, which cost the losing side $1.05 a plate.

WEDDED PAIR MISS TRAIN.

Miss Laura Dee, sister of Mrs. Charles Rehrman, was married last evening to John Crews, at the home of the bride's aunt, Mrs. Fred Neilson, in Los Angeles. Two prominent Monrovia families were interested in the pretty ceremony, as the groom is the son of Dr. and Mrs. B. S. Crews of this place, and the wedding was the culmination of a Monrovia High School romance. Members of the families of the principals were present, and by a trick the couple were held until their train had gone. They will spend the honeymoon in San Diego.

Lewis Bradbury is installing at his well at Duarte, just east of town, a fifty-inch pump to test the water development. The first machinery set up, pumping twenty-two inches, did not lower the liquid at all. This development of water will be for a large tract of land that is intended to be placed on the market at an early date, a move that will be hurried by the work commenced on the Pacific Electric extension to Duarte.

CAPTAIN DROWNS NEAR WRECK.

PURSUED BY AN OMEN OF ILL LUCK FOR MONTHS.

Master Mariner John Clark Meets Death While Giving Assistance to Crew of Schooner Shasta, Which Was Pounded to Pieces on Rocks at Point Concepcion.

SAN PEDRO, Oct. 11.—A telegram received here today by City Treasurer J. A. Wildt reports the accidental death by drowning of Capt. John Clark, on Tuesday afternoon, at the scene of the wreck of the steam schooner Shasta off Point Concepcion.

In company with a sailor Capt. Clark attempted to row out from the mainland to the Shasta. The small boat was capsized and the unfortunate mariner was unable to swim ashore through the heavy surf.

The body was recovered and sent to Capt. Clark's home in San Francisco.

Much sorrow is felt here for the untimely death of Capt. Clark. He was jovial and popular, and as a mark of respect to his memory the flags on all the vessels in the harbor are at half mast.

Some omen of ill luck has pursued Capt. Clark for the past six months. He lost his home in the fire and earthquake in San Francisco in April, on which he carried no insurance. In May the ill-fated barkentine Portland of which he was master and owner, ran upon the rocks off Hueneme and was badly damaged. She was finally gotten off and towed to this port where she was sold for $1000.

Last week Capt. Clark took passage on the steamer Shasta, which piled up on the rocks early last Saturday morning off Point Concepcion and was a total loss. Capt. Clark was a close friend of Capt. H. P. Hausen of the wrecked steamer and had stayed by the steamer to render assistance.

Two nights before Capt. Clark took passage on the Shasta a dinner was given by Capt. Marsters on board his schooner, the Mahukona. The conversation turned to the perils of the sea and Capt. Clark said: "While I do not believe in signs, omens or superstitions, some twenty years ago I made my first and last visit to a palmist, and must admit that most of her predictions have come true. She described the wife I would marry and was right; told me how many children I would have and many other things. But on one thing I have beaten her. Looking in my hand she said: 'I see the number sixty plainly in your palm. Before that age you will meet death by drowning. Keep away from the water.' While the wreck of the Portland was a close call, I think I've got her beaten on that point."

Had Capt. Clark lived until the end of October he would have rounded his three score years.

WOMAN CHARGES HIM AS FORGER.

LONG BEACH MAN ARRESTED ON ALLEGED LAND FRAUD.

Jessie E. Lutman Accuses Carl Anderson of Deeding to Her a Piece of Property, Which, She Claims, Was Not Owned by Him—Prisoner Furnishes Bond.

LONG BEACH, Oct. 12.—Carl Anderson, alias Carl Overholtzer, was arrested in this city late this afternoon on a charge of forgery, preferred by Jessie E. Lutman. The arresting officer was Constable R. M. Lynn, who served a warrant issued by Justice of the Peace W. O. Brayton, of this township.

It is charged by Jessie Lutman that Anderson, or Overholtzer, deeded to her a piece of property in Los Angeles, which he did not own. The deed was executed in the State of Kansas and Jessie Lutman's interests have been cared for by Attorney Hart of the firm of Hart & Monk of Long Beach.

It is said that Anderson, or Overholtzer, represented himself to Jessie Lutman, as owner of the property, and carried through the deal, even to signing the deed. It is alleged that he has been engaged in similar deals before, in the East.

Rather than go to the County Jail he furnished bonds.

NEW PASSENGER LINE.

Col. William Nelson, of the Nelson Napier Navigation Company, with headquarters in this city, has entered into a contract with the North Pacific Steamship Company, operating the steamer Roanoke between San Pedro and northern ports, to transport their freight and passengers between San Pedro and San Diego. This will mean a business of 1000 tons of freight monthly and from 200 to 600 passengers for the local company, which is now building a steamer for the traffic in the yards at West Long Beach. The new steamer is to be called the City of Long Beach. She will have a carrying capacity of 100 tons of freight and 500 passengers.

NEBRASKANS' DAY.

Nebraska was well represented in Long Beach this afternoon, the occasion being the annual picnic of the Southern California Society of Nebraskans. The feature of the day was a backet lunch on the lower deck of the auditorium, with after-dinner speeches by Judge W. H. Morris, and J. J. Gosper, of Los Angeles, and B. F. Davis of Long Beach. There was music by the quartette of Long Beach ladies, all former Nebraskans; Mrs. Cadmus, Miss Laura Cadmus, Mrs. F. E. Young and Mrs. Virgin.

DR. BULGIN REPLIES.

Rev. E. J. Bulgin of this city, the evangelist whose name has been coupled with crusades against vice in Humboldt and Riverside counties in this State, today replied to charges preferred by Rev. Pratt of Orange, who has brought suit against the local minister for services rendered as a coadjutor. Dr. Bulgin admits that he employed Mr. Pratt at Redlands, but, as he had overpaid him at least $100 for work done at Whittier, he does not feel like meeting the demands and says he shall fight Pratt to the last trench. "The man is old and bordering on mental trouble," said Dr. Bulgin, "and his work was far from satisfactory to those concerned. He also spoke in a far from Christian-like manner of two Whittier pastors and stated that they were no brothers of his."

LONG BEACH NOTES.

Little children dropped matches on the floor of the Lemon residence, at 744 Washington street last night and caused a conflagration, which resulted in a damage of $200. An alarm was turned in from box 41 to which the department responded, only to find no hydrants in the neighborhood. Chemicals were used with excellent results.

The beautiful Buffum residence at Twelfth and Cedar streets, was today sold to I. Overholtzer for $12,500.

There is trouble among the membership of the Y.M.C.A. in this city, as a result of a division of the senior members into A and B classes. The younger boys charge that the older members have been shown more privileges than themselves and for that reason they struck tonight. Secretary Sprunger is at the head of the association here and is assisted by Physical Director Merwin.

There is a shortage of labor in Long Beach. Two companies employing big gangs of workmen are short handed and find it impossible to secure men to do their work.

SOUTH PASADENA BRIEFS.

SOUTH PASADENA, Oct. 11.—The South Pasadena Art Club held its initial meeting Tuesday afternoon at the home of the president, Mrs. D. Z. Gardner, No. 515 Center street. The members spent the afternoon on the lawn, comparing notes on the work done during the summer months.

Among the notable productions were several studies in roses by Mrs. B. V. Garwood and landscape sketches by Mrs. George Minier. Three new members were admitted—Mrs. Julia C. Hawksworth of Fremont avenue, Mrs. Henry W. Kruckeberg of Arroyo Drive and Mrs. Mathis of Pasadena avenue. It was decided to give an art exhibit in the near future.

Mrs. John B. Jones of Monterey road is ill from typhoid fever.

Mrs. William Marvin entertained the John R. Reagon Chapter of the United Daughters of the Confederacy at her home on Brunswick avenue Wednesday afternoon.

Mrs. LeRoy Lamb of Adaline street, who is seriously ill, has been taken to the Pasadena Hospital.

G. S. Edwards, who recently returned from a trip to Europe, which was taken for the benefit of his health, is ill at his home on Pasadena avenue.

Miss Lelia Garwood is visiting her parents, Mr. and Mrs. B. V. Garwood of Mission street.

Miss Mary Phelps, formerly a teacher in the South Pasadena High School, has accepted the chair of history and English literature in California College at Oakland.

Miss Susie Burt of Orange Grove avenue and Mrs. E. H. Ingrsham of Hutchinson, Kan., have returned from a visit to Santa Ana.

The Ladies' Aid Society of the Baptist Church held an "experience" social party at the home of Mrs. R. H. Seay on Glendon Way last night. Each member present told in rhyme how she had earned a dollar. Each dollar was donated to the society.

Mrs. Richard W. Pridham, assisted by Mrs. Herman Herckhoff of Los Angeles, gave a party at the Ebell Clubhouse Tuesday afternoon. The guests of honor were Mrs. Frank P. Flint and Mrs. A. L. Danskin, mother of Senator Flint.

Mortimer Fursman, the sixteen-year-old son of Mrs. Ralph W. Avery, died from Bright's disease Monday at the home of Dr. Ralph W. Avery. The funeral was held at the family residence Tuesday, Rev. J. H. Avery officiating.

HOLLYWOOD NEWS NOTES.

HOLLYWOOD, Oct. 11.—Miss Bessie Bartlett, daughter of Mr. and Mrs. A. G. Bartlett, made her first public appearance as a vocalist in Wilcox Hall Tuesday evening, under the auspices of St. Catherine's Guild of St. Stephen's Church. Many society people were present.

Miss Bartlett received much applause and was fairly showered with flowers.

Miss Bartlett has a dramatic mezzo-soprano voice, full of youth and sweetness. The last part of the evening she read Poe's "Raven" to piano accompaniment, arranged by Max Heinrich. Archibald Sessions presided at the piano.

The Civic Section of the Woman's Club held its first meeting at the Grant school Wednesday afternoon and was addressed by Miss Jennie Collier of Pasadena and Miss Tichenor of Long Beach on local civics. Mrs. W. O. Jackson presided.

The Improvement Club at Ivanhoe Junction adopted a constitution and bylaws yesterday and organized under the name "Northwestern Improvement Association." Its first important work will be a war on weeds.

The City Trustees have allowed the Woman's Club the free use of the basement of the new Public Library building, for which ground has been broken. This will give the club a permanent home.

Superintendent Kelsey of the New York State Insurance Department, at Albany, yesterday, authorized the Firemen's Fund Insurance Corporation of San Francisco to begin business in the State of New York.

SAVANTS JOURNEY TO HOUSE OF ALCHEMIST.

SANTA MONICA, Oct. 11.—Ever since the story was printed in the Sunday Times, telling of Prof. William Hatch's discovery of a gold "growing" doradium, the laboratory of the alchemist on the beach has been visited by many scientific investigators, including college professors, mining specialists, mineralogists and assayers. What they think of the discovery is not known. But it is certain that the experiments now going on have interested them greatly.

The inventor of the compound made the statement today that the filtered water of doradium, becomes as clear as crystal, if added to any mineral. He claims for the compound that it has a like effect on precious stones. All metals are alleged to transmute into their elements when immersed in its water and many new discoveries are being dally added to its credit. It is said to demonstrate the uses of plant and animal life in all places where minerals are found. To destroy either or both, says Prof. Hatch, means the end of minerals in that district. According to his theory, minerals came first from parts of both, which are added to by dried, decomposed, burned and other forms of both, in life and after destruction of either. He has demonstrated that oxides, etc., taken from ore and put into doradium water with certain kinds of vegetable growth, produce a moss-like matter of the greatest beauty.

Sea water, when allowed to decompose and then added to doradium, yields gold and other metals, he claims. All natural oils, seeds, flowers, saps, etc., give new things when treated with doradium water. Plants watered with it become luminous or change their forms and blossoms. Clays containing aluminum produce other forms of metal, as the aluminum before extraction transmutes to other minerals. Minerals in combination with the water produce new formations, wools or metals, etc.

According to the theory of the discoverer of the compound, doradium demonstrates the action of both the sun and moon on the earth, as well as the use of clouds and fogs as screens to accomplish given ends. The morning, noon and afternoon rays are different in their effects. The sun appears to be the copper, and the moon the zinc of the great world battery.

"Doradium," said Prof. Hatch, "seems clearly to demonstrate that there is life within life indefinitely. Only the 'shell' or outer covering of each life is 'lost' in each succession, and even then the so-called lost part is not a real loss, for it yields a new nature to help in growth another or other things around it."

WORK STOPS ON MALIBU ROAD.

MYSTERY DEEPENS RELATIVE TO OCEAN SHORE LINE.

Contractor Completed Five Miles of Roadbed and Then Brings All of His Employees and Equipment to Santa Monica—Identity of the Owners Unknown.

SANTA MONICA, Oct. 11.—Everybody seems to have another guess coming relative to the ownership and objective point of the railway as well as to the plans of the builders and promoters of the line now in process of construction up the beach from Port Los Angeles in the direction of Hueneme and Ventura.

This evening ten six-horse wagons heavily laden with scrapers and grading outfit traveled into Santa Monica from the west. They had spent the day in slowly coming down the beach from the front, where grading has been in progress for several months. Upon arrival here, the camp equipment was stored here, awaiting developments.

The outfit belongs to W. K. Peasley, grading contractor, of Los Angeles. He had a contract for the completion of a five-mile stretch of the road, and this is completed. It is fifteen miles from the port, in the vicinity of the new wharf. The last scraper full of earth has been moved on this contract.

The rails have been laid and spiked. The surveys have been finished for many more miles; but it seems no contract has been let for any more grading. It is presumed the other camps will be disbanded in a few days. Nothing can be learned as to the intentions of the builders of the road.

Nobody seems to know for how long a time operations will be suspended. It is certain the small piece of road completed on the Malibu ranch is of no practical use to anybody. It has cost many thousand dollars. It starts nowhere, and ends nowhere. It connects with nothing.

The building of this line of railway up the beach was the life dream of the late millionaire philanthropist, Frederick H. Rindge. During his lifetime he effected the incorporation of the Malibu, Port Los Angeles and Hueneme Railroad Company. Soon after his death, a year ago, Mrs. Rindge began the work of building the road. Work was commenced with great secrecy at a point on the Rindge Malibu rancho twenty-five miles up the beach. Rails and ties were hauled in under cover of night and before any one knew that anything out of the ordinary was going on, several rods of completed track showed where the cars would one day run.

A little later a large force was put to work just above the wharf at Port Los Angeles, connecting at the mouth of Temescal Cañon with the beach spur of the Southern Pacific. An injunction brought by the latter company against the Rindge road brought operations to a standstill.

The question at issue was a contention over conflicting rights of way across the Marquez ranch. This case is still pending; but in the meanwhile the railroad builders moved ten miles to the west and confined their operations on the Rindge ranch. Here a 700-foot wharf was built and upon it the ties and rails for the five miles of road that have been constructed were landed.

The surveying crews have run lines all the way up the beach as far as Hueneme, but when work will be resumed cannot be learned.

PIRATES LOOT SHIP.

Traveling as Chinese Laborers They Suddenly Rise and Rob All on Board.

[BY THE ASSOCIATED PRESS—A.M.]

VLADIVOSTOK, Oct. 11.—A daring case of piracy occurred recently on board the German steamer Anna, while bound for this port to Chefoo, China. Ten pirates took passage on the vessel as Chinese laborers, and when at sea attacked and bound her officers, terrified and robbed the passengers and escaped in a boat with all the money and valuables they could find.

FALLING ROCK KILLS TWO.

Five Others Are Injured in Accident to Laborers Working on Montana Railroad.

[BY THE ASSOCIATED PRESS—P.M.]

BUTTE (Mont.) Oct. 11.—A special to the Miner from Livingston, Mont., says a serious accident occurred this afternoon at Hoppers, nine miles west of Livingston, in which two men lost their lives and five were seriously injured.

The accident occurred on railroad construction work while a steam shovel was operating. A large rock was dropped onto the trestle, which gave way and fell upon several men at work below. Two of the men were instantly killed and five others were so seriously injured that it is believed that at least three of them cannot recover.

SIX ARE KILLED.

Head-on Collision Results Fatally in Union Pacific Wreck at Ridge, Wyoming.

[BY THE ASSOCIATED PRESS—A.M.]

CHEYENNE (Wyo.) Oct. 11.—Six men were killed in a headon freight collision on the Union Pacific Railroad at Ridge, near Laramie, Wyo., last night. The dead are Firemen Thomas Horstorm, George Kelley, John Murray, Engstrom, and Brakeman L. H. Meyers.

The collision was due to a misunderstanding of orders. The engines of both trains were demolished and the train crews instantly killed.

Fireman H. C. Simms died today of injuries received in the collision, making the number of dead six.

TRIED FOR PEONAGE.

HELENA (Ark.) Oct. 11.—The trial of Thomas H. Musgrove of Mississippi county on the charge of peonage has begun in the Federal Court here. It is alleged that he enticed two white girls to his plantation near Ark., in 1905, and held them as prisoners by forcing them to live humiliating them. Musgrove pleads and denies all the allegations.

EARLY ORANGES, DESERT GROWN.

(SPECIAL CORRESPONDENCE.)

REDLANDS, Oct. 11.—Experiments in orange growing in the Coachella Valley on the Colorado Desert are now pronounced a success by those connected with the enterprise. The oranges grown there are ripening already, and even at this time are in an edible condition.

The trees planted for experiment are growing rapidly and this year contain many oranges of fine quality. It is estimated that if fruit grows there every year as it has this, and ripens as early, oranges can be sent from this State to the eastern market in time to compete with the Florida fruit, and will arrive in better condition.

The overhead wires had to be cut in order to permit the house to cross the tracks.

County Clerk Lester has received the new bond issue for the Fullerton Union High School district, and as soon as N. W. Halsey & Co. of Los Angeles forward their check for $30,000 in payment of the bonds, they will be turned over to them. This firm was the lowest bidder. The bonds are for $2000 each, and extend over a period of fifteen years.

The formal installation of the Rev. J. A. Stevenson as pastor of the First Presbyterian Church took place this evening. The Rev. Alex. Parker of Orange and Rev. J. W. Millar of Tustin, assisted by the Rev. R. S. T. Montgomery of Los Angeles and the Rev. T. E. Stevenson, brother of the new pastor, officiated at the ceremonies.

An unexpected visit was made upon some of the dairymen in Santa Ana by State Dairy Inspector J. L. Starr. The result of this visit was decidedly unfavorable, and more than one dairy will be placed under the ban of the State Dairy Bureau unless immediate steps are taken to improve existing conditions. Starr was emphatic in his denunciations of some of the things he saw. At one dairy he was forced to order the destruction of a quantity of cream that had been bottled and prepared for delivery.

PERRIS NEWS PARAGRAPHS.

PERRIS, Oct. 11.—The registration of voters shows an increase of about 10 per cent. in the elective strength of Perris precinct. A large percentage of those registered are newcomers who have settled here within the past two years. Many of the old settlers have sold out and left and their places have been filled by new people who are infusing new life and energy into the development of the country. Based upon the last registration, the total population of this valley, of which Perris is the center, is estimated at nearly 2000 persons.

Frank Trujillo has located three claims of blue limestone a few miles southwest of town, from which some fine samples of blue lime rock have been taken. A deal is now pending for the sale of the property to parties who will put in a kiln for the burning of lime on a large scale.

The Colton Grain and Milling Company, which has one of the largest grain warehouses in the country at this place, is contemplating the erection of a barley mill on their property adjoining.

Rev. O. L. Corbin, pastor of the Congregational Church, is attending the Congregational Association meeting at Claremont this week.

A. Elgen, an old resident of this place, is here from Imperial and is spending a few days with old friends and relatives.

Samuel Poorman of Alhambra, who owns 3500 acres of land in this valley, is here inspecting his ranch and preparing for the grading and seeding of a considerable acreage in alfalfa.

The Santa Fé is making improvements at the depot.

VENTURA NEWS ABBREVIATED.

VENTURA, Oct. 11.—Lon Hankins, a well-known peace officer of the county, was brought to the County Hospital today, suffering severely both mentally and physically. Some weeks ago he was brought to the institution in greatly impaired health, physically, but was discharged apparently well, and his friends had hoped that his troubles were over for a time.

The engagement has been announced of Miss Blanche Wineman, now of Oxnard, but formerly of this city, to Mathew Lehman of Oxnard. Miss Wineman was long one of the social favorites of this city.

Mr. Plaugher, son-in-law of Mrs. Webb of Santa Paula, met with a serious accident a few days ago in the mountains, near Mendota, by having his team run away with him. He had his leg broken in two places, and was forced to wander about for two days before he reached help.

The Native Daughters of this city are making extensive arrangements for the holding of their annual fiesta on October 26.

The Spanish War Veterans, of which there is a large organization here, initiated last evening a number of new candidates from Camarillo and Nordhoff. Later they enjoyed a repast prepared by the women friends of the camp.

The Buena Ventura Company has been organized to conduct a ranch business. The promoters are Hugh Warring, Frank Barnard and Clarence Chrisman. The capital stock of the concern is $50,000.

RIVERSIDE NEWS LETTER.

RIVERSIDE, Oct. 11.—The freeholders elected Tuesday to frame a special charter for the city have been called to meet Saturday evening to formulate plans for their work. Those in a position to know state that it will take considerably less than ninety days to prepare the new charter and place it before the voters.

Next Wednesday evening the first gun will be fired for the Republican cause in Riverside. Red fire will be burned, the bands will play and a large crowd will assemble at the Loring Theater to greet Gubernatorial Candidate Gillett and Congressman Smith.

A profitable year's work was reported by the officers of the Victoria Avenue Citrus Association at their annual meeting. New officers were elected as follows: President, C. B. Rumsey; first vice-president, C. F. Streight; second vice-president, G. J. Rounthwaite; secretary, Reginald Brinsmead; treasurer, First National Bank.

A pretty wedding of the week was that of Miss Myrtle Edith Russell and Lawrence M. Nash, which took place Wednesday evening at the home of the bride's parents, Mr. and Mrs. L. C. Russell, on West Seventh street. Rev. G. M. Anderson, pastor of the First Christian Church, was the officiating clergyman. After their honeymoon they will make their home in Otis, Cal.

The Extemporaneous Drill Club met Wednesday morning. Mrs. I. W. Gleason, the new president, welcomed the club with an address. The paper of the day was given by Mrs. Harwood Hall on "The Formation of the English Language and the First English Poems."

MEN RUSH TO SILVER LAKE.

News Received at San Bernardino of Discovery of Rich Ledges of Mineral.

[BY DIRECT WIRE TO THE TIMES.]

SAN BERNARDINO, Oct. 11.—[Exclusive Dispatch.] The Greenwater copper excitement is being duplicated at Silver Lake. Prospectors are pouring into the region from Greenwater, Bullfrog, Ludlow and other sections.

M. T. and J. C. Ames and F. K. Myston of Salt Lake City, discoverers of the camp, have located rich copper, silver and gold ledges in a highly-mineralized belt, covering six miles in extent. Several locations have changed hands, cash purchases ranging from $50,000 to $200,000.

Among the heaviest buyers have been P. J. Roddatz of Salt Lake and Peter Heck of Los Angeles.

The new camp lies seventy-five miles from Greenwater and fifty miles from Ludlow.

STUDENT AGAIN IN TOILS.

Prentiss Matthews, one of the leaders among the high-school pupils here, was arrested by Chief of Police Shay tonight, charged with forging the signature of Mayor H. M. Barton to three checks aggregating $80, and cashing the checks at a local store. About two weeks ago Matthews confessed to forging J. H. Boyd's name to a $10 check, securing the money. He is 17 years old. He will be sent to a reform school. At the recent high-school elections Matthews came within a few votes of being elected president of the student body.

STEALS HORSE AND BUGGY.

A daring theft of a horse and buggy occurred last night at Rialto when a large bay horse was stolen from James Riser, the chief taking from a neighbor an old Concord open buggy. The harness was stolen from a third rancher, the thief in each instance carefully selecting his booty. Sheriff Ralphs got on the track of the thief this morning. Indications point to his connection with the gang which has been operating throughout Riverside, Orange and San Diego counties.

BARSTOW WILL REBUILD.

Barstow is to rebuild immediately. Contractors have received word from the merchants of the desert town that plans are being prepared for at least six large business structures to be of reinforced concrete, which will take the place of the frame store buildings which were gutted by fire and water last month. About $65,000 will be devoted to this reconstruction work, and besides this the Santa Fé will spend about $100,000 in increasing its yard and freight-house facilities, and enlarging the various company structures here. Already a large force of men is at work on the extension of the freight yards.

PRISONER AND SHERIFF.

Sheriff W. H. Thompson of Windham county, Vt., arrived this morning with requisition papers to take Eugene A. Norwood of Redlands back to Vermont to stand trial for the alleged embezzlement of $11,000 from the estate of his ward, Hannah Toune. The Sheriff and his prisoner shook hands vigorously on meeting and Norwod urged the Sheriff to accompany him back to Redlands and be his guest for several days. The prisoner will show his captor the sights of the valley before starting East in custody.

HORSE AND DOG FOLLOW HEARSE.

[BY DIRECT WIRE TO THE TIMES.]

SAN DIEGO, Oct. 11.—[Exclusive Dispatch.] Her favorite horse, "Dandy," and pet fox terrier, "Merry," following the hearse which conveyed Mrs. Fanny L. Keating's remains to the grave, was a sight which touched many who witnessed the funeral this morning. Mrs Keating, a wealthy resident of San Diego, died recently while on a visit to London. Her body was cremated and the ashes brought here for interment. The two faithful animals walked along mournfully and gravely witnessed the interment as if fully cognizant of the solemnity of the occasion.

NAMES FORESTERS' OFFICIALS.

High Court at Santa Barbara Is Concluded—Many Posts Filled by Appointments.

[BY DIRECT WIRE TO THE TIMES.]

SANTA BARBARA, Oct. 11.—[Exclusive Dispatch.] After a most successful meeting, the High Court of Independent Order of Foresters closed tonight.

The High Court today adopted a new set of laws for government of the body. The morning session was devoted to a report from the committees.

High Chief Ranger-elect Dr. J. Murray Johnston named the following appointed officers; High Orator, Mrs. Mary Nevell, Los Angeles; High Organist, Mrs. Maud Pritchard, Los Angeles; High Senior Woodman, F. Robinson, Pasadena; High Junior Woodman, J. Huston, Riverside; High Marshal, B. H. Hopkins, Santa Barbara; High Conductor, Mrs. Boucher, Fresno; High Messenger, S. White, Pomona; High Senior Beadle, Olf Morris, Santa Monica; High Junior Beadle, F. A. Valle, Los Angeles; High Journal Secretary, F. H. Francis, San Diego.

The officers chosen were installed by O. S. Cooper, Supreme Marshal of the World; J. P. Murphy, San Francisco, Supreme Conductor, and Frank E. Hand, Supreme Marshal.

Tonight there was a special meeting and reception by Court Santa Barbara, at which there were one hundred novitiates.

S. P. BRANCH FROM CALEXICO.

Party of Surveyors Leaves San Diego With Instruments Packed in Suit Cases.

[BY DIRECT WIRE TO THE TIMES.]

SAN DIEGO, Oct. 11.—[Exclusive Dispatch.] Chief Engineer Robinson of the Southern Pacific and sixteen surveyors left here today for the back country. The entire party is provided with surveying instruments, but have them packed in suit cases, as per instructions from the Southern Pacific road. Just what the men are doing is a secret. They prepared for a drive from here to Calexico and it is stated that no work will de done on the trip east, but that the party will survey back to San Diego.

FREIGHT ENGINE WRECKED.

The derailment of a heavy Mogul freight engine at Del Mar about 10 o'clock this morning delayed traffic on the Santa Fé between here and Los Angeles for more than three hours. The freight was coming up the grade just beyond Del Mar and suddenly jumped the track for no apparent reason. The roadbed was torn up for some distance before the train could be stopped, and considerable damage resulted. A wrecking crew sent from here succeeded in righting the engine about 3 p.m.

GET CHUNKS OF SILVER.

Reports from Cima Tell of Excitement Over Discovery of Rich Mineral Strike.

[BY DIRECT WIRE TO THE TIMES.]

SAN BERNARDINO, Oct. 11.—[Exclusive Dispatch.] Reports received here today tell of excitement at Cima, a desert station in this county along the Salt Lake road, over a big silver strike. The ledge assays $750 per ton, it is said.

Chunks of native silver were blown out by blasting by Los Angeles parties, one of whom went through on the overland train tonight with several sacks full of native silver.

The country for miles around is located. The news was brought here by Assistant District Attorney Willis.

DRUGGISTS ASSIST LAW.

WASHINGTON, Oct. 11.—The National Wholesale Druggists' Association today determined to aid the government authorities in every possible manner to carry the pure food and drug law into effect. Denver was selected as the next place of meeting.

VENTURA ARRIVES.

HONOLULU, Oct. 11.—The Oceanic Steamship Company's steamer Ventura, which was reported as being overdue here yesterday, was sighted early this morning.

the ship continued to toll off the knots for two-thirds of the time of the test, it was hoped that all would be well, and that the run would be completed without accident.

Chief Engineer Gardner of the Union Iron Works believes that the damage can be repaired tomorrow and that the endurance run can be held on Saturday. Capt. Harber, president of the Trial Board, is disposed to give the builder every possible opportunity to make good and if the damage can be repaired here another endurance run will be held.

At the time the accident occurred, the California was doing about twenty-two and two-tenths knots, which speed she had averaged all along. All the members of the board express deep regret that the mishap should have occurred as there was no question of the vessel doing far better than the requirements. Owing to the fog the California did not leave her anchorage until 8:45 o'clock this morning. Very little time was taken in warming up, the official run commencing at 9:15 o'clock. The California had made a long run eastward and was heading back toward Santa Barbara when the accident occurred.

Late tonight Chief Engineer Fred A. Gardner of the Union Iron Works notified the trial board that it would be necessary to take the cruiser back to San Francisco to make repairs to the breakage occurring on the run today. He asked that the endurance run be made in the north.

Strictly Reliable

No Cutting No Pain No Cure No Pay

Varicocele—Under our treatment this insidious disease disappears. Pain ceases almost instantly. The stagnant blood is driven from the dilated veins and all soreness and swelling subside. Every indication of Varicocele vanishes, and instead comes the pleasure of perfect health. Many ailments are reflex, originating from other diseases. For instance, innumerable blood and nervous diseases result from poisonous taints in the system. Varicocele and Hydrocele, if neglected, will undermine the physical strength, depress the mental faculties, derange the nervous system, and produce complicated results. In our treatment we always cure the effect as well as the cause. Every person afflicted with these diseases should call on us to learn our methods of cure, which are safe and permanent. Consultation is free, and our charges for a perfect cure are no more than you will be able and willing to pay for the benefits conferred. Certainty of cure is what you want. We guarantee to cure you.

FREE TO MEN

AN UNUSUAL OFFER By Doctor Taylor

The Leading Specialist

DR. TAYLOR, The Leading Specialist.

In my practice I have found a very large number of men who doubted as to what really troubled them. They wanted to be perfectly satisfied before commencing treatment, and in order to meet and satisiy patients of this class THOROUGHLY, I have had engraved at no small expense a complete chart, which will be given to callers freely. The idea will be this: When the sufferer, no matter what his trouble may be, calls on me, I shall, by the chart, with pleasure show him just where THE SEAT, THE CAUSE of his trouble lies. I shall explain to him, and I SHALL TEACH HIM what he may expect in the future if he neglects his case. And I will also demonstrate to his satisfaction why my methods are CERTAIN TO CURE HIM. This being done, the caller will be given the anatomical chart free, so that he may study his own case at his own home. To those WHO ARE IN EARNEST there is absolutely no charge for either the trouble taken or the chart engraved in three colors.

I treat and cure all diseases of men. I accept fees for perfect cures only. You can pay when cured.

MEN

We Have the Cure

We want to talk to men who have pains and aches, who feel run down physically, who realize that the old "fire" and energy which was so evident in youth is absent now; men who can't stand the amount of exertion they could years ago. We want you—if that means you—to see what we have done for others who were just as bad off. That's our introduction. If a friend in whom you had confidence presented some one to you and said, "Jack, here's Brown; he has made good with me, and I trust him," wouldn't you trust him too? If you will tell us where you are we will give the name of a man in your own town whom we have cured.

We Will Pay $1000 Forfeit

For a case of Nervous Debility, Varicocele, Rheumatism, Lame Back, Lumbago, Sciatica, any case of Kidney Disease that has not gone as far as Bright's Disease, Indigestion, Constipation, or any weakness which we cannot cure with our new Improved Electric Belt, the marvel of electricians, the most wonderful curative device that has ever been introduced. The Belt is complete with Free Electrical Suspensory.

This Electric Suspensory carries the current direct and cures all weaknesses of men, varicocele, etc. It develops and expands all weak nerves and checks a loss of vitality. No case of Failing Vigor, Varicocele or Debility can resist this powerful Electric Attachment. It never fails to cure.

F. J. Schmidt, S. P. Co., Benson, Arizona, writes: "The feeling of despondency is gone and I have perfect confidence in myself now. I'm a well man."

No man should be weak, no man should suffer the loss of that vitality which renders life worth living. No man should allow himself to become less a man than nature intended him. No man should suffer when there is at hand a certain cure for his weakness.

Our Electric Belt, with Special Electric Suspensory, will restore your power. It will check all loss of vital power and affects every organ of the body.

E. E. Beebe, Kirkland, Arizona, writes: "Your Belt cured me after I had spent $1000 in useless doctoring."

We have cured thousands of men who have squandered the savings of years in useless doctoring.

An old man of 70 says he feels as strong and young as he did at 35. That shows it renews the vigor of youth. It cures Rheumatism, Sciatic Pains, Lumbago, Kidney Trouble, banishes pain in a night, never to return.

My Methods

Are Safe. The Results Sure

Aren't you tired of paying for something you don't get?

Functional Weakness

My treatment for functional decline or "Weakness," as termed by some, is the result of years' special work in functional disorders; the results I obtain are by direct methods and are not in common use.

VARICOCELE

I cure soundly and completely in 4 to 6 days. My treatment is painless, and one that will preserve and strengthen the reproductive system.

STRICTURE

There is no other treatment to my knowledge which will permanently remove all soreness, inflammation, callous or narrow conditions. It is most cleanly and perfect and completely cures.

Contracted Diseases

Failure to quickly cure these conditions is due to harsh measures, which are the direct cause for chronic conditions.

I cure Rectal, Kidney and Bladder Troubles, Piles, Fistula and Blood Diseases, Wasting, Nervous and Chronic Conditions, causing functional derangement, impairing strength and vitality.

NOT BY MAIL This is a matter of guesswork. No one is able to give satisfactory results by such unreliable means. Thousands have tried it and failed. My method of treatment is reliable and gets at the cause.

LOCAL PRODUCE MARKET.

Traffic in the produce market was light yesterday with shipping demand active; stocks were in fair supply in nearly all lines and prices were maintained.

EGGS.—Fresh ranch eggs remained at 27 cents. Northern and storage stocks were in good demand. Arrivals of eastern eggs yesterday were 800 cases, or two carloads. The lot is reported as good as fresh locals. Ranch eggs were advanced to 40 cents a dozen in San Francisco yesterday. This is the highest price ranch eggs have reached in this State this season.

With an active demand for fresh and storage stocks the butter market was in excellent condition. Dealers were enabled to fill orders for fresh creamery, but no surplus was left at the close.

One carload of Highland potatoes was sold on 'change at a low figure. Good stocks of potatoes hold firm, but poor grades are weak.

The fruit market was quiet, with few changes in the prices. Japanese persimmons are on the market at 40@ per lb. Muscat grapes were weak again yesterday under heavy supplies. The best grades brought 65@ 80. Tokays sold at 1.60@2.00 per box. Watermelons weakened to 60@1.50; cantaloupes lacked interest at 1.50@1.75. Peaches were unaltered. Strawberries were strong at full previous prices. Guavas were up to 50@.

Vegetables were dull and featureless. Cauliflower is quoted at 75@1.00 per dozen; celery brings 60@50.

Small fish were plentiful; large were scarce. Lobsters were plentiful.

The receipts of produce as reported for yesterday's exchange were as follows: Eggs, 149 cases; butter, 18,977 lbs.; cheese, local, 52 lbs.; potatoes, 623 sacks; onions, 52 sacks; beans, 98 sacks; sweet potatoes, 140 sacks.

NEW YORK MARKETS.

SHARES AND MONEY.

[BY THE ASSOCIATED PRESS—P.M.]

NEW YORK, Oct. 11.—The day's stock market had abundant evidence of strength and there was no actual rising tendency but prices held firm until the drive against the market in the last hour. The character of the trading was not much changed and was still spotty. The buying was spasmodic and came in large orders and gave the impression of coming from identical sources. The effective demand converged also on a few stocks. The rise of a full 1 per cent., to 5 per cent in the bank of England discount rate did not cause a ripple in the stock market, either here or in London having been certainly anticipated. The rebound in sterling exchange rates today was violent here and in Paris and Berlin and showed the imperative nature of the demand of the financial centers for the recall of resources. In the London market it made itself felt by heavy remittances to pay maturing indebtedness. The absence of effect on the local money market in face of this process was regarded as reassuring. The sterling rate at Paris jumped to the gold export point and it is that point that is looked upon as likely to come to relief of long-standing for replenished reserves. The English bank's $12,227,950 decrease in bullion brought its proportion of reserves down to 35.45 per cent. from 38.50 per cent. last week. Last year in this week the proportion was increased from 39½ per cent. to 41½. The bank sent another million dollars to Egypt today. There was a general response in foreign discount to this action by the Bank of England. Interior exchanges on New York still rule at a discount and half a million dollars was transferred from here to Chicago today through the subtreasury. The continued deposit of government funds with the local banks served to keep the local money market replenished. One of the day which attracted most speculative interest was the rise in United States Steel to 50. Speculative sentiment watched the action of the stock at that point as a guide for future prospects. It was known that enormous selling orders at that price would have to be encountered. On the other hand it was argued that if the stock rose through that obstacle successfully the way would be opened for a considerable further advance in the stock. When it touched 50 and then fell back there was a perceptible backset in the whole market. Pressure was most pronounced against Union Pacific and rumors were circulated of an intended government process against the company. The Department of Justice at Washington, however, denied this. Shorts covered and made a vigorous rally in Union Pacific, but the earlier gains in the market had been widely impaired and the closing was irregular. Bonds were irregular. Total sales par value, $1,174,000. United States bonds were unchanged on call.

REVOLVERS, BUT NO THIEF.

Clerk of Hotel Westminster and Two Policemen Exhibit Unnecessary Bravery.

With drawn revolvers men guarded the Hotel Westminster early yesterday morning. On a run patrolmen hurried to the building.

The story concerns a robbery which did not take place. But things looked ugly for a short time. It is an example of what might have been—and it is interesting.

A patrolman on night duty found a pair of ladders leaning against the rear of the hotel. The night watchman in the alley informed him that the ladders had not been there a few moments before. It was early in the morning, and the circumstances seemed suspicious.

The officer promptly posted the watchman in the alley to guard any possible exit from that end. The night clerk, informed of conditions, secured a revolver and watched the lobby. Then the patrolman went upstairs, with a bell boy as guide, to search for thieves.

Meantime a messenger boy happened along and added to the complications. He saw the night clerk, revolver in hand, in front of the hotel. He ran to Spring street and told the patrolman on that thoroughfare that the Westminster Hotel was being held up. And, very naturally, the patrolman hurried to the place.

This officer found a man with a revolver standing in the hotel lobby. With his own pistol out of its sheath, he ran up to the stranger and bade him lay down his weapon. Had the clerk really been a robber it wouldn't have turned out a joke. In fact, the chances for a tragedy with a policeman as the victim seemed good. The officer knew it, but he had not hesitated.

The trembling clerk told who he was, and then the officer who had searched the upper floors came down, explained the situation, and everybody laughed. Who placed the ladders was not discovered. But there had been no robbery.

WATER IS PLENTIFUL.

Records Show More of the Precious Fluid in the Colorado and California Rivers Than Ever.

More water than ever flowing in the rivers of California, as well as in the Colorado River for this time of the year, is the report of the United States hydrographic office, and this in spite of the wild yawp of the Express, which recently tried to tell the people that there never was so little water or that the Colorado River never was so low.

The actual record taken by Hydrographer W. B. Clapp of the United States Geological Survey, of the Colorado and a number of California riyers, for this year as compared with the figures taken last year shows that in most cases there is a difference in favor of this year of from 75 to 100 per cent, and in some cases very much higher.

The records are taken in the flow of cubic feet per second, or second feet, one second foot equaling fifty California miner's inches. These figures show that in 1905 the flow of the Colorado at Yuma was from 5220, the minimum, to 8250, the maximum, during the week from September 30 to October 6, while during this same week in 1906 the flow was from 13,100, the minimum, to 16,000, the maximum, cubic feet per second.

Nearer home is the San Gabriel River in Los Angeles county. In 1905 for the week ending October 6, the minimum flow near Azusa was 28 cubic feet and the maximum flow thirty-one second feet; this year the minimum flow was forty second feet, and the maximum forty-two second feet.

The Santa Ana River shows a still greater gain of the precious fluid. In 1905 for the seven days ending October 6, the minimum flow was forty-seven second feet, near Mentone, and the maximum fifty-seven; this year the minimum flow was seventy, and the maximum seventy-two second feet.

INSURGENTS SURRENDER.

The Latest Dominican Revolution Ends by Agreement Between the Contestants.

[BY THE ASSOCIATED PRESS—P.M.]

WASHINGTON, Oct. 11.—Cable advices received here from Santo Domingo state that an agreement has been reached between the government and insurgent forces in the neighborhood of Monte Christi, whereby the insurgents will surrender to the government tomorrow, and Gen. Limardo, who conducts the campaign for President Caceres, will become Governor of Monte Christi.

These stocks will be properly listed on the leading exchanges of the country after the treasury offering of each is over, and are bound to command an immediate premium.

The Stamp of Merit

Each of these companies owns a great mining property, situated in the immediate vicinity of other bonanza mines of its respective district, and believed by our famous mining engineer, who has never been connected with a mining failure, to have a tremendous future.

All three are under the same capable, honest management.

The directorate of the three companies is the same:

HON. JOHN SPARKS.....President
Governor of Nevada.

JOHN D. CAMPBELL.....Vice-President
Consulting Engineer; President of Indian Camp Manhattan Mining Co.; President of Stray Dog Manhattan Mining Co.; General Manager of Jumping Jack Manhattan Mining Co.; formerly Chief Engineer for Chas. M. Schwab and John McKane in Nevada.

L. M. SULLIVAN.....Treasurer
President L. M. Sullivan Trust Co.

JAMES E. DEGAN.....Secretary
Cashier Nye & Ormsby Co. Bank, Goldfield. Member San Francisco Stock and Exchange Board.

GEO. D. PYNE.....Counsel
Attorney-at-Law, Goldfield.

These Fall Issues have been practically over subscribed, in advance of public announcement, by bankers, brokers and mining men throughout the country, and we have been able to reserve only 100,000 shares of each for investors who shall now make direct subscription. These stocks will be listed on the important exchanges of San Francisco, Salt Lake, Goldfield and New York immediately after subscriptions are closed, and will, beyond a doubt, at once command a premium. We recommend both stocks as high-class speculative investments and probable big future dividend-payers.

Reservations should be made by telegraph to insure consideration, and remittances in full by bank draft or certified check must be forwarded immediately after allotment is made. Otherwise allotment will be rendered void. The right is reserved to reduce or refuse any subscription tendered.
